DIVER ATTACKED BY SHARK PLAYS DEAD, SURVIVES

Strike Threat Averted At McDonnell Douglas

New Contracts Win Approval Of Workers

About 1,500 employees of the McDonnell Douglas Corp.'s Astronautics Division are on the job today in Huntington Beach as a direct result of voting Sunday in which union members of two huge aerospace firms approved new three-year contracts.

Voting continued today at Astronautics, but with most votes cast on Sunday already counted, union officials indicated a threatened strike which was to have begun today apparently has been averted. The strike reportedly could have involved as many as 150,000 aerospace employees nationally.

Lockheed Aircraft Corp. employees also were involved in Sunday's balloting on new contracts which are expected to set a pattern for the industry.

Members of the International Association of Machinists (IAM) working at Huntington Beach, Santa Monica, Vandenberg Air Force Base and Cape Kennedy, Fla., voted 4-1 Sunday to accept a new contract.

The contract calls for raises and fringe benefits ranging from 97 cents to \$1.05 per hour over a three-year period. About 4,000 of the union members meeting at Los Angeles Shrine Auditorium voted on acceptance of a new contract to replace the one which (See DOUGLAS, Page 2)

200 Stitches Taken

Skin Diver Plays Dead Clamped in Shark Jaws

A skindiver prowling the seabottom off Bodega Bay for abalone Saturday played dead while clenched in the tooth-jagged jaws of a giant white shark, also hunting in food-rich kelp beds three fathoms below the surface.

He almost didn't have to play.

Frank Logan, 25, of Placerville, a Douglas Aircraft Co. electronics technician, is recovering today with 200 stitches holding together 18 separate wounds.

The young father of two was skin diving with three companions from a small boat off Bird Rock, 50 miles north of San Francisco, when the big shark, brought north by warming currents, swirled up — unseen.

Logan said something grabbed his leg, then suddenly his chest and back were crushed in a vise-like grip as the marauder from Mexican waters bit into his body.

"I could see it was a shark, so I just went limp and played dead and finally it let go," said Logan from his Sebastopol hospital bed. He is recovering at home today.

The powerful creature swam on for about 10 feet with his terrified mouthful, then released the grip and

Logan — his lead weight belt torn away by jagged teeth — floated upward.

The victim shouted to his companions for help and they hauled his bloody, bruised body into the boat and roared off toward the U.S. Coast Guard station in Bodega bay.

Oceanographers say shark attacks are relatively rare but they are always a possibility, especially off northern California, where the usually cold waters harbor a rich feeding ground for predators.

Each summer when warm currents bring an occasional stray up from tropical waters off Mexico and Central America, the danger increases, according to veteran scientists and seamen.

Questioned about shark danger off the Orange Coast in the wake of Logan's encounter with the man-eater above San Francisco, a Newport Beach expert said it is not as great.

"Up there, there's a lot more feed," said Joe Deem, building superintendent for Caltech's Kerkhof Marine Laboratory in Newport Beach.

Deem said the warming current sweeps around Point Conception, bringing the occasional stray man-eating sharks into seas rich with marine life and consequently good diving grounds.

"I used to fish tuna up there — for 25 years," said Deem, "and I know that area well."

Sharks are not the only hazard.

"Any Scuba diver that would go out there off that rock is crazy anyway," Deem said, telling of treacherous currents and nasty rocks which can easily entomb the unwary.

Deem said that although the great white sharks generally pass far offshore in their northward journey, other sharks and potentially dangerous fish abound off the Southland coast.

"There are blue sharks," he said, "and even bonita will bite you when they're feeding."

Scientists say at least 30 species of shark inhabit West Coast waters, but (See SHARK, Page 2)

6 Burglaries Hit Lagunans Over Weekend

A \$1,000 black mink jacket and approximately \$3,500 cash were stolen from the home of a Laguna Beach restaurant owner Sunday.

Burglary of the home of Denise Camille Kauffman, 28 of 474 Mountain Road was one of several weekend reports taken by Art Colony police. Most were car burglaries.

Police said the burglary of the Kauffmann residence netted the expensive fur garment, \$1,509 in restaurant receipts from the Chez Gerard and about \$2,000 of her own cash.

She is part owner of the restaurant, said Lt. Robert McMurray. He said the burglar or burglars forced open a rear window of the home Sunday between 4:30 and 10:30 p.m.

Other burglaries included: — Theft of an \$85 stereo from the (See THEFTS, Page 2)

\$110,000 Golf Tourney Slated for Costa Mesa

By ARTHUR R. VINSEL
Of the Daily Pilot Staff

An established golf tournament expected to draw the cream of professional players with its \$110,000 purse, is coming to the new Costa Mesa Golf and Country Club.

Discussion of extending a five-year contract for the Haig Scotch Foursome Invitational to return annually through 1973 is scheduled tonight by the Costa Mesa City Council.

City leaders will meet with the Planning Commission for a study session, since neither body has a meeting on fifth Mondays of the month. No action can be taken.

Ronnie Rief, golf pro at the municipal facility, says the Oct. 24 to 27 tourney will draw to Costa Mesa at least 20 of the top 30 professional golfers in the nation.

Among them will be Dave Stockton, sixth-ranked money winner in golfdom, who won the Haig tourney at La Costa, Calif., last year, Rief said.

Lee Trevino, current U.S. Open Golf Tournament champion, as well as Sam Snead, who played in the Scotch Foursome last year are expected, and possibly even Arnold Palmer and Jack Nicklaus.

The Ninth Annual Haig Scotch Foursome Invitational is scheduled immediately after the Sahara Invitational Tournament in Las Vegas.

Top pro golfers will then follow the circuit from Costa Mesa on to San Francisco for the Lucky International Open Tournament there later in October.

The local tournament will be preceded on Oct. 23 by an Orange County Pro-Amateur tournament, pit-

ting teams of local amateurs against the big league club-swingers with a \$5,000 purse at stake.

Rief said in explanation that Scotch Foursome play offers participants alternate shots at the ball on a two-against-two basis instead of each man playing his individual game.

The big tournament will draw local television coverage and possible national telecasting, according to Rief, who participates in many meets himself.

The tournament is sponsored by Renfield Importers, which handle Haig products, one of the best known being Haig & Haig whisky.

Headquarters for the tournament and official hotel for its participants will be the Newport Inn, which Rief said was instrumental in bringing the tourney to the Orange coast.

Hits Birth Controls

Pope Paul Bans Pill

VATICAN CITY (AP) — Pope Paul VI today banned the contraceptive pill and all other mechanical and chemical means of birth control for the world's half a billion Roman Catholics. He also indicated that the rhythm method should not be employed as a regular practice.

"Every matrimonial act must remain open to the transmission of life," the Pope declared in a key sentence of this long-delayed ec-

cyclical letter on one of the most controversial issues facing the church today.

"To destroy even only partially the significance of intercourse and its end is contradictory to the plan of God and to his will," the pontiff declared.

This appeared to rule out the possibility of any future acceptance by Pope Paul of contraception for any reason and seemed to imply disapproval of the constant use of the

rhythm method of periodic abstinence, the only method of birth control previously sanctioned by the church.

In a passage directed to men of science, the Pope voiced encouragement for continued research in the area of birth regulation. But again he appeared to rule out any other solution than ways of improving the rhythm method.

"It is particularly desirable," (See POPE, Page 2)

Orange Coast

Weather

Don't look for much change in the weather picture Tuesday along the Orange Coast. The word is for early clouds and afternoon sunshine, as usual.

INSIDE TODAY

Miami Beach is already spruced up, with some bright new structures, awaiting arrival of delegates and thousands of others for GOP National Convention, Page 11.

Anxiety Mounts Over Beach Freeway Route

By SANDI MAJOR
Of the Daily Pilot Staff

Anxiety over where the future Huntington Beach Freeway will be built is mounting today with two or three months yet to go before West Orange County residents know which homes will be affected by the selected route. And each group is actively working to sway state highway commissioners to its side.

eastly of three routes (the Orange route) to be chosen, which would put the new freeway between Magnolia Street and Beach Boulevard.

But most of the 600 city officials and homeowners who attended the final hearing on the routing Friday favor the Red (Central) Route, one of the western routes.

Citizen's groups presented nearly 10,000 names on petitions mostly favoring the Red (Central) Route to

the commissioners, and city officials offered independent studies they had done to prove the Red (Central) Route was the best.

But a staunch group, mainly from Westminster, Buena Park, Stanton and some unincorporated areas, were as determined in their arguments for the Orange (Eastern) Route, the one favored by state engineers.

Garden Grove Mayor Reese Ballard presented a study on behalf of his city,

Huntington Beach, Fountain Valley and Cypress showing the Red (Central) Route benefits the most people.

John W. McMahan, director of Development Research Association, who did the study, summed up the study with "there can be no questions the Red (Central) Route is not only the most positive way to go but the only way to go."

He said that his experience has shown that the only way to attract in-

dustry is to open up an area with "decent access."

"Locating the freeway in the area (the Red Route) would be a major catalyst in attracting industry," McMahan said.

If the Orange (Eastern) Route is selected, "you can pretty much write off the area around the Red Route for industrial development."

In the prepared study he presented to the commission, McMahan went on

to show that the Orange (Eastern) Route will displace twice as many people as the Red (Central) Route (5,000 to 2,000, by his estimates) and will be double the loss in assessed valuation of property (\$5.6 million for the Orange Route, to \$3.17 million for the Red).

He admitted that Westminster, which is fighting against approval of the Red Route, would lose \$2.1 million in assessed valuation if the Red Route is approved and only \$1.3 million with the Orange Route, and 651 more people would be displaced by the Red Route than the Orange.

Three Killed In County Road Accidents

Three persons, including a Costa Mesa nurse whose car sailed 115 feet off the San Diego Freeway and a Huntington Beach man demonstrating his new motorcycle, died in Orange County traffic accidents over the weekend.

Victims were: Mrs. Anne Sackett, 54, of 1199 Dorset Lane, Costa Mesa.

Brian G. Forsman, 22, of 5882 Hacienda Drive, Huntington Beach.

Daniel R. Grande, 18, of Santa Ana. California Highway Patrol investigators said Mrs. Sackett was driving southbound on the San Diego

1968	County Traffic	1967
125	Death Toll	110

Freeway at Harbor Boulevard early Sunday when her car flew off the road. The car slammed into a concrete abutment for a railroad undercrossing and exploded in flames, hurling the victim from the car, CHP officers said.

Forsman was giving a neighbor boy, David James, 16, of 5862 Hacienda Drive, a ride on his new motorcycle Sunday night when he failed to make a gentle curve on Hacienda Drive near Springdale Street.

The bike slammed into light standard, killing Forsman almost instantly and causing shoulder and internal injuries to his teenage passenger.

The Grande youth died two hours after his motorcycle was struck by a car driven by Costa Mesa resident Alma L. Brim, 64, of 165 Yorktown Lane Saturday.

Police said Grande was riding south on Bristol Street when the Brim vehicle — northbound on the same street — turned left onto Wilshire Avenue.

From Page 1 POPE ...

Pope said, "that according to the wish already expressed by Pope Pius XII, medical science succeed in providing a sufficiently secure basis for a regulation of birth, founded on the observance of natural rhythms."

"In this way, scientists and especially Catholic scientists will contribute to demonstrate in actual fact that, as the church teaches, 'a true contradiction cannot exist between the divine laws pertaining to the transmission of life and those pertaining to the fostering of authentic conjugal level.'"

From Page 1 SHARK ...

only a few of them are actually dangerous to man.

Several attacks have been reported in central and northern California waters in recent years, mostly between Morro Bay north to where Logan was injured Saturday.

Several have been fatal and in one case, there was nothing to indicate what happened but a horrible scream and a swirl of bloody foam in the rocky surf.

Rose Pose

Linda Harvey, pretty 17-year-old Miss Westminster, helps her city "petal" the idea of planting roses at Civic Center next Saturday. Each person who will show up with a shovel as a volunteer rose bush planter will be allowed to buy another rose bush for his own use at \$1 per five-gallon-car-sized rose bush plant. Sweet-scented project will get under way at Civic Center, Westminster Avenue east of Beach Boulevard, at 8 a.m. next Saturday.

Captives Give Evidence New Red Drive in Offing

SAIGON (AP) — Captured enemy officers and Viet Cong defectors are continuing to supply evidence that the foe is preparing for a major third offensive, South Vietnamese intelligence sources said Monday.

Some prisoners have told interrogators that allied bombing raids and ground sweeps around Saigon are constantly disrupting these preparations.

A female Viet Cong squad leader captured by South Vietnamese airborne troops said she had been ordered to set up a first aid station

Southland Needs More Airports, FAA Declares

LOS ANGELES (AP) — The Federal Aviation Administration, citing a 22 percent increase in air traffic at Angeles International Airport for the first half of the year, says Southern California needs at least 13 more airports.

The FAA Air Traffic Division chief in the western region, Lynn Hink, said Sunday currently 45 public and nine military airports in the Los Angeles Basin area handle 3,000 aircraft operation an hour.

"It is obvious that with this fantastic increase in air traffic volume, some additional facilities must be obtained and improved," he said.

"We estimate we need 13 additional general aviation airports in the Southern California area," he said.

Charles C. Tillinghast Jr., president of Trans World Airlines, said the Los Angeles air traffic situation has not created a crisis as it has in New York where some planes circle for hours before landing, but that Los Angeles problem has become "serious."

A United Air Lines spokesman said Los Angeles had not suffered so much "a problem of delays" but warned the matter could soon worsen.

Air facilities will be restricted in the future if there are not enough people and equipment to cope with the traffic, Hink warned.

"We are standing at a crossroads," he said. "We must recognize we have a problem and do something about it or we're not going to have the growth we can have."

near Saigon to treat the wounded in the upcoming assault, the sources said.

An officer of the 506th Viet Cong Battalion in Long An Province told his captors that six battalions and two sapper companies, a total of 2,200 men, would be used in the offensive. Intelligence officers said he listed the main targets in Saigon as the national and local police headquarters, the presidential palace and militia posts.

Another prisoner, the executive officer of the 4th Viet Cong local force battalion, said the assault was planned between the end of July and early September, the same time estimate which has been accepted by the U.S. Command and Defense Secretary Clark M. Clifford.

He said the enemy troops would try to isolate the Bien Hoa highway, the main northern route from Saigon; seize the 9th Precinct police headquarters southeast of the capital, and attack the government radio station, the U.S. Embassy, the Vietnamese navy headquarters and other allied installations.

A Viet Cong platoon leader who defected July 17 said two battalions south of Saigon are waiting for their commanders to return from "refresher training courses in strategy and tactics" at secret bases near the Cambodian border.

—Theft of \$13 Friday from the wallet of Kenney Shapiro, 13 of Phoenix at the Beach Motor Inn, 985 N. Coast Highway where he was staying with an uncle.

—Theft of \$13 from the wallet of Susan Neptune, 20 of Highland Park from a house at 147 Cress St. Sunday.

Reagan Support Grows; Nixon Still Commanding

Firm Wire Services Backers of Richard M. Nixon acknowledged today that Gov. Ronald Reagan has more support than has surfaced at the Republican National Convention in Miami Beach but continued confident that Nixon would win the GOP presidential nomination on the first ballot.

"The likelihood is that there will not be a second ballot," a top Nixon strategist said. Gov. Nelson A. Rockefeller and his supporters claimed there had been important defections from Nixon to the California governor and said this would help Rockefeller.

The Rockefeller camp said Nixon now has no more than 515 first-ballot votes with 667 needed for nomination.

One Nixon associate, asked about the matter, said the former vice president had been aware all along that he was second choice among some delegates from the South and the Rocky Mountain areas. He mentioned Mississippi and North Carolina particularly.

TALKING REAGAN

The Nixon source added that while some of these delegates are "talking Reagan" for local consumption, he was sure they will "vote Nixon" at the convention for fear of opening up the nomination for Rockefeller.

"They would rather have a repeat of 1964," he said, "than have Rockefeller at the head of the ticket." He referred to Barry M. Goldwater's humiliating defeat by President Johnson.

As the convention preliminaries got under way, the UPI tabulation of the GOP race showed:

Nixon — 690, including 183 committed and 507 leaning.

Rockefeller — 286, including 130 committed and 155 leaning.

Reagan — 158, including 88 committed and 72 leaning.

Stassen — 1 committed.

This represented a loss of 1 leaning in Florida for Nixon and a gain of 1 for Reagan.

Meanwhile, Republican platform writers went to work under advice to keep the campaign document neutral as between GOP presidential hopefuls — but a note of rivalry sounded at the very first session.

Harold Stassen, long-time seeker of the presidential nomination, accused New York Gov. Nelson A. Rockefeller and Richard M. Nixon of being enmeshed in what he called the errors of the Democratic administration's Vietnam policy. Stassen challenged those he said who are "regarded as the front runners" to appear in person before the platform-writing group.

Neither Nixon nor Rockefeller has asked for time at the platform committee hearings, which are a prelude to next week's nominating convention, but it was understood both intend to present some ideas through friendly witnesses.

DIRKSEN'S COMMENT

"We don't know who is going to be the nominee," the platform committee chairman, Sen. Everett M. Dirksen of Illinois, said. "I'm keeping myself free from that controversy — if it is a con-

troversy." He said he hopes other members of the committee will refrain from pushing for their favorites through platform wording.

MCCARTHY'S GOAL

Elsewhere on the political scene: Sen. Eugene J. McCarthy says his goal as president next to ending the Vietnam war would be to divert most of its \$30 billion annual budget to city problems, which he calls the nation's second most critical concern.

But Vice President Hubert H. Humphrey's camp claimed Sunday delegate-selection results indicate Humphrey will have "far more than enough" votes to win the Democratic presidential nomination over McCarthy on the first national convention ballot.

McCarthy, in a policy statement issued Sunday, said he would not wait for an end to the Vietnam war but as president would begin diverting money to domestic problems as the war was de-escalated.

He pledged a "massive job creation program" involving tax incentives to private enterprise — and said this would permit a start toward "elimination of the present degrading welfare system which encourages dependency on the federal government."

Reagan Recall Drive Deadline On Wednesday

SACRAMENTO (UPI) — Gov. Ronald Reagan may find out in the next three days whether he must face a recall election that, if it's held at all, would deal a decisive blow to his presidential prospects.

A six-month campaign to oust the Republican governor reaches a final deadline Wednesday for gathering the 780,414 signatures needed to put the recall issue before voters in November.

The recall backers charge that Reagan "is not competent in matters of government and public affairs," accuse him of undermining the state's mental health program, hurting education and trying to further his personal ambitions from the governor's office.

But, the recall effort could well be a two-edged weapon.

There are eight million registered voters in California eligible to sign petitions. Three out of five of them are Democrats. If six months of gathering signatures can't find one million voters dissatisfied enough to at least sign their names, it could react to Reagan's benefit.

The California Republican insists he isn't a formal candidate for the GOP presidential nomination. But, he also says he won't turn it down.

POOREST CITY

Westminster Mayor Derek McWhinney pleading for the Orange Route said his is "basically one of the poorest cities in Orange County."

The Red Route "would take out almost all the industrial land we have," he said.

He pointed out to commissioners that to make the city budget balance this year, he had to lay off 46 of the 250 persons employed by the city.

"We should by all rights be adding personnel."

He said his city needed the industrial land in order to survive and that the Orange Route would bring the city "a more balanced economy."

Another representative of Westminster added that the Orange Route is the only one that "will not adversely affect any of the cities involved. It may not help all of them but it will not destroy either."

INDIVIDUAL CITIES

Stanton Public Works Director E. M. Herrell in his presentation accused the cities favoring the Red Route of "thinking in terms of the individual cities, not of the area as a whole."

He said if any of the western routes are approved, the cities around Stanton would benefit but "the effect on the city of Stanton would be disastrous."

The commissioners adjourned the hearing after five hours Friday, with testimony from several dozen persons, copies of city-sponsored studies and packets of petitions to review.

The record of the hearing will remain open 30 days, so that additional testimony can be added by mail. Then, a summary of the record will be published and sent to the commissioners, who say they will accept one of the routes in two months at the earliest.

From Page 1 DOUGLAS ...

expired July 22.

IAM President Virgil Pergem of Lodge 1878 and B. R. Swisher presiding over Lodge 720, presented the new contract to the members Sunday and reported an "overwhelming vote in favor of the new pact."

Members of the United Auto Workers (UAW) were presented the contract at Long Beach Memorial Stadium by UAW President Walter Reuther who told the nearly 10,000 members that "we have achieved our goal for this year's negotiations."

The UAW workers voted about 5-1 in favor of the new pact. Balloting continues today at plants across the nation, but union officials said that the local vote is an indication that the new contracts will receive favorable consideration.

The contracts were negotiated separately by the two unions after both unions has taken strike votes and won member backing of a strike which could have begun today.

The pact calls for wage increases of 21 cents, 11 cents and 12 cents per hour in each of the three years in addition to improvements in fringe benefits. Workers in skilled categories will receive up to 25 cents per hour.

The new contracts were called "a landmark in labor-management relations in our industry" by J. S. McDonnell, chairman of the corporation.

Captives Give Evidence New Red Drive in Offing

SAIGON (AP) — Captured enemy officers and Viet Cong defectors are continuing to supply evidence that the foe is preparing for a major third offensive, South Vietnamese intelligence sources said Monday.

Some prisoners have told interrogators that allied bombing raids and ground sweeps around Saigon are constantly disrupting these preparations.

A female Viet Cong squad leader captured by South Vietnamese airborne troops said she had been ordered to set up a first aid station near Saigon to treat the wounded in the upcoming assault, the sources said.

An officer of the 508th Viet Cong Battalion in Long An Province told his captors that six battalions and two sapper companies, a total of 2,200 men, would be used in the offensive. Intelligence officers said he listed the main targets in Saigon as the national and local police headquarters, the presidential palace and militia posts.

Another prisoner, the executive officer of the 4th Viet Cong local force battalion, said the assault was planned between the end of July and early September, the same time estimate which has been accepted by the U.S. Command and Defense Secretary Clark M. Clifford.

He said the enemy troops would try to isolate the Bien Hoa highway, the main northern route from Saigon; seize the 9th Precinct police headquarters southeast of the capital, and attack the government radio station, the U.S. Embassy, the Vietnamese navy headquarters and other allied installations.

A Viet Cong platoon leader who defected July 17 said two battalions south of Saigon are waiting for their commanders to return from "refresher training courses in strategy and tactics" at secret bases near the Cambodian border.

Viet Cong sappers sank a large civilian dredge Sunday which was operating near the U.S. 9th Infantry

Division headquarters at Dong Tam 40 miles south of Saigon. No one was aboard and there were no casualties.

U.S. spokesmen said it was not known whether enemy frogmen placed explosive charges under the vessel or whether mines were floated beside the dredge and electronically triggered. It sank in 16 feet of water.

Viet Cong infiltrators in loincloths attacked the U.S. air base at Thuy Hoa early today and blew up \$6 million worth of planes. Air Force officers said nine Viet Cong were killed and one American was wounded when the guerrillas slipped into the base under cover of a brief rocket and mortar attack.

Firing rocket-propelled grenades and hurling satchel charges, the attackers destroyed two four-engine C130 transport planes and badly damaged an F100 Super Sabre Jet fighter-bomber before they were beaten back.

It raised U.S. aircraft casualties for the week since last Monday to 12 planes lost and four badly damaged. Nine planes were lost in action over North and South Vietnam.

Hits Birth Controls

Pope Paul Bans Pill

VATICAN CITY (AP) — Pope Paul VI today banned the contraceptive pill and all other mechanical and chemical means of birth control for the world's half a billion Roman Catholics. He also indicated that the rhythm method should not be employed as a regular practice.

"Every matrimonial act must remain open to the transmission of life," the Pope declared in a key sentence of this long-delayed encyclical letter on one of the most controversial issues facing the church today.

Route Tension Mounts

Rival Groups Await Beach Freeway Decision

By SANDI MAJOR
Of the Daily Pilot Staff

Anxiety over where the future Huntington Beach Freeway will be built is mounting today with two or three months yet to go before West Orange County residents know which homes will be affected by the selected route.

And each group is actively working to sway state highway commissioners to its side.

State Highway Engineer John A.

Legarra has recommended the most easterly of three routes (the Orange route) to be chosen, which would put the new freeway between Magnolia Street and Beach Boulevard.

But most of the 600 city officials and homeowners who attended the final hearing on the routing Friday favor the Red (Central) Route, one of the western routes.

Citizen's groups presented nearly 10,000 names on petitions mostly

favoring the Red (Central) Route to the commissioners, and city officials offered independent studies they had done to prove the Red (Central) Route was the best.

But a staunch group, mainly from Westminster, Buena Park, Stanton and some unincorporated areas, were as determined in their arguments for the Orange (Eastern) Route, the one favored by state engineers.

Garden Grove Mayor Reece Ballard

presented a study on behalf of his city, Huntington Beach, Fountain Valley and Cypress showing the Red (Central) Route benefits the most people.

John W. McMahan, director of Development Research Association, who did the study, summed up the study with "there can be no questions the Red (Central) Route is not only the most positive way to go but the on-

Motorcycle Wreck Kills Beach Man

Three persons, including a Costa Mesa nurse whose car sailed 115 feet off the San Diego Freeway and a Huntington Beach man demonstrating his new motorcycle, died in Orange County traffic accidents over the weekend.

Victims were:

Mrs. Annie Sackett, 54, of 1199 Dorset Lane, Costa Mesa.

Brian G. Forsman, 22, of 5882 Hacienda Drive, Huntington Beach.

Daniel R. Grande, 18, of Santa Ana. California Highway Patrol investigators said Mrs. Sackett was driving southbound on the San Diego

1968	County Traffic	1967
125	Deaths Toll	118

Freeway at Harbor Boulevard early Sunday when her car flew off the road. The car slammed into a concrete abutment for a railroad undercrossing and exploded in flames, hurling the victim from the car, CHP officers said.

Forsman was giving a neighbor boy, David James, 16, of 5882 Hacienda Drive, a ride on his new motorcycle Sunday night when he failed to make a gentle curve on Hacienda Drive near Springdale Street.

The bike slammed into light standard, killing Forsman almost instantly and causing shoulder and internal injuries to his teenage passenger.

The Grande youth died two hours after his motorcycle was struck by a car driven by Costa Mesa resident Alma L. Brim, 64, of 165 Yorktown Lane Saturday.

Police said Grande was riding south on Bristol Street when the Brim vehicle — northbound on the same street — turned left onto Wilshire Avenue.

Huntington Tot Critically Burned

Two-year-old Katrina Wayman of Huntington Beach remains in critical condition at Orange County Medical Center today after she was accidentally drenched with burning lighter fluid Sunday at a backyard barbecue.

Police said Katrina's father, Donald L. Wayman of 21752 Pacific Coast Highway, was trying to start the fire, when a can of fluid burst into flame. Wayman tossed the can away, spilling fluid over his daughter, police said.

She was rushed by police to Hoag Memorial Hospital, then transferred to the burn unit of the medical center. A hospital spokesman said she suffered second and third degree burns over 50 percent of her body.

Rose Pose

Linda Harvey, pretty 17-year-old Miss Westminster, helps her city "petal" the idea of planting roses at Civic Center next Saturday. Each person who will show up with a shovel as a volunteer rose bush planter will be allowed to buy another rose bush for his own use at \$1 per five-gallon-car-sized rose bush plant. Sweet-scented project will get under way at Civic Center, Westminster Avenue east of Beach Boulevard, at 8 a.m. next Saturday.

Diver Clamped in Shark's Jaws Plays Dead, Survives

A skindiver prowling the seabottom off Bodega Bay for abalone Saturday played dead while clenched in the tooth-jagged jaws of a giant white shark, also hunting in food-rich kelp beds three fathoms below the surface.

He almost didn't have to play. Frank Logan, 25, of Placerville, a Douglas Aircraft Co. electronics technician, is recovering today with 200 stitches holding together 18 separate wounds.

The young father of two was skin diving with three companions from a small boat off Bird Rock, 50 miles north of San Francisco, when the big

shark, brought north by warming currents, swirled up — unseen.

Logan said something grabbed his leg, then suddenly his chest and back were crushed in a vise-like grip as the marauder from Mexican waters bit into his body.

"I could see it was a shark, so I just went limp and played dead and finally it let go," said Logan from his Sebastopol hospital bed. He is recovering at home today.

The powerful creature swam on for about 10 feet with his terrified mouthful, then released the grip and Logan — his led weight belt torn away by jagged teeth — floated upward.

The victim shouted to his companions for help and they hauled his bloody, bruised body into the boat and roared off toward the U.S. Coast Guard station in Bodega bay.

Oceanographers say shark attacks are relatively rare but they are always a possibility, especially off northern California, where the usually cold waters harbor a rich feeding ground for predators.

Each summer when warm currents bring an occasional stray up from tropical waters off Mexico and Central America, the danger increases, according to veteran scientists and seamen.

Questioned about shark danger off the Orange Coast in the wake of Logan's encounter with the man-eater above San Francisco, a Newport (See SHARK, Page 2)

Vote Averts Stoppage At Douglas

About 1,500 employees of the McDonnell Douglas Corp.'s Astronautics Division are on the job today in Huntington Beach as a direct result of voting Sunday in which union members of two huge aerospace firms approved new three-year contracts.

Voting continued today at Astronautics, but, with most votes cast on Sunday already counted, union officials indicated a threatened strike which was to have begun today apparently has been averted. The strike reportedly could have involved as many as 150,000 aerospace employees nationally.

Lockheed Aircraft Corp. employees also were involved in Sunday's balloting on new contracts which are expected to set a pattern for the industry.

Members of the International Association of Machinists (IAM) working at Huntington Beach, Santa Monica, Vandenberg Air Force Base and Cape Kennedy, Fla., voted 4-1 Sunday to accept a new contract.

The contract calls for raises and fringe benefits ranging from 97 cents to \$1.65 per hour over a three-year period. About 4,000 of the union members meeting at Los Angeles Shrine Auditorium voted on acceptance of a new contract to replace the one which expired July 22.

IAM President Virgil Pergrem of Lodge 1578 and B. R. Swisher presiding over Lodge 720, presented the new contract to the members Sunday and reported an "overwhelming vote in favor of the new pact."

Members of the United Auto Workers (UAW) were presented the contract at Long Beach Memorial Stadium by UAW President Walter Reuther who told the nearly 10,000 members that "we have achieved our goal for this year's negotiations."

The UAW workers voted about 5-1 in favor of the new pact. Balloting continues today at plants across the nation, but union officials said that the local vote is an indication that the new contracts will receive favorable consideration.

The contracts were negotiated separately by the two unions after both unions have taken strike votes and won member backing of a strike which could have begun today.

The pact calls for wage increases of 21 cents, 11 cents and 12 cents per hour in each of the three years in addition to improvements in fringe benefits. Workers in skilled categories will receive up to 25 cents per hour.

Orange Coast

Weather

Don't look for much change in the weather picture Tuesday along the Orange Coast. The word is for early clouds and afternoon sunshine, as usual.

INSIDE TODAY

Miami Beach is already spruced up, with some bright new structures, awaiting arrival of delegates and thousands of others for GOP National Convention, Page 11.

Freeway Battle Fought on Home Front

West Orange County residents, who still have no indication where the future Huntington Beach Freeway will be built, already are beginning to worry about the effects of it.

finished recommending one route or another. The questions were not primarily about where the freeway would be built, but what would it do to their homes.

He added that property abutting freeways decreases in its market value. State Engineer John A. Legarra got only groans from the crowd when he said that wasn't so.

Legarra answered "as much as four to eight years," time for design studies to be made before actual construction can begin.

know where on and off ramps would be located, whether the freeway would be elevated, how wide the right-of-way would be and how long it will be under construction.

Highway Commission Vice Chairman Fred C. Jennings told them his board has "as much as there is in any state agency."

Reagan Gains Support

But Nixon Confident of First Ballot Win

Firm Wire Services
Backers of Richard M. Nixon acknowledged today that Gov. Ronald Reagan has more support than has surfaced at the Republican National Convention in Miami Beach but continued confident that Nixon would win the GOP presidential nomination on the first ballot.

defeat by President Johnson. As the convention preliminaries got under way, the UPI tabulation of the GOP race showed:
Nixon — 690, including 183 committed and 507 leaning.
Rockefeller — 285, including 130 committed and 155 leaning.
Reagan — 158, including 86 committed and 72 leaning.
Stassen — 1 committed.

the nominee," the platform committee chairman, Sen. Everett M. Dirksen of Illinois, said. "I'm keeping myself free from that controversy — if it is a controversy." He said he hopes other members of the committee will refrain from pushing for their favorites through platform wording.

From Page 1 FREEWAY...

ly way to go." He said that his experience has shown that the only way to attract industry is to open up an area with "decent access."
"Locating the freeway in the area (the Red Route) would be a major catalyst in attracting industry," McMahan said.
If the Orange (Eastern) Route is selected, "you can pretty much write off the area around the Red Route for industrial development."
In the prepared study he presented to the commission, McMahan went on to show that the Orange (Eastern) Route will displace twice as many people as the Red (Central) Route (5,000 to 2,000, by his estimates) and will be double the loss in assessed valuation of property (\$5.6 million for the Orange Route, to \$3.17 million for the Red).

Political Air

Cards Waved at Freeway Hearing

Befitting a presidential election year, a political rally-like air drifted over the Friday hearing for the proposed routing of the future Huntington Beach freeway.
About a dozen of the several hundred West Orange County residents who came to listen or present their arguments waved placards during the proceedings (see photo, Page 3).
Huntington Beach High School auditorium, where the final hearing was held, reverberated as the vocal

group clapped and loosed cheers or boos — depending on their persuasions — during the five hours of presentations.
State Highway Commission Vice Chairman Fred C. Jennings acknowledged the uproar midway through the hearing, but told the crowd:
"Let me remind you that neither the clapping nor a mention of the signs will appear in the records."
And the roar continued.

Humphrey Talks in Watts, Promises 'Better Life'

From Wire Services
LOS ANGELES (AP) — Vice President Hubert H. Humphrey campaigned in Watts today with labor leader Walter Reuther at his side and told Negroes "things are beginning to change and they are changing for the better."
There were no welcoming crowds at the first two stops of the day — the Watts Manufacturing Co., a subsidiary of Aerojet General, and a poultry

ranch in a residential neighborhood. Both projects are designed to give jobs and economic help to residents of Watts.
Humphrey inspected a woodworking and tent making facility at the manufacturing company, whose 550 workers make crates for missile casings and hospital tents destined for Vietnam.
In a brief speech Humphrey said that people with good jobs and good pay are interested in taking care of their community and have a stake in the nation.

Home of Nevada Governor Periled By Raging Fire

CARSON CITY, Nev. (AP) — A 3,000-acre fire which threatened Nevada's capital flashed out of control today after burning within 600 yards of the governor's luxurious home.
It started in a Sierra forest Sunday afternoon on the western edge of Carson City, destroying one house. One hundred other homes were evacuated.
"This is the worst fire since 1926," said Gov. Paul Laxalt, his face smudged and dirty after he and his wife, Jackie, removed some valuables from their \$70,000 home.
Laxalt ordered 200 National Guardsmen to help fight the fire and prevent vandalism and looting.
Wearing slacks and a sports shirt, Laxalt left his six children in the official governor's mansion near the downtown areas as flames swept by his ranch-style home near the edge of town.
The fire burned in timber at 7,000 foot elevation, too high and steep to be reached by bulldozers. Four hundred men continued to fight it, although the U.S. Forest Service said it was 60 percent contained.
Total damage was not immediately estimated, but Victor Goodwin of the Forest Service said watershed damage alone totaled \$500,000.
The fire undoubtedly was man-caused, said Goodwin, because there were no reports of lightning.

In a later address the vice president said his first task if elected president "will be to restore peace in Vietnam."
On Sunday, Humphrey declared he won't "be driven away" from the Negro community by militant hecklers.
The candidate was forced to cut short a speech Saturday night by boos from Negro militants at a voter registration rally sponsored by the Black Democrats for Humphrey in South Central Los Angeles.
On Sunday, he told a news conference, "I won't be driven away in the future." He played down the incident, saying he was "gratified by the turnout," which he estimated at between 750 and 1,000 persons.

SA Man Jailed In Kidnap, Rape

A Santa Ana man who police allege picked up a couple walking home from a bus station was jailed early today on suspicion of kidnaping and rape after an orange grove sex attack.
William Ferguson, 33, was arrested while driving in the 200 block of East Walnut Street after the victim's husband gave police a description of the suspect and his vehicle.
The distraught rape victim was with him, police charged.
Investigators said the young couple was walking at First and Brady streets after leaving the nearby Greyhound bus depot when they were offered a ride.
The suspect shoved the 28-year-old woman's husband out of the car two blocks farther on, however, and drove to an orange grove, where he raped her.

From Page 1 SHARK...

Beach expert said it is not as great. "Up there, there's a lot more feed," said Joe Deem, building superintendent for Caltech's Kerckhoff Marine Laboratory in Newport Beach.
Deem said the warming current sweeps around Point Conception, bringing the occasional stray man-eating sharks into seas rich with marine life and consequently good diving grounds.
"I used to fish tuna up there — for 25 years," said Deem, "and I know that area well."
Sharks are not the only hazard. "Any Scuba diver that would go out there off that rock is crazy anyway," Deem said, telling of treacherous currents and nasty rocks which can easily entomb the unwary.
Deem said that although the great white sharks generally pass far offshore in their northward journey, other sharks and potentially dangerous fish abound off the Southland coast.
"There are blue sharks," he said, "and even bonita will bite you when they're feeding."
Scientists say at least 30 species of shark inhabit West Coast waters, but only a few of them are actually dangerous to man.
Several attacks have been reported in central and northern California waters in recent years, mostly between Morro Bay north to where Logan was injured Saturday.
Several have been fatal and in one case, there was nothing to indicate what happened but a horrible scream and a swirl of bloody foam in the rocky surf.

Reagan Recall Attempt Results Coming Soon

SACRAMENTO (UPI) — Gov. Ronald Reagan may find out in the next three days whether he must face a recall election that, if it's held at all, would deal a decisive blow to his presidential prospects.
A six-month campaign to oust the Republican governor reaches a final deadline Wednesday for gathering the 780,414 signatures needed to put the recall issue before voters in November.
The recall backers charge that Reagan "is not competent in matters of government and public affairs," accuse him of undermining the state's mental health program, hurting education and trying to further his

personal ambitions from the governor's office.
But, the recall effort could well be a two-edged weapon.
There are eight million registered voters in California eligible to sign petitions. Three out of five of them are Democrats. If six months of gathering signatures can't find one million voters dissatisfied enough to at least sign their names, it could react to Reagan's benefit.
The California Republican insists he isn't a formal candidate for the GOP presidential nomination. But, he also says he won't turn it down.
As a practical political matter, Reagan will be out of contention on the national ticket if the recall backers are able to solicit enough signatures to force an election.
It appears most unlikely the Republicans would want a candidate for either president or vice president who must also fight to retain his home state's governorship.
The recall effort has been strictly an amateur operation led by Edwin Koupal of Orangevale, a Sacramento suburb, and his wife, Joyce.
"If it's humanly possible for amateurs without any money to do it, then we're going to do it," Mrs. Koupal said in an interview.

Beach Parking Meters Filled From Saturday

City coffers are brimming from the Saturday "take" of municipal parking lot fees.
Lifeguard Capt. Douglas D'Arnall reported today that Saturday's 1,500 cars at 75 cents a car was the second biggest revenue intake in the beach parking lot history.
"The Fourth of July was the biggest," he added.
Weekend crowds totaled 100,000 — the lamb's share, 22,000, going to Sunday, a cool overcast and rainy day.
"It was one of the worst Sundays ever seen here in 10 years," said D'Arnall, citing the seasonally unexpected rainfall.
State Park Ranger Dave Donahue reported a quiet weekend on Huntington and Bolsa Chica State beaches, where total attendance numbered 57,000.

Program to Show Gymnastic Skills

Gymnastic skills and routines learned by students in the Huntington Beach Recreation and Parks Department summer programs will be on display this evening at Huntington Beach High School gymnasium, beginning at 6 o'clock.
Admission is free to the show, according to instructor Shannon McNeely.

Plane Facts 'Southland Needs 13 More Airports'

LOS ANGELES (AP) — The Federal Aviation Administration, citing a 22 percent increase in air traffic at the Angeles International Airport for the first half of the year, says Southern California needs at least 13 more airports.
The FAA Air Traffic Division chief in the western region, Lynn Hink, said Sunday currently 45 public and nine military airports in the Los Angeles Basin area handle 3,000 aircraft operation an hour.
"It is obvious that with this fantastic increase in air traffic volume, some additional facilities must be obtained and improved," he said.
"We estimate we need 13 additional general aviation airports in the Southern California area," he said.

Charles C. Thilingshaat Jr., president of Trans World Airlines, said the Los Angeles air traffic situation has not created a crisis as it has in New York where some planes circle for hours before landing, but that Los Angeles problem has become "serious."
A United Air Lines spokesman said Los Angeles had not suffered so much "a problem of delays" but warned the matter could soon worsen.
Air facilities will be restricted in the future if there are not enough people and equipment to cope with the traffic, Hink warned.
"We are standing at a crossroads," he said. "We must recognize we have a problem and do something about it or we're not going to have the growth we can have."

POTTER — Richard Brooks, a Festival of Arts director and exhibitor for the fifth year, stands among his collection of pots. With his wife Jyn, the Brooks have expanded from a hobby six years ago to a full-fledged business.

Profit in Pots: Rolling Stone Gathering No Loss

By TOM GORMAN
Of the Daily Pilot Staff

Richard Brooks, exhibiting at the Festival of Arts for the fifth year with his wife, has just the thing a husband could buy for his wife.

Try custom-made place settings, for \$18 a setting.

Settings, including a plate, salad bowl, soup bowl and mug, happen to be one of Brooks' specialties. But, then, that's not really fair to say. Anything that's made out of stoneware can be described as a specialty of Brooks, who is also one of nine Festival directors.

After all, when a husband and wife team form the nucleus of a pottery company (in this case, Brooks Pottery in the Canyon), they're bound to be good.

And the team of Richard and Jyn is good.

While Jyn does both porcelain and stoneware, her husband specializes in stoneware.

His products range from candlestick holders to pots to the place settings to lamp bases.

They all start off as the same hunk of clay, he explained, but the finished products can be as different as night and day.

The first step in making a pot is to form it (throw it) on a potter's wheel, Brooks said. The low, fat pots are the most difficult to form, since they're the most apt to collapse.

The next step in this patient art is the drying. "Make it dry as slowly as possible," he said, "so it won't crack. It shrinks as it dries. If the pot dries unevenly, it shrinks unevenly. That's what makes a crack." Drying can take as long as two weeks.

After the drying process is completed, the pot is fired in a kiln. Then, any decorations planned are added. The decoration, or slip, is actually half clay - half glaze.

If the pot is to be shiny, a glaze is added. The substance is put on with a brush, but when it is "high fired," it turns to glass.

After the glaze is applied, and it is fired for the final time (24 hours, this time) in the kiln, you have the finished product.

Of course, there are some steps that can be added to make the pot stand out even more. If there are to be any ridges, bumps, or what have you, they should be done after the forming.

Pot making is a combination of painting and sculpture. The decorations are "painted" on the sculptured pot. Just like any piece of art, it can prove intriguing to price a pot.

Brooks' guidelines:

The overall size, the effort put into the pot (the time it took); the decorations; and the final effect. The final key, Brooks said, is "if you would have difficulty in duplicating one." Then watch the price jump.

Brooks' prices range from \$4 to \$85 on the pots. He admits he prices some high, since he'd hate to see them all sell.

The pottery business has been good to the Brooks family. The husband and wife team started just six years ago, as a hobby. He is a former business executive. They have expanded, and today they are going to pour the concrete for a studio they will open out in the canyon, to include a showroom and a work area.

And the construction of the building is one time when concrete took preference over stoneware.

Police Checking Wave Of Weekend Petty Crime

It was one of those Laguna Beach summer weekends when everything seemed to happen.

As phones continued to jangle Monday, the Art Colony police department grappled with a mountain of paper work that followed 56 physical arrests and 16 citations.

Here were the highlights:

—Tommy L. Dillard, 20, a U. S. Marine at El Toro, said another Laguna Canyon Road driver stopped Saturday night, menaced him with a pistol and threatened to "blow off his head" if Dillard did not stop honking his horn. Police seek the other driver for assault with a deadly weapon.

—Cheryl Ellen Bruner, 18 of Long Beach, was arrested in the 100 block of Cleo Street on suspicion of marijuana possession. Police said "hippie-

type" companions fled. —Pamela Joy Davis, 15, of El Toro, suffered minor injury Sunday afternoon as a passenger during a two-car collision at Mountain Road and Carmelita Street.

—Transient Allen Overton, 28, was arrested Saturday in the 1200 block of Cliff Drive on suspicion of marijuana possession.

—Police rolled on a variety of hippie calls including one that a hippie was wearing a flag Sunday afternoon in the 700 block of S. Coast Highway. He was gone on arrival of police.

Police Lt. Robert McMurray said arrests from Friday through Monday included standing on the sidewalk, sleeping in vehicles, sleeping on public property, sleeping on the beach, curfew, drunk in public, drunk in auto

\$1,500 Mink Coat, \$3,500 Cash Stolen

Shark Attacks Diver Man Plays Dead, Survives With 18 Wounds

A skindiver prowling the seabottom off Bodega Bay for abalone Saturday played dead while clenched in the tooth-jagged jaws of a giant white shark, also hunting in food-rich kelp beds three fathoms below the surface. He almost didn't have to play. Frank Logan, 25, of Placerville, a Douglas Aircraft Co. electronics technician, is recovering today with 200 stitches holding together 18 separate wounds.

The young father of two was skin diving with three companions from a small boat off Bird Rock, 50 miles north of San Francisco, when the big shark, brought north by warming currents, swirled up — unseen. Logan said something grabbed his leg, then suddenly his chest and back were crushed in a vise-like grip as the marauder from Mexican waters bit into his body. "I could see it was a shark, so I just

went limp and played dead and finally it let go," said Logan from his Sebastopol hospital bed. He is recovering at home today. The powerful creature swam on for about 10 feet with his terrified mouthful, then released the grip and Logan — his lead weight belt torn away by jagged teeth — floated upward. The victim shouted to his companions for help and they hauled his (See SHARK, Page 2)

Burglars' Haul Big In Laguna

A \$1,000 black mink jacket and approximately \$3,500 cash were stolen from the home of a Laguna Beach restaurant owner Sunday. Burglary of the home of Denise Camille Kauffman, 28 of 474 Mountain Road was one of several weekend reports taken by Art Colony police. Most were car burglaries.

Police said the burglary of the Kauffmann residence netted the expensive fur garment, \$1,500 in restaurant receipts from the Chez Gerard and about \$2,000 of her own cash.

She is part owner of the restaurant, said Lt. Robert McMurray. He said the burglar or burglars forced open a rear window of the home Sunday between 4:30 and 10:30 p.m.

Other burglaries included:

—Theft of an \$85 stereo from the car of Jay W. Annis of Santa Ana Sunday afternoon while he was at the Festival of Arts. The door was forced in the 700 block of Broadway.

—Theft of a purse with \$3, a \$7 check and credit cards Saturday evening from the car of June Marie Colton of Pasadena while she was attending the Festival. The door was forced open in the 700 block of Broadway.

—Theft of a stereo from the car of Courtney W. Lannon, 1212 Highland Drive, Newport Beach, Sunday afternoon.

—Theft of \$13 Friday from the wallet of Kenney Shapiro, 13 of Phoenix at the Beach Motor Inn, 985 N. Coast Highway where he was staying with an uncle.

—Theft of \$13 from the wallet of Susan Neptune, 20 of Highland Park from a house at 147 Cress St. Sunday.

Reagan Gains But Nixon Still Sees Victory

Frim Wire Services

Backers of Richard M. Nixon acknowledged today that Gov. Ronald Reagan has more support than has surfaced at the Republican National Convention in Miami Beach but continued confident that Nixon would win the GOP presidential nomination on the first ballot.

"The likelihood is that there will not be a second ballot," a top Nixon strategist said. Gov. Nelson A. Rockefeller and his supporters claimed there had been important defections from Nixon to the California governor and said this would help Rockefeller.

The Rockefeller camp said Nixon now has no more than 515 first-ballot votes with 667 needed for nomination.

One Nixon associate, asked about the matter, said the former vice president had been aware all along that he was second choice among some delegates from the South and the Rocky Mountain areas. He mentioned Mississippi and North Carolina particularly.

The Nixon source added that while some of these delegates are "talking Reagan" for local consumption, he was sure they will "vote Nixon" at the convention for fear of opening up the nomination for Rockefeller.

"They would rather have a repeat of 1964," he said, "than have Rockefeller at the head of the ticket." He referred to Barry M. Goldwater's humiliating defeat by President Johnson.

As the convention preliminaries got under way, the UPI tabulation of the GOP race showed:

Nixon — 690, including 183 committed and 507 leaning.

Rockefeller — 285, including 130 committed and 155 leaning.

Reagan — 158, including 86 committed and 72 leaning.

Stassen — 1 committed. This represented a loss of 1 leaning in Florida for Nixon and a gain of 1 for Reagan.

Meanwhile, Republican platform writers went to work under advice to (See POLITICS, Page 2)

Rain Odds Dim But Festival Has Show Policy

The historic odds against Laguna's Pageant of the Masters being rained out are a bit better than 30 to 1.

But, it can happen. It did in 1965.

Festival of Arts directors with an eye on drizzly weekend skies dragged out the policy book. There had been no rain policy until 1965. Then the rains came. Then the policy came.

It is now policy that if a performance of the nightly "living pictures" should be rained out before intermission, an additional performance

will be given at the end of the run.

Had the performance been rained out of the amphitheater Saturday night, it would have been given Aug. 25. If a ticket holder couldn't make it Aug. 25, he would be given a refund.

What if rain falls on the second half of the art spectacular. No refund. Or, as one Festival official puffed: "That's the bowl game."

Even with unseasonal weather, Festival officials said weekend crowds nearly equalled the preceding weekend for volume attendance.

5 CdM Youths Arrested For Marijuana Smoking

Five youths were arrested in a Corona del Mar beach cave Saturday night when they passed the pot pipe to the wrong party — a member of the Police Department's "Mole Patrol".

Police said the patrolman, dressed in casual beach gear, made the arrests after joining the gathering, apparently unnoticed. It happened this way, according to police:

The officer entered the cave, in the rocks near China Cove, after he heard mumbblings from within. It was pitch dark inside, except for a very small fire, around which sat the teenaged boys.

The patrolman sat down with them. No words were exchanged. No one could see anyone. It was assumed that he belonged.

The pipe was stuffed with hashish — a form of marijuana — and lit. It was passed from one youth to another. It finally came to the patrolman.

"No, thanks," he said. "You're all under arrest."

And they were, on marijuana possession charges.

SA Man Jailed In Kidnap, Rape

A Santa Ana man who police allege picked up a couple walking home from a bus station was jailed early today on suspicion of kidnaping and rape after an orange grove sex attack.

William Ferguson, 33, was arrested while driving in the 200 block of East Walnut Street after the victim's husband gave police a description of the suspect and his vehicle.

The distraught rape victim was with him, police charged.

Investigators said the young couple was walking at First and Brady streets after leaving the nearby Greyhound bus depot when they were offered a ride.

Hits Birth Controls

Pope Paul Bans Pill

VATICAN CITY (AP) — Pope Paul VI today banned the contraceptive pill and all other mechanical and chemical means of birth control for the world's half a billion Roman Catholics. He also indicated that the rhythm method should not be employed as a regular practice.

"Every matrimonial act must remain open to the transmission of life," the Pope declared in a key sentence of this long-delayed encyclical letter on one of the most controversial issues facing the church today.

"To destroy even only partially the

significance of intercourse and its end is contradictory to the plan of God and to his will," the pontiff declared.

This appeared to rule out the possibility of any future acceptance by Pope Paul of contraception for any reason and seemed to imply disapproval of the constant use of the rhythm method of periodic abstinence, the only method of birth control previously sanctioned by the church.

In a passage directed to men of science, the Pope voiced encouragement for continued research in the area of birth regulation. But again he appeared to rule out any other solu-

tion than ways of improving the rhythm method.

"It is particularly desirable," the Pope said, "that according to the wish already expressed by Pope Pius XII, medical science succeed in providing a sufficiently secure basis for a regulation of birth, founded on the observance of natural rhythms."

"In this way, scientists and especially Catholic scientists will contribute to demonstrate in actual fact that, as the church teaches, a true contradiction cannot exist between the divine laws pertaining to the transmission of life and those pertaining to the fostering of authentic conjugal love."

Laguna Beaches Attract 10,000

Even with the intermittent rains, 10,000 persons trekked to Laguna's beaches Saturday and again Sunday.

Low surf on both days accounted for only one rescue, lifeguards said. Water temperature was about 73 degrees, with the air temperature about 75 degrees.

More than 20,000 were attracted to San Clemente's beaches Saturday, and 19,000 Sunday. Saturday's three foot surf made for five rescues, as compared to Sunday's seven rescues in four foot surf.

Orange Coast Weather

Don't look for much change in the weather picture Tuesday along the Orange Coast. The word is for early clouds and afternoon sunshine, as usual.

INSIDE TODAY

Miami Beach is already spruced up, with some bright new structures, awaiting arrival of delegates and thousands of others for GOP National Convention, Page 11.

Captives Hint Major Red Offensive Looms

SAIGON (AP) — Captured enemy officers and Viet Cong defectors are continuing to supply evidence that the foe is preparing for a major third offensive, South Vietnamese intelligence sources said Monday.

Some prisoners have told interrogators that allied bombing raids and ground sweeps around Saigon are constantly disrupting these preparations.

A female Viet Cong squad leader captured by South Vietnamese airborne troops said she had been

ordered to set up a first aid station near Saigon to treat the wounded in the upcoming assault, the sources said.

An officer of the 508th Viet Cong Battalion in Long An Province told his captors that six battalions and two sapper companies, a total of 2,200 men, would be used in the offensive. Intelligence officers said he listed the main targets in Saigon as the national and local police headquarters, the presidential palace and militia posts.

Another prisoner, the executive of-

ficer of the 4th Viet Cong local force battalion, said the assault was planned between the end of July and early September, the same time estimate which has been accepted by the U.S. Command and Defense Secretary Clark M. Clifford.

He said the enemy troops would try to isolate the Bien Hoa highway, the main northern route from Saigon; seize the 9th Precinct police headquarters southeast of the capital, and attack the government radio station, the U.S. Embassy, the Vietnamese

navy headquarters and other allied installations.

A Viet Cong platoon leader who defected July 17 said two battalions south of Saigon are waiting for their commanders to return from "refresher training courses in strategy and tactics" at secret bases near the Cambodian border.

Viet Cong sappers sank a large civilian dredge Sunday which was operating near the U.S. 9th Infantry Division headquarters at Dong Tam 40 miles south of Saigon. No one was

aboard and there were no casualties. U.S. spokesmen said it was not known whether enemy frogmen placed explosive charges under the vessel or whether mines were floated beside the dredge and electronically triggered. It sank in 16 feet of water.

Viet Cong infiltrators in loincloths attacked the U.S. air base at Tuy Hoa early today and blew up \$6 million worth of planes. Air Force officers said nine Viet Cong were killed and one American was wounded when the guerrillas slipped into the base under

cover of a brief rocket and mortar attack.

Firing rocket-propelled grenades and hurling satchel charges, the attackers destroyed two four-engined C130 transport planes and badly damaged an F100 Super Sabre Jet fighter-bomber before they were beaten back.

It raised U.S. aircraft casualties for the week since last Monday to 12 planes lost and four badly damaged. Nine planes were lost in action over North and South Vietnam.

Plane Facts

'Southland Needs 13 More Airports'

LOS ANGELES (AP) — The Federal Aviation Administration, citing a 22 percent increase in air traffic at Angeles International Airport for the first half of the year, says Southern California needs at least 13 more airports.

The FAA Air Traffic Division chief in the western region, Lynn Hink, said Sunday currently 45 public and nine military airports in the Los Angeles Basin area handle 3,000 aircraft operation an hour.

"It is obvious that with this fantastic increase in air traffic volume, some additional facilities must be obtained and improved," he said.

"We estimate we need 13 additional general aviation airports in the Southern California area," he said.

Charles C. Tillinghast Jr., president of Trans World Airlines, said the Los Angeles air traffic situation has not created a crisis as it has in New York where some planes circle for hours before landing, but that Los Angeles problem has become "serious."

A United Air Lines spokesman said Los Angeles had not suffered so much "a problem of delays" but warned the matter could soon worsen.

Air facilities will be restricted in the future if there are not enough people and equipment to cope with the traffic, Hink warned.

"We are standing at a crossroads," he said. "We must recognize we have a problem and do something about it or we're not going to have the growth we can have."

DIES AT LIDO HOME
Dr. Arthur G. Coons

Famed Educator Dr. Arthur Coons Dies in Newport

Dr. Arthur Gardiner Coons, prominent educator and president of Occidental College from 1946 to 1965, died in his sleep Friday at his home 240 Via Genoa, Lido Isle. He was 68.

Services will be held at 2 p.m. Tuesday at St. Andrews Presbyterian Church, Newport Beach.

Although Dr. Coons had suffered several serious heart attacks over the past several years, he had continued to be active in the community.

The Coons had made Newport their permanent home since 1964. He had maintained a summer residence in Newport since 1936.

He was president of the state's Coordinating Council for Higher Education and was active as a member of the 552 Club of Hoag Memorial Hospital and was in the Executive Club of the YMCA.

Dr. Coons gained wide reputation as the ninth president of Occidental College, which under his leadership moved from a small private school to rank with the nation's top liberal arts colleges.

He was on the board of the Federal Reserve Bank of Los Angeles and a trustee of the Haynes Foundation of Los Angeles.

Survivors include his wife, Mary Edna of the home; a son, Arthur Jr. of Pasadena; a sister, Mrs. Ralph Seward of Laguna Hills; a brother, Rex Coons of Anaheim and two grandchildren.

The family suggests that those who wish may make a memorial contribution to Occidental College.

Private interment will follow at Pacific View Memorial Park.

Arrangements are under the direction of Baltz Mortuary, Corona del Mar.

Dog Tattooing Gets Unfavorable Coast Reaction

Dog tattooing has come to the Orange Coast, but not without mixed reactions, most unfavorable.

"I had the machines and got rid of all of them," Dr. Albert Stockton of the Stockton Small Animal Hospital in Corona del Mar said. "I think it is a good thing, but humanely you have to give them a tranquilizer. Otherwise it would be cruel."

The national organization, the Canine Bureau of Identification in New York with a local branch, Animal Identification Service of Los Angeles is designed to deter dog snatching and supplement the Laboratory Animal Welfare Act passed by congress in 1967.

Under the plan, owners will have their pets tattooed either on the ear or flank by their own veterinarians with four-character numbers preassigned by the Canine Bureau of Identification.

Formal registration data will then be entered in the bureau's New York offices and a collar tag issued advising any finder to telegraph CBI collect, giving the number of the dog and his own identity and location.

"I have the equipment," Dr. John Wheaton of the Corona del Mar Animal Hospital said. "But right now we are only using it for Collie nose." A disease of that breed, the doctor explained, which takes the pigment out of the dog's nose. The machine is used to replace the color.

"They've been trying to get this organization going for 20 years," he continued. "It's not regulated. That's why it's not popular. Until I see some demand for them, I'm not going to use it. I think you would find one out of every 20 veterinarians has the equipment."

Other veterinarians in the area use their own system of identification where the number is recorded only by the owner.

Mrs. Hitchcock Rites Wednesday

Funeral services will be held Wednesday for Karleen Hitchcock, 66, a 20-year veteran officer at the Bank of America main office in Los Angeles, who died in her Emerald Bay home Saturday. Mrs. Hitchcock had been a Laguna Beach resident for the past three years.

Memorial services will be held at 11 a.m. at the Laguna Beach Funeral Home with Dr. Dallas Turner of the Laguna Beach Community Presbyterian Church officiating. Interment will follow at the Evergreen Cemetery at Riverside.

A native of Riverside, Mrs. Hitchcock was a member of the Laguna Beach Garden Club and a member of the PEO. She lived with her family at 1115 Emerald Bay.

Surviving Mrs. Hitchcock are her husband, John R., sons Robert K. and William C. all of the family home, and a brother, Robert P. Sleeper of Whittier.

Liquor Store Robbed

Dapper Gunman Gets \$330 in CdM Heist

Newport Beach police today sought a dapper gunman who robbed a Corona del Mar liquor store of \$330 and, as he ambled out with the loot in a paper sack, smiled to the frightened clerk:

"You're a good guy."

La Cantina Liquors, 3244 E. Coast Highway, was held up at 10 p.m. Saturday.

Clerk Virgil Clinger, 66, said the bandit was nattily dressed.

He wore a green plaid sports jacket, black tie, and black trousers, with matching accessories — black sunglasses and a black .38 cal. steel revolver.

"This is a stickup," he snapped at Clinger, alone in the store. "Put everything in this sack."

He produced the gun in one hand and the sack in the other.

Clinger later told police it was a No. 4 Kraft sack.

As Clinger scooped handfuls of bills

out of the cash register and stuffed the min the sack, another clerk, Mike Convey, walked in through a door.

"Don't move," said the bandit. He cocked his revolver.

Convey didn't move.

The sack filled, the gunman exited — parting with his friendly "good guy" farewell to Clinger.

Clinger said the suspect was about 25-30 years old and of average height, weight and build. And well dressed.

Eight Killed in Collision Of Two Private Aircraft

EAST FARMINGDALE, N. Y. (UPI) — Eight persons were killed Sunday night when two private planes collided and crashed while preparing to land at Republic Airport.

Suffolk County police said there were four persons in each of the planes, a two-engine Piper Artec and single engine Piper Cherokee. There were at least two children in the twin engine plane, police said.

The planes were both in the process of landing at Republic airport, according to George Van Epps, chief of

the New York office of the National Transportation Safety Board.

The planes fell about one mile east of the airport.

Police said the Artec caught fire before it crashed about 1,000 yards away from the Cherokee in a wooded area near a cemetery.

An East Farmingdale volunteer fireman said that the twin-engine plane contained the bodies of a man, a woman, a boy and girl.

Firemen from five volunteer fire companies in central Long Island area on the border of Nassau and Suffolk counties were called to extinguish the fire.

From Page 1 POLITICS . . .

keep the campaign document neutral as between GOP presidential hopefuls — but a note of rivalry sounded at the very first session.

Harold Stassen, long-time seeker of the presidential nomination, accused New York Gov. Nelson A. Rockefeller and Richard M. Nixon of being enmeshed in what he called the errors of the Democratic administration's Vietnam policy. Stassen challenged those he said who are "regarded as the front runners" to appear in person before the platform-writing group.

Neither Nixon nor Rockefeller has asked for time at the platform committee hearings, which are a prelude to next week's nominating convention, but it was understood both intend to present some ideas through friendly witnesses.

"We don't know who is going to be the nominee," the platform committee chairman, Sen. Everett M. Dirksen of Illinois, said. "I'm keeping myself free from that controversy — if it is a controversy." He said he hopes other members of the committee will refrain from pushing for their favorites through platform wording.

Elsewhere on the political scene:

Sen. Eugene J. McCarthy says his goal as president next to ending the Vietnam war would be to divert most of its \$30 billion annual budget to city problems, which he calls the nation's second most critical concern.

But Vice President Hubert H. Humphrey's camp claimed Sunday delegate-selection results indicate Humphrey will have "far more than enough" votes to win the Democratic presidential nomination over McCarthy on the first national convention ballot.

McCarthy, in a policy statement issued Sunday, said he would not wait for an end to the Vietnam war but as president would begin diverting money to domestic problems as the war was de-escalated.

He pledged a "massive job creation program" involving tax incentives to private enterprise — and said this would permit a start toward "elimination of the present degrading welfare system which encourages dependency on the federal government."

From Page 1 SHARK . . .

bloody, bruised body into the boat and roared off toward the U.S. Coast Guard station in Bodega bay.

Oceanographers say shark attacks are relatively rare but they are always a possibility, especially off northern California, where the usually cold waters harbor a rich feeding ground for predators.

Each summer when warm currents bring an occasional stray up from tropical waters off Mexico and Central America, the danger increases, according to veteran scientists and seamen.

Questioned about shark danger off the Orange Coast in the wake of Logan's encounter with the man-eater above San Francisco, a Newport Beach expert said it is not as great.

"Up there, there's a lot more feed," said Joe Deem, building superintendent for Caltech's Kerkhoff Marine Laboratory in Newport Beach.

Deem said the warming current sweeps around Point Conception, bringing the occasional stray man-eating sharks into seas rich with marine life and consequently good diving grounds.

"I used to fish tuna up there — for 25 years," said Deem, "and I know that area well."

Festival of Arts Sets Deadline For Scholarships

Application deadline for the Festival of Arts advanced and special scholarship programs has been set for Aug. 10.

Jesse Riddle, chairman of the Festival Scholarship Committee, said candidates for advanced training scholarships and tuition grants must be graduates of Laguna Beach High School.

Scholarships are awarded "for one year's study at colleges or accepted art schools within the U.S."

In order to be eligible for special scholarships, candidates must be graduates of Laguna Beach, Newport Harbor or San Juan Capistrano high schools and must have attended college or an accredited art school for two years. These scholarships may be awarded for a full year or part of a year and may also be granted for foreign study.

Full information on application requirements may be picked up at the Festival of Arts office, 660 Laguna Canyon Road.

Cycle Death

Trio Lose Lives In Auto Wrecks

Three persons, including a Costa Mesa nurse whose car sailed 115 feet off the San Diego Freeway and a Huntington Beach man demonstrating his new motorcycle, died in Orange County traffic accidents over the weekend.

Victims were:
Mrs. Annie Sackett, 54, of 1199 Dorset Lane, Costa Mesa.
Brian G. Forsman, 22, of 5882 Hacienda Drive, Huntington Beach.
Daniel R. Grande, 18, of Santa Ana.
California Highway Patrol investigators said Mrs. Sackett was driving southbound on the San Diego

1968	County Traffic	1967
125	Death Toll	110

Freeway at Harbor Boulevard early Sunday when her car flew off the road. The car slammed into a concrete abutment for a railroad undercrossing and exploded in flames, hurling the victim from the car, CHP officers said.

Forsman was giving a neighbor boy, David James, 16, of 5862 Hacienda Drive, a ride on his new motorcycle Sunday night when he failed to make a gentle curve on Hacienda Drive near Springdale Street.

The bike slammed into light standard, killing Forsman almost instantly and causing shoulder and internal injuries to his teenaged passenger.

The Grande youth died two hours after his motorcycle was struck by a car driven by Costa Mesa resident Alma L. Brim, 64, of 165 Yorktown Lane Saturday.

Police said Grande was riding south on Bristol Street when the Brim vehicle — northbound on the same street — turned left onto Wilshire Avenue.

Atomic Pioneer Otto Hahn Dies

GOETTINGEN, Germany (AP) — Otto Hahn, the pioneer German research scientist who fathered the atomic age, died Sunday after a long illness. He was 89.

Hahn and his assistant, Fritz Strassmann, split the atom in 1938, proving that atomic fission could be achieved by bombarding uranium with neutrons.

Hahn was awarded the Nobel Prize in chemistry in 1944 for his discovery, but he was a British prisoner of war and could not accept it until 1946.

After the war he vigorously supported movements to ban nuclear weapons. He disclosed that when the atom bomb was dropped on Hiroshima he thought of killing himself.

"Nobody knows the deadly danger better than the atomic scientists," he said. "Therefore, we must appeal to the great ones to settle their problems at the conference table."

DAILY PILOT Photos by Richard Kessler

Rose Pose

Linda Harvey, pretty 17-year-old Miss Westminster, helps her city "petal" the idea of planting roses at Civic Center next Saturday. Each person who will show up with a shovel as a volunteer rose bush planter will be allowed to buy another rose bush for his own use at \$1 per five-gallon-car-sized rose bush plant. Sweet-scented project will get under way at Civic Center, Westminster Avenue east of Beach Boulevard, at 8 a.m. next Saturday.

Hanoi Hails Rebel Raid On Thai Commando Base

PARIS (UPI) — North Vietnam today hailed a recent rebel commando raid on a U. S. Air Force base in Thailand and called for an intensification of such attacks.

Nguyen Thanh Le, chief spokesman for the North Vietnamese delegation to the Vietnam talks here, told a news conference that "wherever the United States is preparing aggression, the people have the right to fight the Americans."

Le said that "the more the United States steps up its aggression, the

more people fight against it, especially in areas where American bases are located."

Le did not deny a statement made by the U. S. Embassy in Bangkok that a Vietnamese was among the commando members killed during Friday's attack against the U. S. base at Udorn, in northeastern Thailand.

Le said that the Vietnamese minority in Thailand, while abiding with local customs and laws, allegedly was being subjected to "mistreatment" by the Thai government.

Nevada Blazes

Fire Threatens Governor's Home

CARSON CITY, Nev. (AP) — A 3,000-acre fire which threatened Nevada's capital flashed out of control today after burning within 600 yards of the governor's luxurious home.

It started in a Sierra forest Sunday afternoon on the western edge of Carson City, destroying one house. One hundred other homes were evacuated.

"This is the worst fire since 1926," said Gov. Paul Laxalt, his face smudged and dirty after he and his wife, Jackie, removed some valuables from their \$70,000 home.

Laxalt ordered 200 National Guardsmen to help fight the fire and prevent vandalism and looting.

Wearing slacks and a sports shirt, Laxalt left his six children in the official governor's mansion near the downtown areas as flames swept by his ranch-style home near the edge of town.

The fire burned in timber at 7,000 foot elevation, too high and steep to be reached by bulldozers. Four hundred men continued to fight it, although the U.S. Forest Service said it was 60 percent contained.

Total damage was not immediately estimated, but Victor Goodwin of the Forest service said watershed damage alone totaled \$500,000.

The fire undoubtedly was man-caused, said Goodwin, because there were no reports of lightning.

"There was a definite threat to the town," said state forester George Zappettini. "We can't do a damn thing with it in this wind," he said shortly after the blaze started.

Cinders from the fire fell on the capitol and state office buildings as

well as homes. Many residents sprayed their rooftops with garden hoses.

Deadline Near For Reagan Recall Drive

SACRAMENTO (UPI) — Gov. Ronald Reagan may find out in the next three days whether he must face a recall election that, if it's held at all, would deal a decisive blow to his presidential prospects.

A six-month campaign to oust the Republican governor reaches a final deadline Wednesday for gathering the 780,414 signatures needed to put the recall issue before voters in November.

The recall backers charge that Reagan "is not competent in matters of government and public affairs," accuse him of undermining the state's mental health program, hurting education and trying to further his personal ambitions from the governor's office.

But, the recall effort could well be a two-edged weapon.

There are eight million registered voters in California eligible to sign petitions. Three out of five of them are Democrats. If six months of gathering signatures can't find one million voters dissatisfied enough to at least sign their names, it could react to Reagan's benefit.

The California Republican insists he isn't a formal candidate for the GOP presidential nomination. But, he also says he won't turn it down.

As a practical political matter, Reagan will be out of contention on the national ticket if the recall backers are able to solicit enough signatures to force an election.

It appears most unlikely the Republicans would want a candidate for either president or vice president who must also fight to retain his home state's governorship.

The recall effort has been strictly an amateur operation led by Edwin Koupal of Orangevale, a Sacramento suburb, and his wife, Joyce.

"If it's humanly possible for amateurs without any money to do it, then we're going to do it," Mrs. Koupal said in an interview.

Berkeley Man Held in Slaying

BERKELEY (UPI) — Police today held a 21-year-old Berkeley man in connection with the brutal shotgun slaying of Robby D. Johnson, 23.

Alfred J. Walker was arrested by police four hours after the shooting Saturday night at the victim's apartment. Officers said Johnson was shot in the face with a 12-gauge shotgun fired at point-blank range.

Police said Robinson was carrying an envelope containing several reddish capsules and an amount of brown colored substance they suspected to be narcotics.

Humphrey Campaigns In Watts Area

From Wire Services

LOS ANGELES (AP) — Vice President Hubert H. Humphrey campaigned in Watts today with labor leader Walter Reuther at his side and told Negroes "things are beginning to change and they are changing for the better."

There were no welcoming crowds at the first two stops of the day — the Watts Manufacturing Co., a subsidiary of Aerojet General, and a poultry ranch in a residential neighborhood.

Both projects are designed to give jobs and economic help to residents of Watts.

Humphrey inspected a woodworking and tent making facility at the manufacturing company, whose 550 workers make crates for missile casings and hospital tents destined for Vietnam.

In a brief speech Humphrey said that people with good jobs and good pay are interested in taking care of their community and have a stake in the nation.

In a later address the vice president said his first task if elected president "will be to restore peace in Vietnam."

On Sunday, Humphrey declared he won't "be driven away" from the Negro community by militant hecklers.

The candidate was forced to cut short a speech Saturday night by boos from Negro militants at a voter registration rally sponsored by the Black Democrats for Humphrey in South Central Los Angeles.

On Sunday, he told a news conference, "I won't be driven away in the future." He played down the incident, saying he was "gratified by the turnout," which he estimated at between 750 and 1,000 persons.

Buffums' presents natural mink jackets in 3 lengths at very special sale prices

Guardsmen Patrol

Violence Rocks Nation's Cities

By United Press International
National guardsmen stood by in racially troubled Gary, Ind., and Grand Rapids, Mich., today as their counterparts vacated Cleveland, Ohio, left bitter and divided by violence of last week.

Teen-agers in Pacifica, Calif., protesting an anti-loitering law, overpowered police armed with billy clubs and Mace before reinforcements could be brought in to restore order Sunday night. (See story page 7)

About 350 guardsmen were on "armory alert" in and near Gary today, maintaining an uneasy calm forced on the steel making city which had erupted in violence the previous night. A dawn-to-dusk curfew, bans on gas and liquor sales, heavy police patrolling and comparatively cool temperatures helped calm the city of 180,000 — half Negro.

110 ARRESTED

More than 110 arrests were made Sunday night and early today, most for curfew violations. Five were arrested for carrying weapons.

Early Sunday "a coalition of youth gangs opposed to motorcycle gangs" sparked violence in the city's midtown ghetto area. The disorder did not end until six persons, including a fireman fighting a blaze, were wounded by gunfire. Three stores were set afire, 10 suffered window damage and 47 persons were arrested.

State police, Chicago city police and Cook County (Chicago) sheriff's deputies were called in to help the beleaguered city. The Chicago contingent left when the guard arrived.

ARSON OUTBREAK

The guard also stood by at Grand Rapids where the weekend's disorders began with an outbreak of arson Friday night.

More than 200 state, county and city police patrolled a square-mile area of Grand Rapids early today amid a tightly enforced curfew and a ban on gas and liquor sales.

Sixteen arrests were made during the night in the city of 205,000, raising to 70 the total arrested during the three nights. At least 15 firebombings

were reported Sunday night, but most were minor.

Authorities, including Gov. George Romney who issued the orders, expected to decide today whether to lift the emergency conditions.

PHOTOGRAPHERS BEATEN

In Cleveland, two National Broadcasting Co. photographers from Chicago charged they were beaten by Cleveland police Sunday when they responded to a police radio call of policemen in trouble.

The incident occurred Sunday as police patrols restored a semblance of normalcy to the city rocked last week by sniper fire that killed 10 persons, including three policemen.

The 3,000 National Guardsmen, called in to help quell the disorders, left the city Sunday night but problems remained.

Police and city officials were bitter over the conduct of the disturbance and the fraternal order of police planned to submit a list of grievances to Negro Mayor Carl Stokes over his handling of the violence.

Robbers Heist \$100,000 Cargo From NY Airline

NEW YORK (AP) — Leisurely robbers stole an estimated \$75,000 to \$100,000 worth of import cargo from Olympic Airways at Kennedy Airport Sunday night after handcuffing six male employees and taping their mouths.

Police said the robbers — at least four in number and at least one of them wielding a gun — took 50 minutes to load the loot onto a tractor-trailer at a cargo building at the airport.

Police said the robbers used an airline fork-lift to gather up some of the loot — mostly clothing from Italy.

One of the employees, who suffered a scalp wound when hit on the head, said the robbers tended his wound and bound it with a black sock which was lying on the floor of the cargo building bathroom.

The injured employee, John Paganakis, said he told the robbers that when he fell from the blow on his head he dropped some pills he needed for a stomach ailment. He said one of the robbers retrieved the pills, gave him one, offered him a glass of water and told him to "relax."

Police said the robbers, wearing gloves and dark glasses, forced the employees of the Greek-owned airline to open the safe as soon as they entered the cargo building. About \$200 in cash was stolen.

Joseph Maggio, one of the employees, took inventory after police arrived, and set the loss between \$75,000 and \$100,000.

Judy's Manager Held For Worthless Checks

ASBURY PARK, N.J. (UPI)—Sid Luft, manager and former husband of singer Judy Garland, faces a court hearing here today on charges of passing \$2,000 in worthless checks during a stay last month.

Luft waived extradition from Philadelphia, where he was arrested on the charge last week. He appeared at police headquarters here Friday and was released in his attorney's custody.

(Compiled by the Daily Pilot Staff)

Six prisoners at a Nashville jail were only a couple of stories away from freedom when their improvised rope broke and they ended up in a hospital. Sheriff John Frazier said the six had knotted sheets together to make a rope, but apparently were so eager to leave that they all tried to slide down at once.

Mary has a little lamb. "Miss Wool of America," Mary Smiley of Denver, Colo., cuddles the small white lamb during a press breakfast which marked the beginning of her reign. The 20-year-old, hazel-eyed brunette is a junior at the University of Colorado, where she is majoring in liberal arts. All we can say is "lucky lamb."

Rumors are circulating along the French Riviera that actress Brigitte Bardot, married to West German businessman Gunther Sachs, has a "tender friendship" going with Italian playboy Luigi Rizzi. Sachs hasn't been seen at their Saint Tropas villa in weeks while Rizzi accompanied Miss Bardot on a recent cruise to Sardinia and Monaco and turns up nightly for parties at the villa.

When a bandit tried to hold up San Antonio grocer Joe Acosta, he was routed when Acosta hurled a jar of pickled pigs' feet and a quart can of oil at him. The gunman fired three shots at Acosta, all of which missed, then fled.

A rush-hour accident turned the Nimitz Freeway in Oakland to one huge hamburger. Three of four northbound lanes were blocked for hours when a large meat refrigerator rig smashed into a light standard and overturned. Carcasses and packaged meat spilled over the highway. It took workmen five hours to clean up the mess.

More than \$25,000 in cash and jewelry is missing from an automatic coffee machine in Edward Zakauskas beauty salon. Burlingame police said bandits who knew the coffee machine was used for a safe tied up Zakauskas, 44, his 13-year-old nephew and the nephew's friend. They put the three ladies in the ladies lounge and pried the machine open, getting \$8,000 in cash, a \$1,000 collection of gold coins, and jewelry valued at \$17,000.

Doctors Separate Siamese Twins After One Dies

TAMPA, Fla. (AP) — A four-day-old baby, separated from her dead Siamese twin in a five-hour operation, was reported in "reasonably good" condition today.

The babies were born Friday, joined at the chest. Sunday, one of the five-pound infants died, forcing surgery.

"The operation was a success," Dr. Richard Connor said. "The baby is alive and looks reasonably good."

The surviving twin was placed in an incubator.

Sister Colette, a spokesman for St. Joseph Hospital, said: "The doctors had hoped to let the babies become more developed and then separate them in several months. But the death of one of the babies made the separation necessary."

Doctors initially reported the girls shared a single heart. Dr. Connor said, however, the surgical team discovered Sunday that each infant had its own heart.

Hospital officials refused to disclose the identity of the parents, adding that this was the wish of the couple.

Alabama Goes to Hail

L.A. Gets First July Rain in 18 Years

California

Southern California had variable clouds with scattered thunderstorms in the mountains and deserts today turning generally fair Tuesday with a few afternoon and evening thunderstorms in the deserts and mountains.

Los Angeles had considerable sunshine with a high near 85 at Civic Center and an overnight low near 47.

The Air Pollution Control District predicted light smog in the central and inland portions of the Los Angeles Basin.

It was partly sunny with variable cloudiness at the beaches and a high near 72. Water was 67.

The deserts and mountains were variably cloudy with scattered afternoon and evening thunderstorms in the mountains and isolated heavy showers. Resort levels reported high near 75.

There were some scattered afternoon and evening thunderstorms on the deserts with variable cloudiness and considerable sunshine. High temperatures in the upper deserts were in the 80s and near 100 in the lower valleys. Some high Sunday and forecast high today included: Long Beach 84-85, Santa Monica 80-79, Burbank 87-80, Alt. Wilson 77-76, Palmdale 83-85, Riverside 82-80, Palm Springs 104-100, Bakersfield 79-74, San Diego 77-80, Santa Barbara 78-73.

LOS ANGELES AND VICINITY — Mostly sunny with variable clouds Tuesday. Lf. temperature 67. High near 85, low tonight 47. SOUTHERN CALIFORNIA COASTAL & INTERMEDIATE VALLEYS — Mostly sunny with variable clouds Tuesday. Little temperature change. High 85 to 90, low tonight 40 to 70. SOUTHERN CALIFORNIA MOUNTAIN AREAS — Variable cloudiness through Tuesday with scattered afternoon and evening thunderstorms. Slightly warmer.

PREVIEW OF ESSA WEATHER BUREAU FORECAST TO 7:00 A.M. EST 7-30-68

UPI WEATHER FORECAST

Coastal
Light, westerly winds this afternoon, 10 to 14 m.p.h. Cloudy today, becoming fair by Tuesday afternoon. Today's high, 68 to 74.
Yesterday's temperatures ranged from a high of 74 to a low of 64. Inland temperature range was 80 to 84. The water temperature was 70.2 degrees.

U.S. Summary
Locally heavy thunderstorms moved across the south today from the southern Rockies to the Carolinas. Clear, cool weather dominated the North, with early morning temperatures falling into the 40s and 50s from the Midwest to New England. The South and West remained warm. Heavy rains caused a sewer outage and danger of flash flooding in the Natchez area in southeast Mississippi Sunday night. A thunderstorm downed trees and caused property damage at Pearl, Miss., in the central part of the state.
Large hail and heavy downpours struck the Birmingham, Ala., area. Tampa, Fla., had an inch of rain in an hour.
Los Angeles measured only .01 inches of rain, but it was the first precipitation the city recorded for the month of July since 1950. Rainstorms caused power failures and filled some freeway sections with water in Orange County and Riverside, Calif., about 60 miles from Los Angeles.

Monday Night Lineups Set

By RICK DU BROW

HOLLYWOOD (UPI) — In the past television season, CBS-TV's Monday night lineup demolished the opposition and earned the network ratings supremacy.

THE LINEUP consisted of "Gunsmoke," The Lucille Ball and Andy Griffith series, "Family Affair" and the Carol Burnett Show.

In the coming season, however, a battle royal is shaping up for Monday night ratings supremacy — and the outcome may determine which network scores best in the overall statistical competition.

CBS-TV's chief challenge will come from NBC-TV, whose Monday night programs it simply wiped out in the recent season.

When last season began, the NBC-TV Monday schedule was "The Monkees," "The Man from U.N.C.L.E.," The Danny Thomas anthology and "I Spy."

"THE MAN FROM U.N.C.L.E." gave way at midseason to "Rowan and Martin's Laugh-in," and the other three series simply won't be back in the fall.

"Rowan and Martin's Laugh-in," however, will indeed be back, and it has been a phenomenal success against the potent CBS-TV Monday pairing of "Gunsmoke" and "The Lucy Show."

FURTHERMORE, NBC-TV will follow "Laugh-in" with its new Monday night movie series — the third weekly motion picture for the network, which also shows feature films on Tuesdays and Saturdays.

In addition, NBC-TV will precede "Laugh-in" with the long-running Barbara Eden series, "I Dream of Jeannie" — a long run in television meaning anything you can still remember the title of.

SO NBC-TV will go with three shows on Monday nights against CBS-TV's five. And many eyes are on CBS-TV to see whether Griffith's retirement from his series, plus the scheduling of a replacement show, will hurt the network's lineup.

The new series, starring Ken Berry, is called "Mayberry R.F.D.," and is similar in tone to the Griffith show, and in fact is set in the some southern locale.

"MAYBERRY R.F.D." is one of the three CBS-TV shows that will go up against the NBC-TV movie, the others being "Family Affair" and the Carol Burnett program.

"I Dream of Jeannie," meanwhile, squares off against the first half of "Gunsmoke," with "Laugh-in" picking up against the second half.

ABC-TV doesn't figure, at this point, to give real ratings competition to CBS-TV and NBC-TV on Mondays, but it will drain off some of the audience with the following lineup:

"The Avengers," "Peyton Place," "The Outcasts" (a new hour western with white and Negro stars) and "The Big Valley."

LUCILLE BALL, however, may find herself a little more pressed in the ratings than usual. "Laugh-in" has done so well against her that there was talk of moving her series. Now she will also face the competition of "Peyton Place."

THINGS REMEMBERED ABOUT THE '68's

As the 1968 model production year comes to a close and some of the world's 'worst kept secrets' slip out on the new models, we think about some of the likes and dislikes, surprises and disappointments of the current models.

Special awards to Dodge for the 1968 Charger. After the '66-67 Charger, which wasn't too successful, Dodge bounced back quickly and set unbelievable sales records with the newly designed model.

A very small but significant accessory on Chrysler and Dodge products is the 30 second Dodge Ignition key-hole. Stays on long enough for you to insert the key. Buick's Cruise Control; the easiest to operate and the most accurate of any we tried. A recommended accessory to Buick buyers.

Mercury Cougar's handling and suspension on the GT; awards of excellence to Javelin and the AMX, this year's additions to American Motors that gave AMC dealers something new move paid off with nine consecutive months of new car sales records.

The new Chevy Corvette and Lincoln's Continental Mark III, both are fantastic new U.S. autos. Olds Toronado, the quietest car we drove. The so-called "blended bumper" on the Pontiac GTO, looks great, is very practical, and we can expect to see more of the same in '69.

Pontiac's Catalina two door hardtop, a super buy for the money. Chevrolet Caprice 2 door hardtop, quite a luxurious change from older Chevs.

ELECTED PRESIDENT Kent Allen

Kent Allen, 30-year-old general manager of Chick Iverson VW in Newport Beach, was elected president of the Southern California Volkswagen Managers Association at its annual convention in Santa Barbara.

The Desalting Collapse

What was to be the world's No. 1 nuclear seawater desalting plant combined with electric power production has gone down the drain, at least for the present.

The plant was to have been built on a man-made island off Bolsa Chica beach in Huntington Beach. It was to produce 150 million gallons of fresh water per day, in its final phase, and enough power to substantially augment present power production for Southern California's growing needs.

The plan was to mix the water with Colorado River water to give it more palatability than distilled water.

All-in-all, the huge plant was planned as a pace-setter for the whole world — a thirsty as well as power-hungry world. It would have produced a number of beneficial side effects for the Orange Coast — another boat harbor and warm water to attract fish, not to mention the whole operation's value as a tourist magnet.

What must rank as one of the colossal budgeting miscalculations of this century is apparently responsible for the project's collapse. Six partners — four publicly owned, two investor owned — agreed to go ahead on the basis of an original cost estimate made several years ago which totaled \$444 million.

But that estimate included no projection to cover rising costs of inflation between the time of the original survey and the period of actual construction.

When current estimates came to \$765 million instead of \$444 million, the utilities involved — especially the

taxpaying, investor-owned ones — reeled and took another hard look. A difference of \$321 million was a sum only a federal government could overcome, but even the federal Department of Saline Water and the Atomic Energy Commission were given pause.

The project is now on the shelf. But how long can it be kept there? Even if the know-how this project was to produce for the rest of the country and the world were ignored, the fact remains that still-growing Southern California eventually will need the water and power the Bolsa Island plant could produce.

Euphemistic statements about the demise issued from the federal agencies concerned. The investor-owned utilities were more forthright. They just plain couldn't afford it.

But it's a project that must be carried out on a high priority basis. At some point in our future, nothing could have a higher priority than the parched throats of Southern California residents — or the needs of their homes and industry for electric power.

It appears the only answer will be much greater federal investment in the cooperating partnership between public agencies and private industry, with the money recovered from sale of water and power to the regional, municipal and private utilities over a period of years.

Cancellation of the project is a great disappointment. But possibly all is not lost. The need is so overriding that it must be met by some means.

The Means to Real Peace

The most thoughtful and relevant words I can find for our time were written by Nietzsche in 1880, in which this great (and much misunderstood) thinker came to grips with the basic problem afflicting the human race:

"The means to real peace: No government admits that it keeps an army to satisfy occasionally the desire for conquest. Rather, the army is supposed to serve for defense, and one invokes the morality that approves of self-defense.

"But this implies one's own morality and the neighbor's immorality; for the neighbor must be thought of as eager to attack and conquer if our state must think of means of self-defense.

"MOREOVER, the reasons we give for requiring an army imply that our neighbor, who denies the desire for conquest just as much as does our own state, is a hypocrite and a cunning criminal who would like nothing better than to overpower a harmless and awkward victim without any fight. **"Thus, all states are now ranged against each other; they presuppose their neighbor's bad disposition and their own good disposition. This presupposition, however, is inhumane, as bad as war and worse. At bottom, indeed, it is itself the challenge and the cause of wars. . . . We must abjure the doctrine of the army as a means of self-defense just as completely as the desire for conquest.**

"AND PERHAPS the great day will come when a people, distinguished by wars and victories and by the highest development of a military order, and

Sydney Harris

accustomed to make the heaviest sacrifices for these things, will exclaim of its own free will, 'We break the sword,' and will smash its entire military establishment to its foundations.

"Rendering oneself unarmed when one had been the best armed, out of a height of feeling — that is the means to real peace, which must always rest on a peace of mind; whereas the so-called armed peace, as it exists now in all countries, is the absence of peace of mind. One trusts neither oneself nor one's neighbor and, half from hatred, half from fear, does not lay down arms.

"RATHER PERISH than hate and fear, and twice rather perish than make oneself hated and feared—this must some day become the highest maxim for every single commonwealth, too. . . . They work in vain when they work for 'a gradual decrease of the military burden.' The tree of war-glory can only be destroyed all at once, by a stroke of lightning."

These are harsh and terrible words, almost too frightening to contemplate. Yet there have been a hundred big and little wars since Nietzsche wrote them, and the biggest is yet to come. Is it barely possible that nothing less than his drastic recommendation may save us?

Committing a Nuisance

When she first saw them, Hazel liked the plans for a shopping center near her home. But when the developer started to work, dirt and dust blew all over her place. The dust damaged her rugs, marred her furniture, and scratched the paint on the outside of her house. After Hazel had her lawyer look into her plight, she sued. She claimed that the developer had failed to water down the earth to keep dust from blowing on her place. Besides, he could have put up barricades to stop some of the dust.

The builder denied liability. He said he was lawfully making the best use of his own land. Besides, he said, neighbors would have to bear some of the pains of "progress."

HAZEL WON her lawsuit. Although every owner has the right to make the best use of his own land, he cannot do unreasonable things there which injure his neighbor. This builder moved his earth in an unworkmanlike way. He made a nuisance, and ruined his neighbor's enjoyment of her property. **A person cannot do unreasonable**

Law in Action

things on his own land that annoy, or cause discomfort or inconvenience to others. If he does, he commits a nuisance. Some nuisances are public — they violate laws or regulations. The person who illegally conducts a business or holds noisy meetings, pollutes the air or water, commits a public nuisance. The district attorney may prosecute him. If the offender is found guilty the judge may fine or jail him.

There are also private nuisances. Barking dogs, the constant burning of rubbish, the spraying of paint, and the like, may unintentionally interfere with a neighbor's enjoyment of his own land. The injured neighbor can go into court and have the judge put a stop to this if his neighbor's actions are unreasonable.

IN OUR CROWDED society, we all must put up with some neighborly discomforts. No one can stop all minor irritations. The law will make no special allowances for the peculiar quirks of irritable persons. The barking of a dog now and then, or the frequent smell of garlic from a neighbor's kitchen, or the buzzing of the nextdoor workshop may annoy you, but the courts will usually find these activities "reasonable."

In all nuisance cases the court must balance several interests. How much disturbance is there? How unreasonable is the activity? What overall loss is there to the community if the court restricts the activity?

Note: California lawyers offer this column so you may know about our laws.

By George

Dear George:
Could you tell me how the story about the Easter Bunny got started?

Dear Tim:
It's odd how often I get that question.

This big bunny rabbit started coming around on Easter and hiding eggs. Soon he was known as the "Easter Bunny." I feel this is quite appropriate.

TIM

Pressure on For Decision On Bombing

WASHINGTON — Unhindered by bombing raids on neighboring supply depots and transportation centers, the port of Haiphong is once again going full blast, supplying North Vietnam and its forces fighting in the South.

That is one of the hard facts of life which must be acknowledged by President Johnson as he ponders a future course with respect to the bombing of North Vietnam.

At his Honolulu meetings with South Vietnamese President Nguyen Van Thieu, Mr. Johnson spiked reports,

Allen-Goldsmith

circulating here and in Paris, that he was ready to stop all bombing of the North. Soon he must address himself to the consequences of the present policy which limits bombing to the North Vietnamese panhandle.

U.S. pilots were never free to attack the piers and unloading facilities in Haiphong. Such raids were forbidden for fear some accidental damage to a Russian — or even a British — supply ship might raise international temperatures.

NEVERTHELESS, the operation of the vital North Vietnamese port was slowed somewhat by raids on railroads, roads and supply points which serve the port facilities.

All such interference ended, of course, when President Johnson announced his scaled-down bombing policy on March 31. It is now clear that the North Vietnamese have taken full advantage of the logistic opportunity afforded them.

Intelligence reports indicate that the "turn around time" for Haiphong — the waiting and unloading time between arrival and departure of a supply ship — is down from 43 days to an efficient 15.

The number of ships discharging in Haiphong and other ports in North Vietnam is substantially larger now than in 1967. Russian shipping and vessels from the free world have combined to increase the traffic.

DURING THE the four months of this year (including April, the first month of the restricted bombing policy) 72 Russian ships called at ports in North Vietnam. That annual rate, 216 per year, compares with 181 Russian ships entering North Vietnamese ports in 1967.

Sen. Harry F. Byrd Jr., D-Va., the principal congressional auditor of shipping to North Vietnam, reports that the number of free world ships visiting North Vietnamese ports is running at just about double the rate of the past two years.

For the first six months of 1968, Byrd says, 78 free world ships carried cargo to North Vietnam. That total, 78, for a six month period, exactly matches the total, 78, for the 12 months of 1967.

AS IN THE PAST, most of the free world ships supplying North Vietnam fly the British flag. In the first six months of this year 64 British ships visited ports in North Vietnam compared with 32 in the same January-through-June period last year.

Faced with statistics of this sort, the Senate Military Preparedness Subcommittee is updating its recent study of the air war in Vietnam. Chairman John C. Stennis, D-Miss., has directed the committee staff to give special emphasis to the effects of the bombing halt on the Communist build-up in the south.

By Robert S. Allen and John A. Goldsmith

The Real Issue In American Life

New Ideas or Assimilate?

Richard Wilson

WASHINGTON — The real issue in American life was posed about as neatly and precisely as it can be at the recently closed National Conference of State Governors. On one side of the issue was President Johnson's good and close friend, Gov. John Connally of Texas; and, on the other, a nominal Republican, John Gardner, former secretary of Health, Education and Welfare. Both men were members of the cabinet in the Kennedy-Johnson administration.

Gardner championed going ahead at great cost with new commitments and new energy in the solution of social problems which torture this country from coast to coast. Connally declared the American people are tired of turmoil, tension, dissension and crises. Americans, he said, wish to pause, study and reflect on what we are, and where we are going. People are disenchanted with candidates with new ideas and wish time to assimilate changes which already have been made.

THOSE WHO KNOW how many of the electorate are on Connally's side and how many on Gardner's should be able to predict without difficulty the outcome of the presidential election this fall. They should be able to perceive more clearly also the dilemma of Hubert H. Humphrey, who is caught, not to say trapped, between the conflicting points of view.

For everyone who says that Humphrey must break with Johnson or the Johnson Administration image

to rise to new heights of social action, there is another who says Humphrey would do well to reevaluate the Johnson programs and proceed, not with new programs, but with those which have worked or show promise of working. Humphrey began his presidential campaign with the idea that the scope of the social budget for housing, race problems, education, and so on, was about enough. But he is being pushed or lured into statements which leave very much in doubt his real intent, just as he is being pushed or lured into statements on Vietnam which leave doubt about his position.

THIS, IN PART, must be a cause of Humphrey's recent decline in stature in samples of the voting public, and the cause, too, of the rise in interest in George Wallace, the mugwump candidate from Alabama. If the governors of the states are any measure of public opinion, law and order, and stability and security (Connally version) are of higher priority than the Vietnam war in the hearts and thoughts of voters. For almost everyone can agree that some way should be found to end the war, and the only question is how. Not knowing just how, a majority of the voters, lacking information and judgment,

may decide in the voting booth that they can only rely on the judgment of those in the administration who are doing their level best to find an honorable way out.

GOVERNORS ROSE in protest against the new taxes which the gigantic spending on Gardner's program, offered in the name of the urban coalition, would bring. But that did not alter the validity of Gardner's main point that big ideas do not come with small price tags.

All the candidates — Nelson Rockefeller, Richard Nixon, Hubert Humphrey — are trying to find the cheap way out through various devices of public and private cooperation — a Marshall Plan for the ghettos, or some kind of a private-public bank.

But Gardner is right. Every serious observer reaches the same conclusion: more taxes, more programs, and an overriding commitment to the solution of problems which unless solved will rip this country asunder.

WHILE THE GOVERNORS of the states in their black braid trimmed white dinner jackets were seated decorously in the convention center in Cincinnati, automatic rifle fire was chattering through the steaming streets of Cleveland and 10 men, including three policemen, lay dead.

It was reminder enough that an overriding commitment for both law and order and for a new burst of energy in the solution of our agonizing problems are absolute requirements.

'Human Touch Is Not There'

To the Editor:

All the exhortations of John Birchism, Wallaceism, Minute-manism, etc., are but surface reactions to something only a psychiatrist can divine.

It takes a certain type of person to adhere to these militant, Oliver Cromwellian societies. In the main, they comprise (observe this closely) non-creative people, not like artists, musicians, composers, poets and philosophers. They have the narrow outlook of incredible ignorance of mind and soul and heart. All are of the business world or in a laboring field. The human touch is not there. Business per se is a cold fish.

PARANOIA ABOUNDS in this sere and grey world of whispers. This is peculiar to America. Our Puritan (heritage?) has long been fighting Pilgrims. Self-righteous and arch, these odd souls walk a chalk line toward eternity. Arthritic rigidity indeed. They fear the Mediterranean world that gave us the glorious

Mailbox

Letters from readers are welcome. Normally writers should convey their messages in 300 words or less. The right to condense letters to fit space or eliminate libel is reserved. All letters must include signature and mailing address, but names will be withheld on request.

Renaissance era. Franklin warmed his hands on that fire. Our founding fathers were, in the main, utterly human. When did the Devil step in? When will he get out? I wonder and worry.

JOHN HAINES

Deception

THE JOHNSON ADMINISTRATION has once again pulled off a masterful piece of deception on the American people! The Army has proudly announced, the draft call was lower than it had been since April, 1967. An exclusive interview with some brass drone announced that the reason was that replacements weren't needed in Vietnam. Everyone sighed, put down the paper and said hurrah for Clark Clifford, he is really keeping our boys home. 'Tis not surprising the public had this reaction because as usual the Army only told what was good politics and what Johnson wanted told.

THE TRUTH IS; divisions which are due to come home are being replaced with reservists. These reservists are men of average age, 30 up to 35 or 36. These men have established themselves in their communities and their businesses. They have from two

to five children and own homes with payments up to \$350 per month. They could afford this because their average income was \$10,000 to \$50,000 annually.

These men aren't draft card burners and beard wearers or long hairs, these men don't pour blood on draft files and march in front of induction centers.

THESE MEN signed up for the reserve program to fulfill their military obligation, because the program was designed for extreme national emergency and any one of them would gladly go, should this occur. It hasn't, however, opportunists in the Pentagon saw their chance to show these "weekend warriors" how it feels to be a "real" soldier and they took it. The reservists, like sacrificial lambs, meekly submitted. They will go where younger men should go, if anyone should. They will fight and some may even survive in spite of the lousy training and padded reports to the Pentagon by some C.O. up for promotion.

PHYLLIS GALKIN

Dear Gloomy Gus:

With the curtailment of mail service, I would just as soon go back to Pony Express. I'm sure we would have better and faster service.

YOUNGEST GIRL — Ten-year-old Madeline Cole proudly shows the A. B. Rouselle Trophy on which her name will be engraved as the youngest girl to finish the 33rd Flight of Snowbirds. Councilman Paul J. Gruber makes the presentation.

SNOWBIRDS SIGHTS — Skippers and crews scramble for weather rails as gusts heel Snowbirds (above) in the 33rd Flight of the Snowbirds. Emerging as overall victor in the annual small boat classic was Pat Scruggs (right) who proudly displays the Albert Soiland Perpetual and the take-home trophy.

Lido 14s To Race On Lake

Lido-14 skippers from throughout the southwest and as far away as Oregon started converging at Huntington Lake near Fresno for the week-long national championship regatta.

Nearly 100 of the 14-foot sloops which had their beginning on Newport less than 10 years ago are expected to compete in the regatta.

There are 3,000 Lido-14s in existence. They are sailed wherever there is a body of water large enough to accommodate the sporty centerboards.

Lido-14s are manufactured by the W.D. Schock Co. of Newport Beach and Santa Ana and are marketed all over the world.

Practice races were scheduled to be held at Huntington Lake today and tomorrow morning. Actual competition for the championship starts tomorrow afternoon and will continue through Friday.

Harry Wood of Alamitos Bay Yacht Club is the defending champion.

Heavy Winds, Rains Wet Ahmanson Fleet

Newport Harbor Yacht Club's Ahmanson Trophy fleet got wet in more ways than one Saturday and Sunday in the Annual Newport to Long Point and Return race.

Some 35 sail boats started the race Saturday in a moderate westerly that carried them up the beach to as far as the oil islands before starting the track across the channel to Catalina Island.

Midway in the channel the wind freshened to 20-25 knots that soon had the fleet plunging through and over lumpy seas that thoroughly drenched crews.

After bedding down in the calm waters of Moonstone Cove, the yachting crowd was prepared for a comfortable night, only to have their yachts hit by a deluge from a thundershower that lasted nearly an hour early Sunday morning.

Things were even calmer Sunday at noon when the fleet set sail for home. But the calm didn't last long. By mid-afternoon the fleet was surfing ahead of mounting seas generated by a freshening westerly that whistled up to 18 knots.

The wind died in later afternoon and the majority of the fleet drifted across the finish at the entrance of Newport Harbor with their colorful spinnakers sagging.

When it was all over, George Sturges' Columbia-50 sloop was the overall corrected time winner of the combined races, beating out Jack Baillie's Newsboy by a few seconds on corrected time. Release's combined corrected time for the two legs of the race was 8.476 hours. Newsboy led both ways, but wound up with a corrected time of 8.4512 hours for the two legs.

Tom Schock's Santana-27 Anita was the winner of the Pacific Handicap division of the race in competition for the Dickson Trophy.

Winner in the Midget Ocean Racing Fleet was Steve Seal's Baby.

Final results: CLASS A & B — (1) Release, George Sturges, NHYC, 8.4476; (2) Newsboy, Jack Baillie, NHYC, 8.4512;

(3) Wind Star, Gene Trepte, SDYC, 8.6084; (4) Enchantress, Allen Kelly, BCYC, 8.6192; (5) Cygnus, Ernie Chipman, LBYC, 8.6490.

CLASS C — (1) Protege, John Reynolds, NHYC, 8.6966; (2) Conquest, Bill Polly, LBYC, 8.7109; (3) La Prensa, Lockabey & Lippold, BYC-NHYC, 8.9769; (4) Typhoon, John Olson, LBYC, 9.0392.

CLASS D — Arriba, Smiley & Thorne, BYC, 9.0461; (2) Sanderling, Kirk & Poole, VYC, 9.0991; (3) Bravo II, Bill Haskell, LIYC, 9.3084.

PHRF — (1) Anita, Tom Schock, NHYC; (2) Skip, Charles Rook, BYC; (3) Amoria, Guy Inshaw, SSSC.

MORF — (1) Baby, Steve Seal, LIYC; (2) Vivacious, Bill von KleinSmid, NHYC.

Wesley W. Sprow, director of the California Harbors and Watercraft, announced "with great concern" that 42 persons had died while boating in California during the first five months of 1968.

The figure was termed a "sharp rise" over the 30 fatalities reported for the same period last year. Sprow's figures also showed that the state's boaters had reported 68 injuries and \$405,000 in property damage from 190 accidents involving 252 vessels.

Thirty six of the deaths reported were by drowning — seven from falling overboard — and 29 due to the vessel capsizing or sinking. Two deaths resulted from injuries received in high speed racing, two from suffocation from fumes inside a boat cabin, and two from being struck by a boat while in the water.

Fatalities were reported from all parts of the state and involved all types of water — rivers, lakes and ocean. Fifteen occurred in offshore waters, four in bays, 13 in rivers, and 10 in lakes and reservoirs.

The size of craft involved varied from 12 to 32 feet — but mostly in the 14-17 foot range. All but six of the boat operators were over 30 years of age. Activities were principally fishing and cruising.

Girl Finishes Second

Sabot Ace Wins Snowbirds

Pat Scruggs, long time Sabot ace from Newport Harbor Yacht Club, moved up a step Sunday and captured the 33rd sailing of the Flight of the Snowbirds.

The young skipper worked his way to the head of the 67-boat fleet early in the race and was never headed as the brisk southwesterly breeze pushed him around the five mile course in one hour and 15 minutes.

In second place and winner of the Insee Trophy for first girl to finish was Lisa Gustafson, also of Newport Harbor Yacht Club. It was the first time a girl skipper has placed as high as second.

As a matter of fact, the girls came out even with the boys in the first 10 finishers for which trophies are given. There were five each.

Victoria Seaver, who for several years competed for the prize for the youngest girl to finish, found herself in the hallowed first 10.

Youngest girl to finish, and winner of the A.B. Rouselle Trophy was Madeline Cole, 10.

Eight year old Bert Barnard picked up the Harry Welsh Trophy for the youngest boys to finish.

William W. Harvey, who has declined to give his true age for a number of years became a perpetual repeater for the oldest sloop to finish.

Mr. and Mrs. Donald Dabney of Newport Beach won the trophy for the first married couple to finish.

As the Flight winner, Scruggs took home the Albert Soiland Memorial Trophy. Dr. Albert Soiland was one of the founders of Newport Harbor Yacht Club and also one of the instigators of the Flight of the Snowbirds. The Soiland Trophy was presented to Scruggs by Mrs. Joseph A. Beek, whose husband was also one of the founders of the race.

Mrs. Gustafson picked up two coveted prizes. The award for second to finish was presented by Tom Webster who, with his brother Rob, were the first owners of a Snowbird. The trophy for first girl to finish was presented by Newport Mayor Doreen Marshall.

Carroll Beek was the winner of a special sportsmanship award presented by Andy Gram of Balboa Yacht Club. She finished fourth but told the committee she had inadvertently violated a rule and withdrew.

The 67 entries was the lowest in many years, and gave credence to the Chamber of Commerce belief that the Flight — once known as the "world's biggest little yacht race" may well be on its way to history. Jack Barnett, manager of the sponsoring Chamber of Commerce, said the Flight will be continued as long as there are 50 boats which turn out for the sudden-death race.

Following are the first 10 finishers:

- (1) Pat Scruggs, (2) Lisa Gustafson, (3) Cliff Wilson,

- (4) Rick Hawthorne, (5) (8) Rocky Beek, (9) Victoria Nelson, (6) Cathleen Seaver, (10) Mary Ann Wilde, (7) Rob Hambleton, Kistler.

Henry Schofield Wins Cal 20 Championship

Henry Schofield of Alamitos Bay Yacht Club won the Cal-20 national championship Sunday after three days of competition in Long Beach Harbor.

There were 67 entries in the regatta, most of them from the Southern California area. The Cal-20s are manufactured by Jensen Marine Co. of Costa Mesa.

Because of the size of the fleet, the regatta was split into two divisions after the first three races, the top 31 competing for the championship and the remainder sailing in a consolation series. Final results:

- 1. Myopia II, Henry Schofield, Alamitos Bay. 2. Hustler, Art Glasier, Alamitos Bay. 3. Blue Demon, Les Marshall, San Diego.

- 4. Tan Tan, Ted Matson, Alamitos Bay... 5. Brisk II, Paul Merrill Jr., Alamitos Bay. 6. Get Away, Lee Berlinger, Seal Beach.

- 7. Wee Birds, Eric Conn, Seal Beach. 8. Christiana, Nixon Galloway, King Harbor.

- 9. TNT, Jim Douglas, Long Beach. 10. Hana Pau, Dave Heggie, King Harbor.

CONSOLATION SERIES: 1. Hot Spur, Bob Knighton, Seal Beach. 2. Lo-Cal-Ri, Dick Spear, Los Angeles.

- 3. Tension, Dick Watkins, Long Beach. 4. Half Circle, John Nootboom, Los Angeles. 5. Open Hatch, Gordon Hatch, Huntington Harbour.

Governor Cup Won By Argyle Campbell

Argyle Campbell, one of the nation's top collegiate sailors, saved the Governor's Cup for Balboa Yacht Club Sunday when he wound up the three-day regatta with eight straight wins.

Balboa Yacht Club was host to the junior match racing classic by virtue of having won the inaugural last year with Campbell at the helm.

The Governor's Cup is a junior version of Long Beach Yacht Club's famed Congressional Cup for match racing. Each team races every other once during the series. Trailing Campbell on the

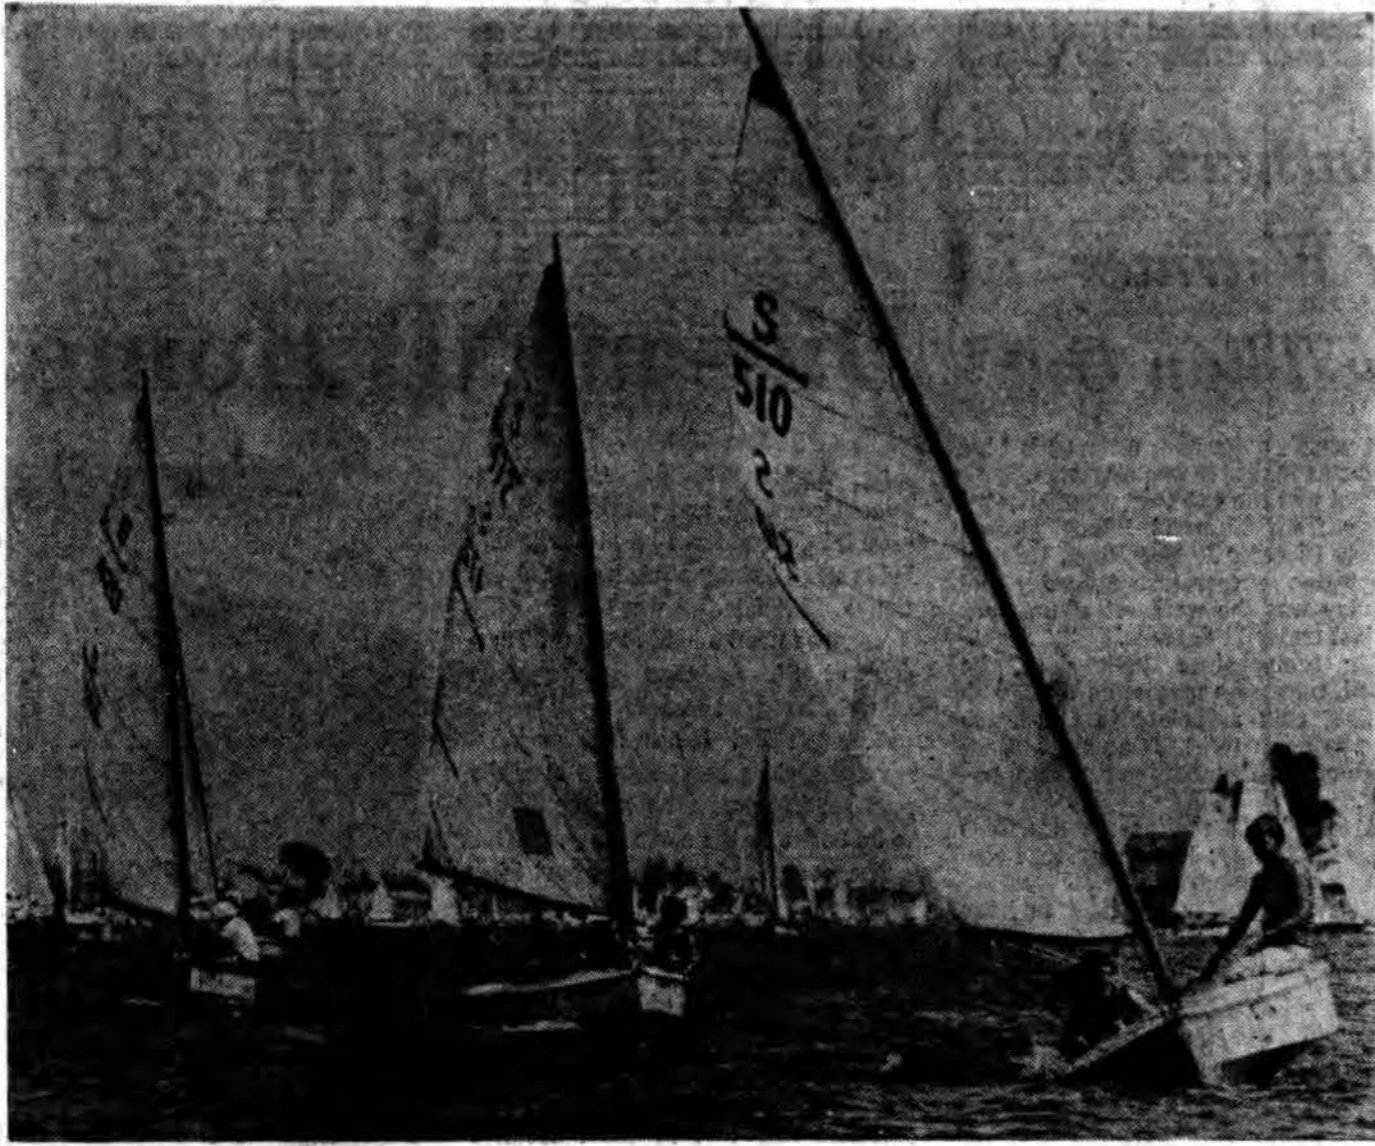

scoreboard were King Harbor Yacht Club's Andy MacDonald and Alamitos Bay Yacht Club's Ken Weiss with six wins each.

Scoring is on the basis of one point for each match won and zero for losses.

Mary Griffith, Los Angeles Yacht Club's skipper finished in fourth place with four points; Doug Rostello, Long Beach Yacht Club, and Jerry Jessup, San Diego Yacht Club tied with three points each; NHYC's Peter Wilson, Bahia Corinthian Yacht Club's Dennis Durgan, and Huntington Harbour's 13-year-old Randy Smyth tied with two wins each.

TWO-TIME WINNER — Argyle Campbell, nationally known collegiate sailor from Balboa Yacht Club, made it two in a row Sunday when he successfully defended the Governor's Cup for junior match racing series instigated by BYC.

Voting Averts Astronautics Strike Threat

About 1,500 employees of the McDonnell Douglas Corp.'s Astronautics Division are on the job today in Huntington Beach as a direct result of voting Sunday in which union members of two huge aerospace firms approved new three-year contracts.

Voting continued today at Astronautics, but, with most votes cast on Sunday already counted, union officials indicated a threatened strike which was to have begun today apparently has been averted. The strike reportedly could have involved as many as 150,000 aerospace employees nationally.

Lockheed Aircraft Corp. employees also were involved in Sunday's balloting on new contracts which are expected to set a pattern for the industry.

Members of the International Association of Machinists (IAM) working at Huntington Beach, Santa Monica, Vandenberg Air Force Base and Cape Kennedy, Fla., voted 4-1 Sunday to accept a new contract.

The contract calls for raises and fringe benefits ranging from 97 cents to \$1.05 per hour over a three-year period. About 4,000 of the union members meeting at Los Angeles Shrine Auditorium voted on acceptance of a new contract to replace the one which expired July 22.

IAM President Virgil Pergem of Lodge 1578 and B. R. Swisher presiding over Lodge 720, presented the new contract to the members Sunday and reported an "overwhelming vote in favor of the new pact."

5 CdM Youths Arrested For Marijuana Smoking

Five youths were arrested in a Corona del Mar beach cave Saturday night when they passed the pot pipe to the wrong party -- a member of the Police Department's "Mole Patrol".

Police said the patrolman, dressed in casual beach gear, made the arrests after joining the gathering, apparently unnoticed. It happened this way, according to police:

The officer entered the cave, in the

rocks near China Cove, after he heard mumbled words from within. It was pitch dark inside, except for a very small fire, around which sat the teenaged boys.

The patrolman sat down with them. No words were exchanged. No one could see anyone. It was assumed that he belonged.

The pipe was stuffed with hashish -- a form of marijuana -- and lit. It was passed from one youth to another. It finally came to the patrolman.

"No, thanks," he said. "You're all under arrest." And they were, on marijuana possession charges.

VANDAL DESTROYS MAIL IN NEWPORT

Someone, not the mailman, reached into Floyd F. Hahn's mailbox Friday afternoon, took out two envelopes Hahn had placed there for delivery, and ripped them into tiny pieces.

The pieces were scattered in a nearby alley.

Hahn, 6310 W. Ocean Front, Newport Beach, told police one of the envelopes contained a check for \$29.15. The other contained a check for \$5,250.

Stock Markets

NEW YORK (AP)—Prices weakened further this afternoon as trading remained moderately active in the stock market. (See quotations, Pages 18-19.)

Losses widened their margin over gains by a ratio of three to one. The Dow Jones industrial average was down close to six points in later dealings.

Reagan Gaining

Nixon Confident of Nomination

Firm Wire Services
Backers of Richard M. Nixon acknowledged today that Gov. Ronald Reagan has more support than has surfaced at the Republican National Convention in Miami Beach but continued confident that Nixon would win the GOP presidential nomination on the first ballot.

"The likelihood is that there will not be a second ballot," a top Nixon strategist said. Gov. Nelson A. Rockefeller and his supporters claim-

ed there had been important defections from Nixon to the California governor and said this would help Rockefeller.

The Rockefeller camp said Nixon now has no more than 515 first-ballot votes with 667 needed for nomination.

One Nixon associate, asked about the matter, said the former vice president had been aware all along that he was second choice among some delegates from the South and the Rocky Mountain areas. He mentioned

Mississippi and North Carolina particularly.

The Nixon source added that while some of these delegates are "talking Reagan" for local consumption, he was sure they will "vote Nixon" at the convention for fear of opening up the nomination for Rockefeller.

"They would rather have a repeat of 1964," he said, "than have Rockefeller at the head of the ticket." He referred to Barry M. Goldwater's humiliating defeat by President Johnson.

In Jaws of Shark

Skin Diver Plays Dead

A skindiver prowling the seabottom off Bodega Bay for abalone Saturday played dead while clenched in the tooth-jagged jaws of a giant white shark, also hunting in food-rich kelp beds three fathoms below the surface.

He almost didn't have to play. Frank Logan, 25, of Placerville, a Douglas Aircraft Co. electronics technician, is recovering today with 200 stitches holding together 18 separate wounds.

The young father of two was skin diving with three companions from a small boat off Bird Rock, 50 miles north of San Francisco, when the big shark, brought north by warming currents, swirled up -- unseen.

Logan said something grabbed his leg, then suddenly his chest and back were crushed in a vise-like grip as the marauder from Mexican waters bit into his body.

"I could see it was a shark, so I just

went limp and played dead and finally it let go," said Logan from his Sebastopol hospital bed. He is recovering at home today.

The powerful creature swam on for about 10 feet with his terrified mouthful, then released the grip and Logan -- his leg weight belt torn away by jagged teeth -- floated upward.

The victim shouted to his companions for help and they hauled his (See SHARK, Page 2)

Pope Paul Hits Birth Controls In Banning Pill

VATICAN CITY (AP) — Pope Paul VI today banned the contraceptive pill and all other mechanical and chemical means of birth control for the world's half a billion Roman Catholics. He also indicated that the rhythm method should not be employed as a regular practice.

"Every matrimonial act must remain open to the transmission of life," the Pope declared in a key sentence of this long-delayed encyclical letter on one of the most controversial issues facing the church today.

"To destroy even only partially the significance of intercourse and its end is contradictory to the plan of God and to his will," the pontiff declared.

This appeared to rule out the possibility of any future acceptance by Pope Paul of contraception for any reason and seemed to imply disapproval of the constant use of the rhythm method of periodic abstinence, the only method of birth control previously sanctioned by the church.

In a passage directed to men of science, the Pope voiced encouragement for continued research in the area of birth regulation. But again he appeared to rule out any other solution than ways of improving the rhythm method.

'You're Good Guy,' Says Dapper Bandit to Victim

Newport Beach police today sought a dapper gunman who robbed a Corona del Mar liquor store of \$330 and, as he ambled out with the loot in a paper sack, smiled to the frightened clerk:

"You're a good guy."

La Cantina Liquors, 3244 E. Coast Highway, was held up at 10 p.m. Saturday.

Clerk Virgil Clinger, 68, said the bandit was nattily dressed.

He wore a green plaid sports jacket, black tie, and black trousers, with matching accessories -- black sunglasses and a black .38 cal. steel revolver.

"This is a stickup," he snapped at Clinger, alone in the store. "Put everything in this sack."

He produced the gun in one hand and the sack in the other.

Clinger later told police it was a No. 4 Kraft sack.

As Clinger scooped handfuls of bills out of the cash register and stuffed the min the sack, another clerk, Mike Convey, walked in through a door.

"Don't move," said the bandit. He cocked his revolver.

Convey didn't move.

The sack filled, the gunman exited -- parting with his friendly "good guy" farewell to Clinger.

Clinger said the suspect was about 25-30 years old and of average height, weight and build. And well dressed.

Newport Auto Injures Youth

An 18-year-old freight handler from Bell was struck down by a car on Seashore Drive in Newport Beach Saturday night.

Daniel Jeffrey Valoff was released after treatment of head cuts at Hoag Memorial Hospital.

Police said the accident occurred near Highland Street at 9:15 p.m. Valoff was walking on the street on Seashore when he was hit by an auto driven by Guy Lawrence Hall, 20, a Marine stationed in Santa Ana.

The car was traveling at only 20 miles an hour at the time, police said.

Lockabey Wins Annual Newport 'Walrus Meet'

By JACK CHAPPELL
Of the Daily Pilot Staff

Swimming to an impressive victory amid a hail of dead fish, tomatoes, and assorted ripe fruit, Logan Lockabey outscored his closest opponent, Don

More Pictures, Page 2

Burns by 1,414,503.14159 points in the annual Walrus swim held at 9 a.m. Saturday at the Newport Beach pier.

The cocky Lockabey told the DAILY PILOT that he had no doubts that he would win, at least by a nose. His total point score was 3,14159. Next was Burns, with a score of minus 1,414,500 followed by Kendall Jacobson with a score of minus 3,500,000.

The Walrus swim has become an annual put-on by the supervisory staff of the Newport Beach Lifeguard Department, who set out to prove to the younger lifeguards that, appearances aside, there's life in the old guards yet.

None of the 16 old guard entries failed to finish the race around the pier. Following the selection of the winners, the judges were attacked by disgruntled losing members of the staff, pelted with garbage and thrown into the ocean -- all in fun, of course.

Captives Hint Major Red Offensive Looms

SAIGON (AP) — Captured enemy officers and Viet Cong defectors are continuing to supply evidence that the foe is preparing for a major third offensive, South Vietnamese intelligence sources said Monday.

Some prisoners have told interrogators that allied bombing raids and ground sweeps around Saigon are constantly disrupting these preparations.

A female Viet Cong squad leader captured by South Vietnamese airborne troops said she had been

ordered to set up a first aid station near Saigon to treat the wounded in the upcoming assault, the sources said.

An officer of the 508th Viet Cong Battalion in Long An Province told his captors that six battalions and two sapper companies, a total of 2,200 men, would be used in the offensive. Intelligence officers said he listed the main targets in Saigon as the national and local police headquarters, the presidential palace and militia posts. Another prisoner, the executive of-

ficer of the 4th Viet Cong local force battalion, said the assault was planned between the end of July and early September, the same time estimate which has been accepted by the U.S. Command and Defense Secretary Clark M. Clifford.

He said the enemy troops would try to isolate the Bien Hoa highway, the main northern route from Saigon; seize the 9th Precinct police headquarters southeast of the capital, and attack the government radio station, the U.S. Embassy, the Vietnamese

navy headquarters and other allied installations.

A Viet Cong platoon leader who defected July 17 said two battalions south of Saigon are waiting for their commanders to return from "refresher training courses in strategy and tactics" at secret bases near the Cambodian border.

Viet Cong sappers sank a large civilian dredge Sunday which was operating near the U.S. 9th Infantry Division headquarters at Dong Tam 40 miles south of Saigon. No one was

aboard and there were no casualties.

U.S. spokesmen said it was not known whether enemy frogmen placed explosive charges under the vessel or whether mines were floated beside the dredge and electronically triggered. It sank in 16 feet of water.

Viet Cong infiltrators in loincloths attacked the U.S. air base at Thuy Hoa early today and blew up \$6 million worth of planes. Air Force officers said nine Viet Cong were killed and one American was wounded when the guerrillas slipped into the base under

cover of a brief rocket and mortar attack.

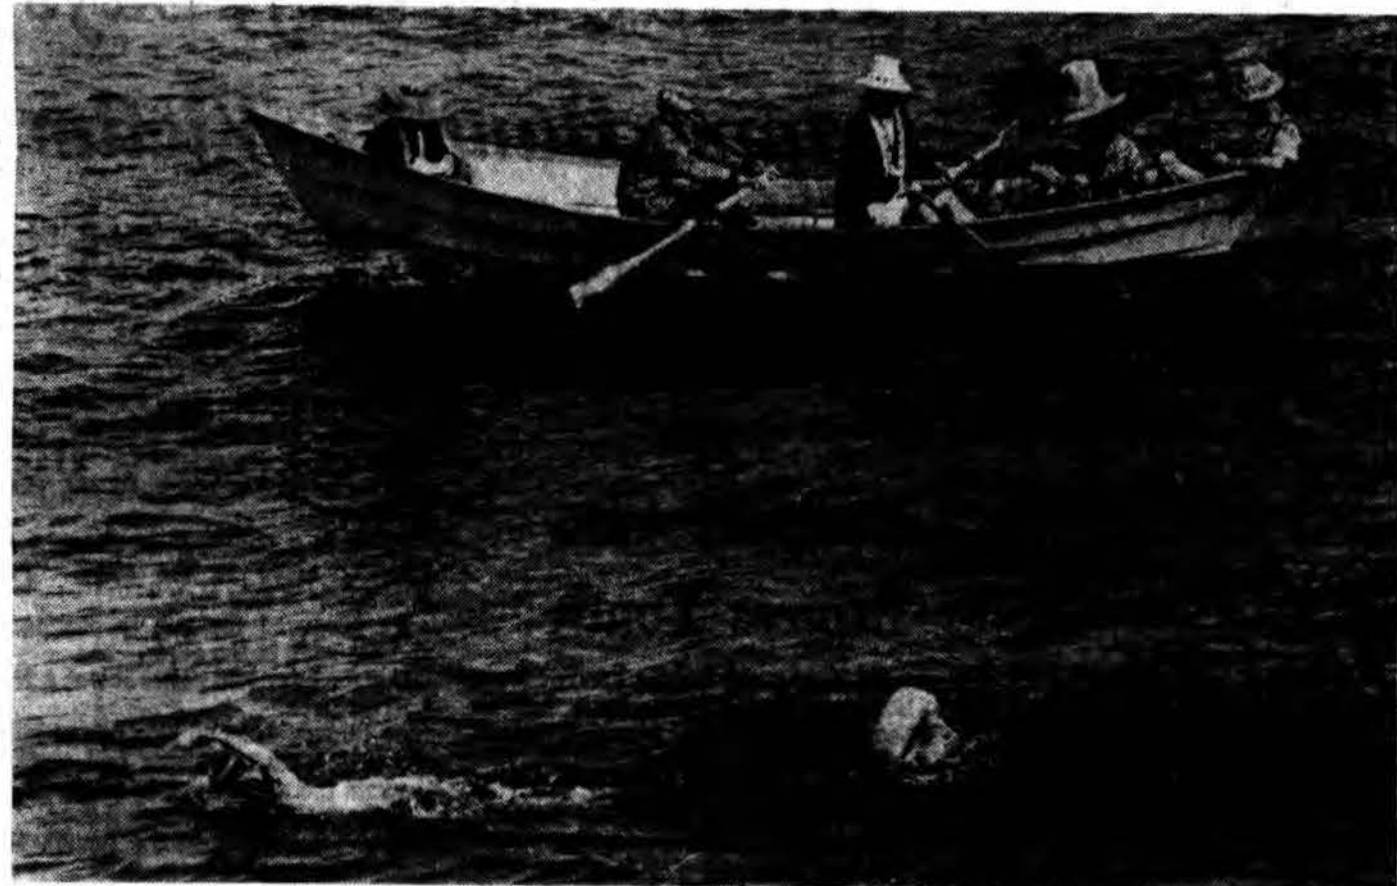

Firing rocket-propelled grenades and hurling satchel charges, the attackers destroyed two four-engined C130 transport planes and badly damaged an F100 Super Sabre Jet fighter-bomber before they were beaten back.

It raised U.S. aircraft casualties for the week since last Monday to 12 planes lost and four badly damaged. Nine planes were lost in action over North and South Vietnam.

LIFE IN OLD GUARDS YET — Seasonal Lt. Al Irwin, resplendent in hula skirt and matching bra with Lt. Chuckles Lockabey, Area I division, and

Buddy Belshe, superchief, pose, sans Geritol bottles before the Walrus swim Saturday at the Newport pier. (Story on Page 1).

KEEPING SCORE — Followed closely by judges in dory, Assistant Walrus, Kendal Jacobsen (foreground), swims around the Newport Pier. Moments later wrathful contestants attacked the judges and attempted to overturn the dory. Contestants re-

ceived 10,000 points each if they were hit by a mackerel, the first contestant to finish was penalized 25,000 points for not waiting to see that the other contestants finished safely.

It Warmer In Than Out

It wasn't quite as wet outside the water as in, but it was as warm.

That was the weekend weather word today from Newport Beach Marine Safety Director Robert Reed. He said the water temperature Saturday and Sunday was the warmest of the year — just under 71 degrees.

Air temperature both days, he noted, reached a maximum of 70, with a light rain sufficient to cut beach crowds down to 50,000 Sunday. There were only a few thousand more Saturday.

A total of 28 routine rescues were logged Saturday; 18, Sunday. Surf conditions were moderate.

The warm water and light surf are expected to stay around for a few more days, Reed indicated.

Boys' Club Sets Swim Classes

If you are still thinking about those swimming lessons for the youngsters, the Boys' Club of the Harbor Area is offering new classes beginning this week.

Classes are available for boys age 2 years old and up with experience ranging from non-swimmer to swimmer.

Recreational swimming is held Monday through Friday from 2:30 to 5:30 p.m., Saturday, 1 to 5 p.m. and Sunday 1 to 4 p.m. Class instruction will be available from 8 to 11:30 a.m. and noon to 2 p.m. Monday through Friday.

For further information contact the Boys' Club at 548-9387.

Vandals Damage Three Mailsters

The rear doors of three Mailsters — small vehicles used by mailmen — were kicked in by vandals, Corona del Mar Post Office officials reported today.

Police said the malicious mischief occurred over the weekend at the Post Office parking lot at 406 Orchid Avenue. Damage was estimated at \$300.

The Mailster were empty at the time. No reason for the incident could be found, police said.

Tomato Tossed At Market Neon

A large tomato cost the owners of the Bayside Fish Market \$35 over the weekend, police said.

The tomato was thrown at an outside hanging clock by someone unknown. It was a bull's eye. The busted neon was worth at least \$35, police explained. No price was available on the tomato.

Dr. Arthur Gardiner Coons, prominent educator and president of Occidental College from 1946 to 1965, died in his sleep Friday at his home 240 Via Genoa, Lido Isle. He was 68.

Services will be held at 2 p.m. Tuesday at St. Andrews Presbyterian Church, Newport Beach.

Although Dr. Coons had suffered several serious heart attacks over the past several years, he had continued to be active in the community.

The Coons had made Newport their permanent home since 1964. He had maintained a summer residence in Newport since 1936.

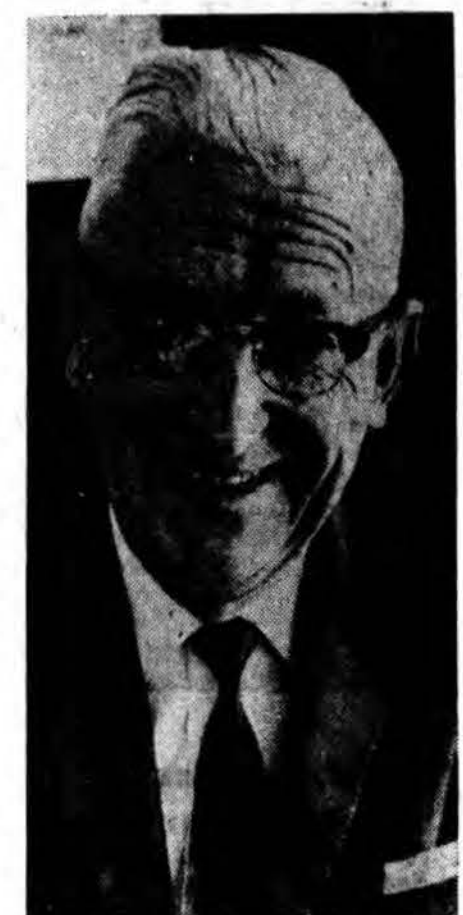

He was president of the state's Coordinating Council for Higher Education and was active as a member of the 552 Club of Hoeg Memorial Hospital and was in the Executive Club of the YMCA.

Dr. Coons gained wide reputation as the ninth president of Occidental College, which under his leadership moved from a small private school to rank with the nation's top liberal arts colleges.

He was on the board of the Federal Reserve Bank of Los Angeles and a trustee of the Haynes Foundation of Los Angeles.

Survivors include his wife, Mary Edna of the home; a son, Arthur Jr. of Pasadena; a sister, Mrs. Ralph Seward of Laguna Hills; a brother, Rex Coons of Anaheim and two grandchildren.

The family suggests that those who

DIES AT LIDO HOME
Dr. Arthur G. Coons

wish may make a memorial contribution to Occidental College.

Private interment will follow at Pacific View Memorial Park.

Arrangements are under the direction of Baltz Mortuary, Corona del Mar.

SHARK...

bloody, bruised body into the boat and roared off toward the U.S. Coast Guard station in Bodega bay.

Oceanographers say shark attacks are relatively rare but they are always a possibility, especially off northern California, where the usually cold waters harbor a rich feeding ground for predators.

Each summer when warm currents bring an occasional stray up from tropical waters off Mexico and Central America, the danger increases, according to veteran scientists and seamen.

Questioned about shark danger off the Orange Coast in the wake of Logan's encounter with the man-eater above San Francisco, a Newport Beach expert said it is not as great.

"Up there, there's a lot more feed," said Joe Deem, building superintendent for Caltech's Kerckhoff Marine Laboratory in Newport Beach.

Deem said the warming current

sweeps around Point Conception, bringing the occasional stray man-eating sharks into seas rich with marine life and consequently good diving grounds.

"I used to fish tuna up there — for 25 years," said Deem, "and I know that area well."

Sharks are not the only hazard. "Any Scuba diver that would go out there off that rock is crazy anyway," Deem said, telling of treacherous currents and nasty rocks which can easily entomb the unwary.

Deem said that although the great white sharks generally pass far offshore in their northward journey, other sharks and potentially dangerous fish abound off the Southland coast.

"There are blue sharks," he said, "and even bonita will bite you when they're feeding."

Scientists say at least 30 species of shark inhabit West Coast waters, but only a few of them are actually dangerous to man.

\$110,000 Golf Tourney Slated for Costa Mesa

By ARTHUR R. VINSEL
Of the Daily Pilot Staff

An established golf tournament expected to draw the cream of professional players with its \$110,000 purse, is coming to the new Costa Mesa Golf and Country Club.

Discussion of extending a five-year contract for the Haig Scotch Foursome Invitational to return annually through 1973 is scheduled tonight by the Costa Mesa City Council.

City leaders will meet with the Planning Commission for a study session, since neither body has a meeting on fifth Mondays of the month. No action can be taken.

Ronnie Rief, golf pro at the municipal facility, says the Oct. 24 to 27 tourney will draw to Costa Mesa at least 20 of the top 30 professional golfers in the nation.

Among them will be Dave Stockton, sixth-ranked money winner in goldfom, who won the Haig tourney at La Costa, Calif., last year, Rief said.

Lee Trevino, current U.S. Open Golf Tournament champion, as well as Sam Snead, who played in the Scotch Foursome last year are expected, and possibly even Arnold Palmer and Jack Nicklaus.

The Ninth Annual Haig Scotch Foursome Invitational is scheduled immediately after the Sahara Invitational Tournament in Las Vegas.

Top pro golfers will then follow the circuit from Costa Mesa on to San Francisco for the Lucky International Open Tournament there later in October.

The local tournament will be preceded on Oct. 23 by an Orange County Pro-Amateur tournament, pitting teams of local amateurs against the big league club-swingers with a \$5,000 purse at stake.

Rief said in explanation that Scotch Foursome play offers participants alternate shots at the ball on a two-against-two basis instead of each man playing his individual game.

The big tournament will draw local television coverage and possible national telecasting, according to Rief, who participates in many meets himself.

The tournament is sponsored by Renfield Importers, which handle Haig products, one of the best known being Haig & Haig whisky.

Headquarters for the tournament and official hotel for its participants will be the Newporter Inn, which Rief said was instrumental in bringing the tourney to the Orange coast.

6-year-old Boy Among 4 Mesa Accident Victims

Four presons — including a little boy whose head was run over by a car when he darted into the street without looking — were injured in Costa Mesa weekend traffic accidents.

Most seriously hurt was Mark T. Arrellano, 6, of 998 Valencia Drive, who is in critical condition at Hoag Memorial Hospital today with head injuries.

Police said the boy dashed into the path of a car driven by Annette T. Gordon, 24, of 725 S. Townsend St., Santa Ana, on Saturday afternoon and was struck and run over.

John W. Geck Jr., 24, of 706 Shalimar Drive, was injured early Sunday when his small van veered off Newport Boulevard at Ford Road and slammed into a pole.

The victim, ejected by the impact, was reported in fair condition at Hoag Memorial Hospital with face and head injuries, plus multiple bruises.

A little Inglewood girl and her father were also injured this morning when their car was involved in a collision with another vehicle at Adams Avenue and Harbor Boulevard.

Cindy M. Fisher, 3, was in serious condition at Hoag Memorial Hospital with lacerations, multiple bruises and a possible concussion. Her father Jerry N. Fisher, 25, was not as badly injured.

Police said the other driver, Donald J. Tague, 35, of 1722 Labrador Drive, Costa Mesa, was not injured when his car, southbound on the boulevard, collided with Fisher's car, headed east on Adams Avenue.

Officer Kills 'Bum'

LOS ANGELES (AP) — A Beverly Hills policeman shot and killed a transient stopped for questioning when the man drew a pistol on him and a fellow officer, authorities said.

Plane Facts

'Southland Needs 13 More Airports'

LOS ANGELES (AP) — The Federal Aviation Administration, citing a 22 percent increase in air traffic at Angeles International Airport for the first half of the year, says Southern California needs at least 13 more airports.

The FAA Air Traffic Division chief in the western region, Lynn Hink, said Sunday currently 45 public and nine military airports in the Los Angeles Basin area handle 3,000 aircraft operation an hour.

'It is obvious that with this fantastic

increase in airtraffic volume, some additional facilities must be obtained and improved,' he said.

'We estimate we need 13 additional general aviation airports in the Southern California area,' he said.

Charles C. Tillinghast Jr., president of Trans World Airlines, said the Los Angeles air traffic situation has not created a crisis as it has in New York where some planes circle for hours before landing, but that Los Angeles

SA Man Jailed In Kidnap, Rape

A Santa Ana man who police allege picked up a couple walking home from a bus station was jailed early today on suspicion of kidnaping and rape after an orange grove sex attack.

William Ferguson, 33, was arrested while driving in the 200 block of East Walnut Street after the victim's husband gave police a description of the suspect and his vehicle.

The distraught rape victim was with him, police charged.

Investigators said the young couple was walking at First and Brady streets after leaving the nearby Greyhound bus depot when they were offered a ride.

The suspect shoved the 28-year-old woman's husband out of the car two blocks farther on, however, and drove to an orange grove, where he raped her.

Firm Wire Services

Backers of Richard M. Nixon acknowledged today that Gov. Ronald Reagan has more support than has surfaced at the Republican National Convention in Miami Beach but continued confident that Nixon would win the GOP presidential nomination on the first ballot.

'The likelihood is that there will not be a second ballot,' a top Nixon strategist said. Gov. Nelson A. Rockefeller and his supporters claim-

ed there had been important defections from Nixon to the California governor and said this would help Rockefeller.

The Rockefeller camp said Nixon now has no more than 515 first-ballot votes with 667 needed for nomination.

One Nixon associate, asked about the matter, said the former vice president had been aware all along that he was second choice among some delegates from the South and the Rocky Mountain areas. He mentioned

Mississippi and North Carolina particularly.

The Nixon source added that while some of these delegates are 'talking Reagan' for local consumption, he was sure they will 'vote Nixon' at the convention for fear of opening up the nomination for Rockefeller.

'They would rather have a repeat of 1964,' he said, 'than have Rockefeller at the head of the ticket.' He referred to Barry M. Goldwater's humiliating defeat by President Johnson.

Reagan Gains Support

But Nixon Confident of First Ballot Win

DAILY PILOT Staff Photo DIES AT LIDO HOME Dr. Arthur G. Coons

Famed Educator Dr. Arthur Coons Succumbs at 68

Dr. Arthur Gardner Coons, prominent educator and president of Occidental College from 1946 to 1965, died in his sleep Friday at his home 240 Via Genoa, Lido Isle. He was 68.

Services will be held at 2 p.m. Tuesday at St. Andrews Presbyterian Church, Newport Beach.

Although Dr. Coons had suffered several serious heart attacks over the past several years, he had continued to be active in the community.

The Coons had made Newport their permanent home since 1964. He had maintained a summer residence in Newport since 1936.

Stock Markets

NEW YORK (AP)—Prices weakened further this afternoon as trading remained moderately active in the stock market. (See quotations, Pages 18-19.)

Losses widened their margin over gains by a ratio of three to one. The Dow Jones industrial average was down close to six points in later dealings.

Voting Averts Astronautics Strike Threat

About 1,500 employees of the McDonnell Douglas Corp.'s Astronautics Division are on the job today in Huntington Beach as a direct result of voting Sunday in which union members of two huge aerospace firms approved new three-year contracts.

Voting continued today at Astronautics, but, with most votes cast on Sunday already counted, union officials indicated a threatened strike which was to have begun today apparently has been averted. The strike reportedly could have involved as many as 150,000 aerospace employees nationally.

Lockheed Aircraft Corp. employees also were involved in Sunday's balloting on new contracts which are expected to set a pattern for the industry.

Members of the International Association of Machinists (IAM) working at Huntington Beach, Santa Monica, Vandenberg Air Force Base and Cape Kennedy, Fla., voted 4-1 Sunday to accept a new contract.

The contract calls for raises and fringe benefits ranging from 97 cents to \$1.05 per hour over a three-year period. About 4,000 of the union members meeting at Los Angeles Shrine Auditorium voted on acceptance of a new contract to replace the one which expired July 22.

IAM President Virgil Pergem of Lodge 1578 and B. R. Swisher presiding over Lodge 720, presented the new contract to the members Sunday and reported an 'overwhelming vote in favor of the new pact.'

Members of the United Auto Workers (UAW) were presented the contract at Long Beach Memorial Stadium by UAW President Walter Reuther who told the nearly 10,000 members that 'we have achieved our

Frogmen's Last Chance

Swimming instructor Tom Coxwell, 22, helps Henry Blackham, 11, adjust his mask and snorkel while young frogmen (left to right) Bill Schraegle, 15, Brian West, 14, Roger Light, 13, Robby Rosburg, 13 and David Blackham, all of Newport Beach, wait to enter the water. This week will be the last chance

for all Harbor Area young frogmen to sign up for classes either at the Parks, Beaches and Recreation Department, 1714 W. Balboa Blvd. or the Newport Harbor Community Youth Center, Fifth and Iris, Corona del Mar.

'You're Good Guy,' Says Dapper Bandit to Victim

Newport Beach police today sought a dapper gunman who robbed a Corona del Mar liquor store of \$330 and, as he ambled out with the loot in

a paper sack, smiled to the frightened clerk:

"You're a good guy."

La Cantina Liquors, 3244 E. Coast Highway, was held up at 10 p.m. Saturday.

Clerk Virgil Clinger, 68, said the bandit was nattily dressed.

He wore a green plaid sports jacket, black tie, and black trousers, with matching accessories — black sunglasses and a black .38 cal. steel revolver.

"This is a stickup," he snapped at Clinger, alone in the store. "Put everything in this sack."

He produced the gun in one hand and the sack in the other.

Clinger later told police it was a No. 4 Kraft sack.

As Clinger scooped handfuls of bills out of the cash register and stuffed the min the sack, another clerk, Mike Convey, walked in through a door.

"Don't move," said the bandit. He cocked his revolver.

Convey didn't move.

The sack filled, the gunman exited — parting with his friendly "good guy" farewell to Clinger.

Clinger said the suspect was about 25-30 years old and of average height, weight and build. And well dressed.

Bathers Find It Warmer In Than Out

It wasn't quite as wet outside the water as in, but it was as warm.

That was the weekend weather word today from Newport Beach Marine Safety Director Robert Reed. He said the water temperature Saturday and Sunday was the warmest of the year — just under 71 degrees.

Air temperature both days, he noted, reached a maximum of 70, with a light rain sufficient to cut beach crowds down to 50,000 Sunday. There were only a few thousand more Saturday.

A total of 28 routine rescues were logged Saturday; 18, Sunday. Surf conditions were moderate.

The warm water and light surf are expected to stay around for a few more days, Reed indicated.

From Page 1 SHARK . . .

Logan's encounter with the man-eater above San Francisco, a Newport Beach expert said it is not as great.

"Up there, there's a lot more feed," said Joe Deem, building superintendent for Caltech's Kerckhoff Marine Laboratory in Newport Beach.

Deem said the warming current sweeps around Point Conception, bringing the occasional stray man-eating sharks into seas rich with marine life and consequently good diving grounds.

"I used to fish tuna up there — for 25 years," said Deem, "and I know that area well."

Sharks are not the only hazard.

"Any Scuba diver that would go out there off that rock is crazy anyway," Deem said, telling of treacherous currents and nasty rocks which can easily entomb the unwary.

Deem said that although the great white sharks generally pass far offshore in their northward journey, other sharks and potentially dangerous fish abound off the Southland coast.

"There are blue sharks," he said, "and even bonita will bite you when they're feeding."

Scientists say at least 30 species of shark inhabit West Coast waters, but only a few of them are actually dangerous to man.

Several attacks have been reported in central and northern California waters in recent years, mostly between Morro Bay north to where Logan was injured Saturday.

Several have been fatal and in one case, there was nothing to indicate what happened but a horrible scream and a swirl of bloody foam in the rocky surf.

Blaiberg Now Fully Recovered

CAPE TOWN, South Africa (UPI) — Dr. Philip Blaiberg, near death a few weeks ago, was so well Sunday that he greeted nurses by lustily singing "Hello Dolly," hospital sources said today.

Blaiberg, 59, the world's longest surviving heart transplant patient, suffered such a severe attack of pneumonia and hepatitis a few weeks ago that doctors feared for his life.

Sources at Groote Schuur Hospital said he was fully recovered.

Boys' Club Sets Swim Classes

If you are still thinking about those swimming lessons for the youngsters, the Boys' Club of the Harbor Area is offering new classes beginning this week.

Classes are available for boys age 2 years old and up with experience ranging from non-swimmer to swimmer.

Recreational swimming is held Monday through Friday from 2:30 to 5:30 p.m., Saturday, 1 to 5 p.m. and Sunday 1 to 4 p.m. Class instruction will be available from 8 to 11:30 a.m. and noon to 2 p.m. Monday through Friday.

For further information contact the Boys' Club at 548-9387.

From Page 1 FUNERAL . . .

Reserve Bank of Los Angeles and a trustee of the Haynes Foundation of Los Angeles.

Survivors include his wife, Mary Edna of the home; a son, Arthur Jr. of Pasadena; a sister, Mrs. Ralph Seward of Laguna Hills; a brother, Rex Coons of Anaheim and two grandchildren.

The family suggests that those who wish may make a memorial contribution to Occidental College.

Private interment will follow at Pacific View Memorial Park.

Arrangements are under the direction of Baltz Mortuary, Corona del Mar.

Mesan Returns Home From Tech School

Mrs. Harry J. Bihler, 1586-A Caraway Dr., Costa Mesa, has returned home after completing a three week technical study at State Farm Mutual Automobile Insurance Co. headquarters in Santa Rosa Calif.

Mrs. Bihler is employed at the firm's Southern California Office, 1727 W. 17th St., Santa Ana.

Hits Birth Controls

Pope Paul Bans Pill

"It is particularly desirable," the Pope said, "that according to the wish already expressed by Pope Pius XII, medical science succeed in providing a sufficiently secure basis for a regulation of birth, founded on the observation of natural rhythms."

"In this way, scientists and especially Catholic scientists will contribute to demonstrate, in actual fact that, as the

church teaches, 'a true contradiction cannot exist between the divine laws pertaining to the transmission of life and those pertaining to the fostering of authentic conjugal love.'"

VATICAN CITY (AP) — Pope Paul VI today banned the contraceptive pill and all other mechanical and chemical means of birth control for the world's half a billion Roman Catholics. He also

indicated that the rhythm method should not be employed as a regular practice.

"Every matrimonial act must remain open to the transmission of life," the Pope declared in a key sentence of this long-delayed encyclical letter on one of the most controversial issues facing the church today.

"To destroy even only partially the significance of intercourse and its end is contradictory to the plan of God and to his will," the pontiff declared.

This appeared to rule out the possibility of any future acceptance by Pope Paul of contraception for any reason and seemed to imply disapproval of the constant use of the rhythm method of periodic abstinence, the only method of birth control previously sanctioned by the church.

In a passage directed to men of science, the Pope voiced encouragement for continued research in the area of birth regulation. But again he appeared to rule out any other solution than ways of improving the rhythm method.

Modification of the church's birth control doctrine has been under study and discussion for a number of years. Demands for a liberalization have increased with the development of the contraceptive pill and predictions of a disastrous world population explosion in the coming century.

The late Pope John XXIII created a small commission of laymen and clerics to study the question in 1962. Pope Paul, his successor, expanded that body to 57 members, including married couples, sociologists, theologians and scientists.

Although the historic Vatican Ecumenical Council of 1964-65 took no official stand for or against artificial birth control methods, it raised a number of questions on the issue of contraception. Among them was whether the Roman Catholic moral laws on conception might be in conflict with the need of a man and wife to express their mutual love physically.

The council left this and other birth control questions to the Pope's study commission. In the summer of 1966, a majority of the commission recommended changes to permit use of pills and other artificial means, leaving it to individual couples to carry out the marital obligation to have children. A minority report opposed any change.

Captives Give Evidence New Red Drive in Offing

SAIGON (AP) — Captured enemy officers and Viet Cong defectors are continuing to supply evidence that the foe is preparing for a major third offensive, South Vietnamese intelligence sources said Monday.

Some prisoners have told interrogators that allied bombing raids and ground sweeps around Saigon are constantly disrupting these preparations.

A female Viet Cong squad leader captured by South Vietnamese airborne troops said she had been ordered to set up a first aid station near Saigon to treat the wounded in the upcoming assault, the sources said.

An officer of the 508th Viet Cong Battalion in Long An Province told his captors that six battalions and two sapper companies, a total of 2,200 men, would be used in the offensive. Intelligence officers said he listed the main targets in Saigon as the national and local police headquarters, the presidential palace and militia posts.

Another prisoner, the executive officer of the 4th Viet Cong local force battalion, said the assault was planned between the end of July and early September, the same time estimate which has been accepted by the U.S. Command and Defense Secretary Clark M. Clifford.

He said the enemy troops would try

to isolate the Bien Hoa highway, the main northern route from Saigon; seize the 9th Precinct police headquarters southeast of the capital, and attack the government radio station, the U.S. Embassy, the Vietnamese navy headquarters and other allied installations.

A Viet Cong platoon leader who defected July 17 said two battalions south of Saigon are waiting for their commanders to return from "refresher training courses in strategy and tactics" at secret bases near the Cambodian border.

Viet Cong sappers sank a large civilian dredge Sunday which was operating near the U.S. 9th Infantry Division headquarters at Dong Tam 40 miles south of Saigon. No one was aboard and there were no casualties.

U.S. spokesmen said it was not known whether enemy frogmen placed explosive charges under the vessel or whether mines were floated beside the dredge and electronically triggered. It sank in 16 feet of water.

Viet Cong infiltrators in loincloths attacked the U.S. air base at Tuy Hoa early today and blew up \$6 million worth of planes. Air Force officers said nine Viet Cong were killed and one American was wounded when the guerrillas slipped into the base under cover of a brief rocket and mortar attack.

SEASONAL LT. AL IRWIN WITH 'OLD WALRUS' Lifeguard Chief Bob Reed (Right) After Big Swim

Lockabey Wins Annual Newport 'Walrus Swim'

By JACK CHAPPELL
Of the Daily Pilot Staff

Swimming to an impressive victory amid a hail of dead fish, tomatoes, and assorted ripe fruit, Logan Lockabey outscored his closest opponent, Don Burns by 1,414,503.14159 points in the annual Walrus swim held at 9 a.m. Saturday at the Newport Beach pier.

The cocky Lockabey told the DAILY PILOT that he had no doubts that he would win, at least by a nose. His total point score was 3,14159. Next was Burns, with a score of minus 1,414,500 followed by Kendall Jacobson with a score of minus 3,500,000.

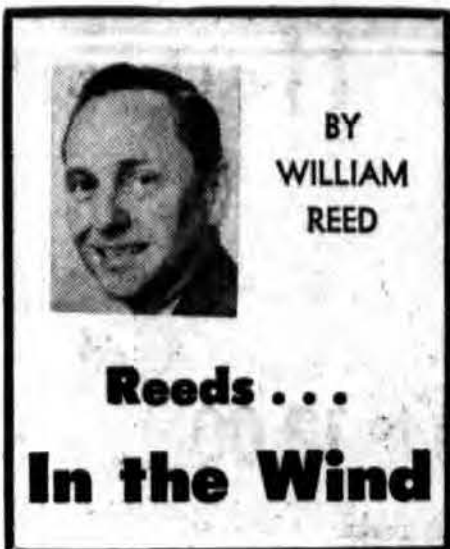

The Walrus swim has become an annual put-on by the supervisory staff of the Newport Beach Lifeguard Department, who set out to prove to the younger lifeguards that, appearances aside, there's life in the old guards yet.

None of the 16 old guard entries failed to finish the race around the pier.

Following the selection of the winners, the judges were attacked by disgruntled losing members of the staff, pelted with garbage and thrown into the ocean — all in fun, of course.

REED

**Reeds . . .
In the Wind**

Unlike the men and women of the Huntington Beach Recreation and Parks Commission who can't seem to find the courage to ask the voters to approve a bond issue on Nov. 5, the Library Board and the directors of the Friends of the Library are having no such problems.

Dave Wickersham just may have to hang on tightly to the tail of the tiger who realized just how badly the city needs a new central library now.

Dave, chairman of the Library Board, found that his enthusiasm is more than matched by many of those who feel bond issue elections for recreation and for the library are long overdue.

★

Among the enthusiasts is Leonard Shane, president of Mercury Savings out on Edinger Avenue. Leonard is typical of many of the energetic businessmen making a living in Huntington Beach. He lives here and pays his taxes to the city. If he backs a tax increase it is with the knowledge that he too will pay the rate.

He pointed out what the park commission has found difficult to accept — that now is an excellent time to ask the voters to approve a bond issue for public improvements.

Leaders of business and industry, particularly of the building industry, need a city of parks, adequate recreational programs and with a high level of educational facilities such as a library in order to sell their products quickly and at a profitable price.

★

They will be willing to back efforts of the organization which will accept the challenge of telling the voters how badly the parks and the library is needed.

Huntington Beach is a city of much talent. The proverbial captains, or at least the lieutenants of industry live here. In tractland are those who want parks for their children and the assurance that the finest in library services are available. They will join in the bond campaign if asked. Many will volunteer time and money.

Europe-Bound

Westmont first-grade teacher, Mrs. Margaret Heise, will tour Europe this spring on a sabbatical leave of absence to study how French, German and English schools teach kindergarten-age children to read. Ocean View school district officials are experimenting now with a pilot program to do the same thing. Mrs. Heise's study will be applied to the local program next year.

**Banker Says U.S. Now
Heading Toward Nazism**

The United States is heading toward fascism, or Nazism, not communism," a Los Angeles banker told members of the Huntington Beach Exchange Club Thursday.

Robert MacNair, of Coast Federal Savings and Loan Association, said that the country is moving toward "corporate socialism with the people owning property but having no control over it since the government has all the control."

MacNair suggested a hard look at candidates in this year's election in terms of their stands on "individualism vs. collectivism."

He said that through this century somewhere between 100 million and 150 million persons have died as a result of conflict between in-

dividualism and collectivism.

He defined individualism as being based on the premises that the individual has the right to life, liberty and pursuit of happiness and that it is always wrong to be an aggressor and always right to defend yourself.

Collectivism, on the other hand, assumes that a man has no rights, that he is a member of a group and that force is the only morality.

"This concept needs more than just intellectual opposition," MacNair told the Exchange Club members.

"Synonyms for collectivism include socialism, Nazism, communism, fascism — they are all the same differing in means perhaps, but not in goals."

Community Center

**RFK Group Aids
Colonia Juarez**

Newly organized Robert F. Kennedy Memorial Society has voted to sponsor the financially pressed Fountain Valley Colonia Juarez Community Center, Society chairman Salley Voss announced today.

Founded shortly after the assassination of Sen. Kennedy, the society is composed of former campaign workers in Kennedy's 1968 California primary effort.

Mrs. Voss who said the Memorial Society is "non-political" told the DAILY PILOT that the Juarez Center is "flourishing from lack of local community support."

She added that if the Juarez Community Center were successful, it might prevent the old tract from becoming a slum area of "despairing, angry citizens who find rioting the only way to get attention to their needs."

Today the Society sponsored a beach field trip for 35 children living in the predominately Mexican-American community. Saturday, a Work Day is planned at the Center, 10411 Calle Independencia.

**LA to Hunt
Oil Under
City Hall**

LOS ANGELES (AP) — In a search for new revenue, Los Angeles plans to drill for oil and gas beneath the 28-story City Hall, once the tallest building in Southern California.

The Board of Public Works approved a proposal Wednesday to drill for oil and gas below 46.7 acres of city-owned land in the Civic Center area, including the spot over which city councilmen are trying so hard to find revenue.

"We don't know exactly how much oil is down there," said city oil administrator Arthur O. Spaulding. "It probably won't be anything outstanding, but it should be profitable."

Spaulding said chances there would be oil and gas below the city office building were "pretty good—about 50-50."

The idea was proposed last March by the Standard Oil Co. after it discovered oil last fall at First and Carey Streets, a half mile southeast of City Hall.

Bids for the drilling will be opened Nov. 20. Spaulding said if Standard Oil gets the bid, it would drill at a slant from its well at First and Carey Streets. There won't be a derrick at City Hall, he said.

Standard Oil's operation at First and Carey Streets is drilling into a reserve estimated at 20 million barrels over 20 acres in the downtown area.

**Beach Lifeguard
Eligible for State
Retirement Help**

Huntington Beach's state lifeguards, under a bill signed by Governor Ronald Reagan this week, are eligible for retirement benefits similar to those for police and firemen.

The measure, authored by Assemblyman Robert H. Burke (R-Huntington Beach), does not apply to the bulk of lifeguards who are hired part-time during the summer.

Burke said lifeguards endanger their lives daily and are entitled to the special retirement benefits. The "safety member retirement" as it is called is designed to allow persons over 55 to leave active service.

It is used in areas where physical stamina and good health are a necessity for the public protection.

**Bill Terzenbach
Heads Exchange**

Installed Friday night as president of the Huntington Beach Exchange Club was Bill Terzenbach. Douglas Archer took over duties as vice president.

Secretary is Mel Suchan and Ken Carter serves as treasurer. Directors installed at the ceremonies at the Meadowlark Country Club ceremonies are Dave Linder, Bob Mandic, Don Nickerson, Robert Terry and Steve Strauss.

District Vice President Al Solomon presided over the installation at which several members of the club received special awards.

Her Choice

Mrs. Robert Jisser, of 8131 Dartmore Drive, Huntington Beach, leaves no doubt of her choice for future Huntington Beach Freeway. Many carried signs Friday to public hearing.

**Agents Seize
Drug Capsules**

WASHINGTON (AP) — Government agents have seized a shipment of 47,000 drug capsules in a Los Angeles terminal on the grounds they were falsely promoted as effective diet pills, the Food and Drug Administration announced today.

The capsules contained a combination of thyroid, a stimulant and other ingredients.

Buffums' 64TH ANNIVERSARY SALE

Guardsmen Patrol

Violence Rocks Nation's Cities

By United Press International
National guardsmen stood by in racially troubled Gary, Ind., and Grand Rapids, Mich., today as their counterparts vacated Cleveland, Ohio, left bitter and divided by violence of last week.

Teen-agers in Pacifica, Calif., protesting an anti-loitering law, overpowered police armed with billy clubs and Mace before reinforcements could be brought in to restore order Sunday night. (See story page 7)

About 350 guardsmen were on "armory alert" in and near Gary today, maintaining an uneasy calm forced on the steel making city which had erupted in violence the previous night.

A dawn-to-dusk curfew, bans on gas and liquor sales, heavy police patrolling and comparatively cool temperatures helped calm the city of 180,000 — half Negro.

110 ARRESTED

More than 110 arrests were made Sunday night and early today, most for curfew violations. Five were arrested for carrying weapons.

Early Sunday "a coalition of youth gangs opposed to motorcycle gangs" sparked violence in the city's midtown ghetto area. The disorder did not end until six persons, including a fireman fighting a blaze, were wounded by gunfire. Three stores were set afire, 10 suffered window damage and 47 persons were arrested.

State police, Chicago city police and Cook County (Chicago) sheriff's deputies were called in to help the beleaguered city. The Chicago contingent left when the guard arrived.

ARSON OUTBREAK

The guard also stood by at Grand Rapids where the weekend's disorders began with an outbreak of arson Friday night.

More than 200 state, county and city police patrolled a square-mile area of Grand Rapids early today amid a tightly enforced curfew and a ban on gas and liquor sales.

Sixteen arrests were made during the night in the city of 205,000, raising to 70 the total arrested during the three nights. At least 15 firebombings

were reported Sunday night, but most were minor.

Authorities, including Gov. George Romney who issued the orders, expected to decide today whether to lift the emergency conditions.

PHOTOGRAPHERS BEATEN

In Cleveland, two National Broadcasting Co. photographers from Chicago charged they were beaten by Cleveland police Sunday when they responded to a police radio call of policemen in trouble.

The incident occurred Sunday as police patrols restored a semblance of normalcy to the city rocked last week by sniper fire that killed 10 persons, including three policemen.

The 3,000 National Guardsmen, called in to help quell the disorders, left the city Sunday night but problems remained.

Police and city officials were bitter over the conduct of the disturbance and the fraternal order of police planned to submit a list of grievances to Negro Mayor Carl Stokes over his handling of the violence.

(Compiled by the Daily Pilot Staff)

Six prisoners at a Nashville jail were only a couple of stories away from freedom when their improvised rope broke and they ended up in a hospital. Sheriff John Frazier said the six had knotted sheets together to make a rope, but apparently were so eager to leave that they all tried to slide down at once.

Mary has a little lamb. "Miss Wool of America," Mary Smiley of Denver, Colo., cuddles the small white lamb during a press breakfast which marked the beginning of her reign. The 20-year-old, hazel-eyed brunette is a junior at the University of Colorado, where she is majoring in liberal arts. All we can say is "lucky lamb."

Rumors are circulating along the French Riviera that actress Brigitte Bardot, married to West German businessman Gunter Sachs, has a "tender friendship" going with Italian playboy Luigi Rizzi. Sachs hasn't been seen at their Saint Tropas villa in weeks while Rizzi accompanied Miss Bardot on a recent cruise to Sardinia and Monaco and turns up nightly for parties at the villa.

When a bandit tried to hold up San Antonio grocer Joe Acosta, he was routed when Acosta hurled a jar of pickled pigs' feet and a quart can of oil at him. The gunman fired three shots at Acosta, all of which missed, then fled.

A rush-hour accident turned the Nimitz Freeway in Oakland to one huge hamburger. Three of four northbound lanes were blocked for hours when a large meat refrigerator rig smashed into a light standard and overturned. Carcasses and packaged meat spilled over the highway. It took workmen five hours to clean up the mess.

More than \$25,000 in cash and jewelry is missing from an automatic coffee machine in Edward Zakauskas beauty salon. Burlingame police said bandits who knew the coffee machine was used for a safe tied up Zakauskas, 44, his 13-year-old nephew and the nephew's friend. They put the three ladies in the ladies lounge and pried the machine open, getting \$8,000 in cash, a \$1,000 collection of gold coins, and jewelry valued at \$17,000.

Doctors Separate Siamese Twins After One Dies

TAMPA, Fla. (AP) — A four-day-old baby, separated from her dead Siamese twin in a five-hour operation, was reported in "reasonably good" condition today.

The babies were born Friday, joined at the chest. Sunday, one of the five-pound infants died, forcing surgery.

"The operation was a success," Dr. Richard Connor said. "The baby is alive and looks reasonably good."

The surviving twin was placed in an incubator.

Sister Colette, a spokesman for St. Joseph Hospital, said: "The doctors had hoped to let the babies become more developed and then separate them in several months. But the death of one of the babies made the separation necessary."

Doctors initially reported the girls shared a single heart. Dr. Connor said, however, the surgical team discovered Sunday that each infant had its own heart.

Hospital officials refused to disclose the identity of the parents, adding that this was the wish of the couple.

Robbers Heist \$100,000 Cargo From NY Airline

NEW YORK (AP) — Leisurely robbers stole an estimated \$75,000 to \$100,000 worth of import cargo from Olympic Airways at Kennedy Airport Sunday night after handcuffing six male employees and taping their mouths.

Police said the robbers — at least four in number and at least one of them wielding a gun — took 50 minutes to load the loot onto a tractor-trailer at a cargo building at the airport.

Police said the robbers used an airline fork-lift to gather up some of the loot — mostly clothing from Italy.

One of the employees, who suffered a scalp wound when hit on the head, said the robbers tended his wound and bound it with a black sock which was lying on the floor of the cargo building bathroom.

The injured employee, John Paganakis, said he told the robbers that when he fell from the blow on his head he dropped some pills he needed for a stomach ailment. He said one of the robbers retrieved the pills, gave him one, offered him a glass of water and told him to "relax."

Police said the robbers, wearing gloves and dark glasses, forced the employees of the Greek-owned airline to open the safe as soon as they entered the cargo building. About \$200 in cash was stolen.

Joseph Maggio, one of the employees, took inventory after police arrived, and set the loss between \$75,000 and \$100,000.

Judy's Manager Held For Worthless Checks

ASBURY PARK, N.J. (UPI)—Sid Luft, manager and former husband of singer Judy Garland, faces a court hearing here today on charges of passing \$2,000 in worthless checks during a stay last month.

Luft waived extradition from Philadelphia, where he was arrested on the charge last week. He appeared at police headquarters here Friday and was released in his attorney's custody.

Alabama Goes to Hail

L.A. Gets First July Rain in 18 Years

California

Southern California had variable clouds with scattered thundershowers in the mountains and deserts today turning generally fair Tuesday with a few afternoon and evening thundershowers in the deserts and mountains.

Los Angeles had considerable sunshine with a high near 85 at Civic Center and an overnight low near 67.

The Air Pollution Control District predicted light smog in the central and inland portions of the Los Angeles Basin.

It was partly sunny with variable cloudiness at the beaches and a high near 72. Water was 67.

The deserts and mountains were variably cloudy with scattered afternoon and evening thundershowers in the mountains and isolated heavy showers. Resort levels reported highs near 75.

There were some scattered afternoon and evening thundershowers on the deserts with variable cloudiness and considerable sunshine. High temperatures in the upper deserts were in the 90s and near 105 in the lower valleys.

Some highs Sunday and forecast high today included: East Beach 84-85, Santa Monica 89-72, Burbank 87-70, Mt. Wilson 77-78, Palmdale 89-75, Riverside 92-75, Palm Springs 104-103, Barstow 92-74, San Diego 77-80, Santa Barbara 76-78.

LOS ANGELES AND VICINITY — Mostly sunny with variable clouds Tuesday. Little temperature change. High near 85, low tonight 67.

SOUTHERN CALIFORNIA COASTAL & INTERMEDIATE VALLEYS — Mostly sunny with variable clouds Tuesday. Little temperature change.

High 83 to 98. Low tonight 66 to 70.

SOUTHERN CALIFORNIA MOUNTAIN AREAS — Variable cloudiness through Tuesday with scattered afternoon and evening thundershowers. Slightly warmer.

U.S. Summary

Locally heavy thundershowers moved across the south today from the southern Rockies to the Carolinas. Clear, cool weather dominated the North, with early morning temperatures falling into the 40s and 50s from the Midwest to New England. The South and West remained warm.

Heavy rains caused a power outage and danger of flash flooding in the Natchez area in southeast Mississippi Sunday night. A thunderstorm downed trees and caused property damage at Pearl, Miss., in the central part of the state.

Large hail and heavy downpours struck the Birmingham, Ala., area. Tampa, Fla., had an inch of rain in an hour.

Los Angeles measured only .01 inches of rain, but it was the first precipitation the city recorded for the month of July since 1950. Rainstorms caused power failures and filled some freeway sections with water in Orange County and Riverside, Calif., about 60 miles from Los Angeles.

Showdown Today

Czech, Soviet Leaders Meet

CIERNA NAD TISOU, Czechoslovakia (UPI) — Czech and Soviet leaders met today in a movie house in this Czech village in an attempt to settle peacefully a Communist bloc crisis the

Russians have threatened to end by force.

The 11-man presidium of the Czechoslovak Communist party and the 11-man Politburo of the Soviet Union's Communist party arrived by special trains in this village just three miles from the Russian border.

The Czech and Soviet trains were drawn up about 50 yards apart with the locomotive of each stopped just at the edge of the low, tile-roofed station. The actual meetings were taking place across the village main street from the railway station.

A Russian army signals unit set up a transmitter next to the Russian train, apparently to send messages to a similar receiver established across the Russian border. Russian soldier and army vehicles could be seen in positions in the low bushes east of the border to protect this unprecedented meeting of the full leadership of two Communist nations.

A ring of blue uniformed Czech policemen surrounded the village and train, keeping all but local residents a quarter mile from the confrontation of the Soviet Communist party Politburo and the Czech party presidium.

But viewers outside the

police line could look across the flat muddy fields, near the Soviet border, and see the two trains of green passenger coaches parked at the Cierna railway station.

In this village — whose name in English means Glassboro — up to 20 military trucks parked near the trains where the Czechs were defending their right to liberalize the face of Communism in their country. The angry Russians came to Cierna Nad Tisou vowing to halt the reform which they charged is leading to a western-backed overthrow of Communism in this former satellite.

They have threatened armed intervention to halt what they call the movement of Czechoslovakia out of the Soviet camp. The dispute has caused the greatest crisis in Eastern Europe since the Soviets crushed the 1956 Hungarian uprising.

On the outcome of the showdown could come the pattern of East European Communism for years to come.

Conspiracy Claimed By Ray's Attorney

MEMPHIS, Tenn. (AP) — A contention by attorney Arthur J. Hanes that an international Communist conspiracy is at work against

James Earl Ray appears to have brought a reaction from the judge who will hear the Ray case.

Criminal Court Judge W. Preston Battle named eight attorneys Sunday to check for a possible violation of his order limiting publicity in the case of Ray, who is charged with murder in the death of Dr. Martin Luther King Jr.

Hanes, the former Birmingham, Ala., mayor who is acting as defense counsel for Ray, met with his client Saturday, then called an airport news conference at which he also asserted Ray's rights are being violated in Shelby County Jail.

Hanes disagreed with U.S. Atty. Gen. Ramsey Clark's statement that the April 4 slaying of King was carried out by one man.

"There is a giant conspiracy here and my client is being used by the conspiracy," said Hanes, who said he would disclose

details of the plot when Ray's trial gets under way on Nov. 12.

He said the number of threats against his family and their 70-year-old maid are increasing.

"There are forces at work in this country that do not want to see this man tried," said Hanes, "and they will use any means, in my judgment, to see that neither he nor I appear in the courtroom."

Less than 24 hours after the news conference, Battle appointed the eight-man committee to probe possible infringement of his order issued the day Ray was returned here from London.

The order originally prohibited attorneys, officers, witnesses and anyone else connected with the Ray case from giving "interviews for publicity" or making "extrajudicial statements."

He revised it Wednesday to forbid only interviews "prejudicial to a fair trial by an impartial jury."

Czechs Calmly Await Verdict

PRAGUE (UPI) — The jury is out and the Czechs now await the verdict.

This is the confrontation in preparation more than a week at which Alexander Dubcek, first party secretary and leader of 14 million Czechs, must convince the Soviet colossus that Czechoslovakia is not sliding towards counter-revolution and that it has a right to find its own way to put a "human face" to socialism.

As the two presidiums meet in a closely guarded railway train in the midst of the flat plains close to the borders of Hungary and the USSR, this capital city retains the surface calm which had characterized it all week long.

To a degree which less than six months ago would have been deemed impossible, the Czechs have pinned their fate and their hopes on Dubcek, the man who almost overnight went from the comparative

obscurity of Slovak Communist leader to become a national hero.

The Czechs demonstrated in thousands of signatures collected in the street in the last few days pledging support to him and the men around him.

In ancient Wenceslas square, streetcar motormen and busdrivers abandoned their vehicles and were followed by the passengers to stand in the long lines to add their signatures to the other thousands ahead of them.

A mighty cheer went up when white-haired Josef Smrkovsky, chairman of the national assembly, climbed upon a table top to promise them that their new freedoms would not be surrendered.

The Czechs know their fate is being decided. The knowledge is dinned into them daily by the leadership and by the newspapers, radio and Czech television.

They also know the difficulties echoed in the grim tones of Prague newspapers.

All are agreed, the trade union newspaper said, in holding today's fateful meeting, that "reason has won." But then it is questioned whether reason would continue to prevail or if the Russians would press the headline direct at the Czechs from the meeting of the five hardliners in Warsaw.

"Unquestionably," declared the newspaper, "the latter course seems more likely."

Senator's Daughter Bailed Out

RAPID CITY, S. D. (UPI) — The daughter of Sen. George McGovern, (D-S. D.) could be imprisoned five years and fined \$5,000 on a charge of illegal possession of narcotics. But chances are good she won't.

Minimum punishment on conviction is two years, and a judge may even suspend that for a first offender, which Teresa McGovern, 19, is.

Miss McGovern whose father is running for re-election, and a young man and woman today were free on \$2,500 bond each after their motel room was raided by state agents Friday night.

Police said they confiscated "a quantity of marijuana and other narcotic paraphernalia," including some pills and hand-rolled cigarettes, in the room in which Miss McGovern, Barry Mogin, 19, Silver Springs, Md., and Mary Stanley, 24, Evanston, Ill., were arrested.

The three were among a group of 10 young persons who were canvassing the city in McGovern's campaign for a second term.

The senator and his wife Eleanor, flew here during the weekend to be with their daughter.

Crash Kills 2

HALF MOON BAY (UPI) — A light plane crashed into the Pacific off Princeton-by-the-Sea Sunday, killing at least two and possibly three persons. The Cessna 182 plunged into the harbor after narrowly missing a crowded fishing pier.

Steel Pact Deadline Approaches

PITTSBURGH (UPI) — With a contract deadline less than 72 hours away, the executive board of the United Steelworkers of America (USW) met today to discuss its down-to-the-wire contract negotiations and then recessed unexpectedly after less than 10 minutes.

The development gave rise to speculation that a basic steel industry offer was forthcoming momentarily.

A member of the executive board said the meeting was ended abruptly after the board was informed USW President I. W. Abel and R. Conrad Cooper, chief negotiator for 11 major steel companies, were meeting at an undisclosed location.

Paul M. Hilbert, director of USW District 15, said the Abel-Conrad meeting was indicative that "something will be on the table" when the union's 600-man basic steel industry conference meets at 2 p.m., EDT, today. The conference has the final say on wage contract matters.

Same Scene At Protest, New Script

QUEENIE

By Phil Interlandi

LOS ANGELES (UPI) — The young demonstrator's sign said "Remember the 23rd" and the warning was obvious.

It referred to June 23, 1967, when anti-Vietnam war demonstrators fought police in front of the Century Plaza Hotel during a visit by President Johnson.

An estimated 3,000 demonstrators turned out Sunday while Vice President Hubert Humphrey visited in the hotel with members of the California Democratic delegation. But there wasn't any violence this time.

In contrast to a night of 51 arrests and a dozen injuries last year, there were fewer than 20 arrests.

"I think the demonstrators knew the consequence this time," Inspector Pete Hagen of the Los Angeles police department said. "They were, for the most part, out there trying to abide by the rules of the game."

Fourteen of the persons arrested were males ranging in age from 15 to 26. Three of them were juveniles.

Barry Woods, 19, Los Angeles, was taken into

"I'm late because I shook hands with a candidate in a parade and he wouldn't let go of my hand for four blocks."

custody on a charge of battery on a police officer. It was the only felony charge. The other males were arrested on charges of using obscene language and failure to disperse. Humphrey wasn't seen by the demonstrators. He returned through a side entrance to the hotel from a television station while the

four-hour protest was taking place. The demonstration was about two hours old before the first arrests were made. Until then, yellow-helmeted monitors from the Peace Action Council kept the demonstrators moving in lines on the sidewalks of Constitution Boulevard in front of the luxurious hotel.

Adjournment Pushed

Solons Facing Hectic Week

SACRAMENTO (AP) — Efforts to adjourn the regular 1968 legislative session had to contend today with the absence of key leaders. The national political conventions and emotion-laden issues.

The 29th week of the session was expected to be a hectic one, as pressure mounted behind a drive toward adjournment. But these factors complicated the picture:

—The Assembly's two top leaders, Democratic Speaker Jesse M. Unruh and Republican Minority Leader Robert T. Monagan, were scheduled to be out of town for at least part of the week. Unruh, along with two other assemblymen, was attending a long-planned national political seminar in Florida, but hoped to return by Wednesday.

Monagan had personal business and responsibilities as a delegate to the Republican National Convention in Miami Beach.

—Nine other legislators who also are delegates to the GOP convention were anxious to leave and get in on pre-convention activities this week. And the 21 Democratic legislators who are delegates to their national convention meeting late in August also were chafing to get away. Also out of town was Gov. Reagan, leaving the

legislators to deal with his assistants at a crucial time. The nature of the two biggest issues left also presented problems that made the course of the next few days uncertain. The issues are gun control and tax reduction, and both have produced more frayed tempers, harsh words and public emotion than are normally seen in the Capitol.

Teens Rip Clubs, Mace From Police

PACIFICA (UPI) — A teen-age demonstration erupted into a rock and bottle throwing melee Sunday night in which suburban youths ripped billy clubs and Mace canisters from policemen and attacked the officers.

Nine youngsters were arrested and several policemen injured during dozens of skirmishes at a shopping center in this seaside suburb southwest of San Francisco.

Outnumbered Pacifica police, pummeled and knocked to the ground, called for help and 50 lawmen from surrounding communities rushed to their aid. They formed a wedge and drove about 125 youngsters from the center.

"These kids pulled clubs from at least two officers, and several others were knocked down and assaulted during the early stages of the disturbance," said Sgt. Raymond Karaszewski. He was knocked to the pavement and kicked and the windshield of his cruiser smashed with a rock.

Police tried to use Mace, a disabling chemical spray, to disperse the crowd. But several teen-agers yanked the canisters from policemen's hands and turned the spray on the officers.

Jack Bidwell's terrible summer sale

Well, it's terrible for Jack Bidwell. Look at the mark-downs I'm stuck with, my entire stock of men's winter & spring clothing, and other things, marked down.

I have a calm philosophy. When I have goods left over which my customers didn't have sense enough to buy between February and July, I offer a bribe for you to take it home with you in August. It is likable merchandise. But how will you ever find out how likable it is unless you come in and paw it over like the others will do.

Laguna, and Jill Cannon; granddaughters, Michelle Scott, Costa Mesa. Services, Wednesday, 11 a.m., Baltz Chapel, 320 E. Coast Highway, Corona del Mar. Interment, Pacific View Memorial Park. Baltz Mortuary, Directors.

Peterson Gets Red Cross Post

Joseph L. Peterson, of Corona del Mar, senior director of administration at McDonnell-Douglas Missile and Space Division at Huntington Beach, has taken office as first vice president of the Orange County Chapter of the American Red Cross.

Mrs. Louis MacMillan of Mission Viejo will serve as the third vice-chairman and chairman of volunteers.

Election to the board of the chapter has also put 10 other Orange Coast area residents onto the directing body.

Representing the coast area are: Mrs. Robert Burnside, Laguna Hills; W. Allen Grubb, Corona del Mar; Paul Hanna, Costa Mesa; Gus Koehler, San Clemente; Carl Kyma, Newport Beach; General James T. Loome, retired, San Juan Capistrano; Mrs. A. L. Pinkley, Costa Mesa; William St. Clair, Costa Mesa; and Stuart Weber, South Laguna.

All Records Broken For Fair

All existing attendance and revenue records were broken by the recent six-day run of the Orange County Fair and Exposition in Costa Mesa which ended July 21.

Total attendance at the 20th annual running of the fair was in excess of 175,000, an 11 percent increase over last year's attendance and seven percent above the previous record set in 1966.

New record highs were also set in concession income, rental of industrial space, parking receipts, horse show entries and other areas.

The annual Junior Livestock Auction scored a new high too, auctioning 447 animals for approximately \$68,000.

An estimated 7,000 people overwhelmed the Fairground amphitheater's 5,000 seats on the closing day to hear the Glen Campbell concert.

FEPC Sets Meet in SA

SANTA ANA — The California Fair Employment Practice Commission, which administers the state laws against racial and religious discrimination in employment and housing, will hold meetings here Thursday and Friday, Aug. 8 and 9, for the first time in its nine-year history.

Most two-day meetings, according to FEPC Chairman Pier Gherini, will be devoted to hearing views of local organizations on civil rights problems, and discussing employment and housing opportunities for minorities in Orange County.

The first meeting will take place Thursday at 9:30 a.m. in the city council chambers where commissioners will be welcomed by Santa Ana Mayor Tom McMichael.

Cities Meet In Anaheim

ANAHEIM—The 1972 convention of the League of California cities will be held here, according to League President Edward H. Rademacher.

More than 6,500 city officials from throughout the state will attend meetings in the city's new \$15 million convention center Oct. 22 through 25.

Associate Director Howard Gardner estimated that the delegates will occupy 3,500 rooms in the Anaheim area.

54 Cent Hike Sought

Santa Ana to Vote on Tax Override

SANTA ANA — Voter approval of a 54-cent tax override measure is sought by the Santa Ana Unified School District in a Tuesday vote. There are 28,750 students enrolled in district schools this year, an increase of 1,750 over 1966-67.

The override would raise an estimated \$4.7 million over a three-year period.

Principal need for the override is salary increases for both teaching and classified personnel, expected to cost \$4.1 million,

school officials said. Other expenditures planned if the measure passes are portable classrooms for 1,200 third graders. Estimated cost is \$64,000 the first year and \$30,000 a year for the next six years on a lease-purchase basis.

A third object is a reduction in class size to cost \$534,000 in the 1969-70 school year.

School officials say the in-

creases are necessary to make the district stronger in recruitment of teachers. They cite a 25 percent turnover among elementary teachers and a high vacancy factor because they say salaries are \$500 to \$800 lower than the neighboring districts.

The district still has 78 teaching positions to fill for the coming year with the majority of openings at the elementary school level.

Officials warned that purchase of the portable class rooms will not take place if the override fails. Parents have protested the placing of third graders in 12 of the district's 22 elementary schools on double sessions.

Pupil-teacher ratio is currently 30.7 to one, one of the highest rates in Orange County.

Electronic AF Order To Rockwell

ANAHEIM — An Air Force contract to see if three types of aircraft electronic gear can be combined into one lightweight unit has been awarded to North American Rockwell Corporation's Autonetics Division here.

The system would combine communications, navigation and aircraft identification into one package for the Air Force Avionics Laboratory, Wright-Patterson Air Force Base.

Autonetics Vice-President M. H. Hayes said the experimental models, concentrating on communications and navigation ranging, have been developed and successfully demonstrated under company funds.

It's Harder to Get Out of Soviet Union

By Richard C. Longworth MOSCOW (UPI) — If it's hard to get into Russia, it's even harder to get out.

As my wife and I prepared to end a three-year tour of duty in Moscow, we recalled stories of those who had gone before. Of delays, red tape and the kind of snafus that only inefficiency crossbred with a state monopoly can produce. So we started early.

All goods must be packed into large wooden containers, ordered through a government agency which demands 10 days notice.

A friendly packer named Sergei came around and decreed we would need a five-cubic-meter container. Two weeks before we needed it, we ordered it.

PAID RUBLES

No trouble at all, the bureaucrat man said, if we paid 162 rubles (\$180) in advance. When we protested that this seemed a bit stiff for a large wooden box, and said we would rather pay COD he shrugged. No money, no container. We paid.

Four phone calls in the next two weeks elicited promises that the container would be there on the day. Came the day, no container. A fifth call was made to ask why.

"Because the factory hasn't started building it yet," the man answered, surprised that we were surprised. He promised it the next day.

Five days and 10 calls later, it arrived. Two junior packers recruited by Sergei showed up. It was the hottest day of the summer, but armed with beer, vodka, and onion sandwiches, they set to work.

BATTLE CUSTOMS

Meanwhile, we set off to do battle with the Soviet customs. Everything purchased in Russia must be listed and the list submitted to customs for clearance to keep foreigners from taking out works of art or national treasures.

This we did, although we had nothing remotely resembling a work of art. The customs answered that two cheap brass candlesticks purchased in a souvenir shop were suspect, and would we please take them to the National Art Gallery to be assessed.

We protested that the candlesticks were already packed and were probably unlocatable. They insisted. Faced with unpacking everything, we borrowed two identical candlesticks from a friend and phoned

the gallery to make an appointment.

The gallery replied that its director had just died and was lying in state there, and the gallery would be closed for four days.

A Russian friend, learning of our troubles, simply picked up the candlesticks, went to the customs office and showed them to a friend that they were junk and disgusted that we should

bother him with such trivia, okayed everything for export.

Back at the apartment, the vodka was running low but the packing was almost done. As the goods to be

shipped mounted, the container looked smaller and smaller. The packers, trusting Sergei's estimate, assured us that all would be well.

It wasn't. The container

turned out to be almost big enough. The packers advised us to jettison some stuff.

My wife took care of it. I just hope she kept those confounded candlesticks.

Announcing new Counteroid*: A non-surgical treatment for hemorrhoid sufferers!

The only hemorrhoid treatment that works 3 ways:

1. Counteroid treats sore, swollen tissue injured by hemorrhoids.
2. No other product works like Counteroid to relieve pain.
3. Counteroid attacks a major cause of hemorrhoids.

New Counteroid was designed to provide more than ordinary surface treatment. Counteroid's exclusive formulation with DSS™ penetrates into the rectal area to soften, lubricate and ease painful constipation...one of the major causes of hemorrhoids. At the same time, Counteroid's formula works by coating and protecting injured tissue.

In hospital X-ray tests, doctors have demonstrated that Counteroid's exclusive formulation with DSS™ penetrates within minutes to the top of the rectum where it eases the pain of constipated bowel movements without laxative effect. When you use Counteroid as directed, you will do more

than just lessen the pain and aggravation of hemorrhoids. With the unique action of DSS™ working against hard stool constipation, you will be helping to provide the best possible conditions for natural healing to take place. Only new Counteroid works this way to actually attack this major cause of hemorrhoids.

When used as directed, medically tested Counteroid offers the most complete 3-way relief you can get without prescription or painful surgery.

If you live with the pain and fear of recurring minor

hemorrhoid troubles, get temporary relief with amazing new Counteroid.

New Counteroid is available in white, stainless cream and suppositories. With Counteroid there is no mess, no embarrassing stains. Now at all drug counters.

Miami Beach Sprucing Up For Republican Convention

MIAMI BEACH (UPI) — To get ready for the Republican National Convention, Miami Beach built a meeting hall, fenced it in on 50 acres for super-security, and re-routed traffic on famed Collins Avenue.

In all, the city has spent over \$5 million preparing for its first national party convention. A return of roughly double that to the area's economy is expected.

The bands will play, orators will plead and the delegates will pick the party's 1968 nominees for president and vice president in a new, \$4 million annex to the Miami Beach Convention Hall — actually an air-conditioned, 131,000-square-foot new structure built onto the older building and connected by doorways knocked in the common wall.

FACTS SIGNED

The annex is a project dictated by the convention. Not until the GOP picked its convention site were the contracts for the building signed. The ground was broken in October, and in June the hall was ready for a trial run — a University of Miami commencement which turned up some acoustical bugaboos being fixed for the convention.

The original convention hall houses most of the press facilities for the convention, and this has been a major source of economic gain for the area's craftsmen.

The three major television networks have estimated total costs of covering the GOP convention here and the Democrats in Chicago at something in the neighborhood of \$20 million. At Miami Beach, the networks have constructed buildings of plywood and plasterboard inside the hall, and filled them with a science fiction wonderland of cables, relay boards and control panels.

The scores of newspapers and broadcasters, and the

wire services, have workrooms both in the convention hall and in the Fontainebleau Hotel, official convention headquarters.

Construction costs are high: The price of 120 feet of unpainted, unroofed plasterboard with two doors was over \$800; there is a union requirement that each electrical contractor with installations at the hall must employ a "standby" electrician for \$10 an hour and doubletime after 4 p.m. and on weekends while the convention facilities are used.

The GOP's concern with security showed up in the six-foot chain link fence ordered up around the 50-acre tract where the meeting hall, press, parking and VIP areas are located. Getting inside the fence will require credentials issued

NOTHING NEW

Handling a mass of people isn't new for Miami Beach. The winter tourist season brings more people than the TOP will bring. But the city will try to be at its best for the conventioneers. To help handle traffic spreading from the convention hall, located near the southern end of the beach, Collins Avenue has been made one-way northbound along the strip of oceanfront hotels and motels which runs some 10 miles north. Southbound traffic will funnel into the convention hall on other streets.

Buses will run between the hall from the dozens of

hotels housing delegates, some of them as far north as Holly Beach, 20 miles from the meetings. To make getting a cab, chartered bus or even a charter fishing boat easier for convention visitors, the city has set up a pool of all such facilities which will operate at a central location.

18,000 ROOMS

Miami Beach and nearby areas pledged a total of 18,000 first class hotel and motel rooms to the GOP executive committee. The committee turned back 4,000 of the rooms last week, but

the hotels have hopes of filling them with tourists coming to be part of the general convention week hoopla.

The Florida Hotel and Restaurant Commission will be watching closely to make sure convention week visitors get a square deal. Commissioner A. R. Brautigam has promised his agency will be "awfully hard" on establishments which ask more than their posted prices for rooms and meals.

In 1972, Miami Beach would like to have the Republicans back, and the Democrats too.

VA to Give GI Names To Legion

Beginning in July, the Veterans Administration will provide the American Legion with names and addresses of all Vietnam veterans discharged each month, according to O. W. Price, service officer of the Laguna Post and District 29 Community Service chairman.

Under the new plan, Legion members will personally contact the dischargee, inform him of his rights and benefits and assist him with his readjustment problems.

Price said, "Too many of these new veterans are not being brought back in the main stream of American life with the benefits, the jobs that will insure their becoming productive stable citizens."

Price is retired from the Veterans Administration where he worked for over 40 years.

12 Added To Chamber

The Costa Mesa Chamber of Commerce has accepted 12 new businesses into its membership.

Picture Peeks

by Merwyn

It is pretty generally conceded that *Thoroughly Modern Millie* is a thoroughly happy motion picture. Built for fun, this musical movie does a thorough job in making Lido theatre patrons happy.

If you haven't seen this gay, lilted, romantic comedy at the Lido may we suggest that you and your gang schedule this fun film on your entertainment agenda tonight or tomorrow evening?

Recapping a bit, Julie Andrews, Mary Tyler Moore, Carol Channing and James Fox top the cast along with John Gavin and Beatrice Lillie. The story takes place in the so-called "flapper era" of the 1920s. It tells of young girls in search of jobs, hubbies, fame and fortune. Mostly husbands!

LUCILLE BALL

Next on the program at the Lido will be *Where Were You When The Lights Went Out?* Showing in Panavision and Metrocolor, this is a spooky comedy starring Doris Day and Patrick O'Neil. They play hubby-and-wife who are apart too often due to conflicting careers. She is an actress, he is an architect.

However, on November 5, 1955, when many parts of the Atlantic coast area were blacked-out by power failure, Doris and Pat manage a fairly rare get-together! This starts a whole gang of after-effects holding the threads to many complications. Good for laughs all the way throughout the blackout.

COMING SOON: Look forward to enjoying Lucille Ball, Henry Fonda, Van Johnson and Tom Bosley along with a whole passel of kids in the laugh-provoking film *Yours, Mine And Ours*.

Heah comes de band, folks. *The One And Only Genuine Original Family Band* is making music at the Mesa. Walter Brennan, Janet Blair, Lesley Ann Warren and John Davidson head the cast in this Technicolor showing. True to Walt Disney tradition this is a family film. Take along all the guys and gals to enjoy this goody which is showing at the Mesa tonight and tomorrow along with the ever-popular *Bambi*.

DORIS DAY

MESA MATINEES hit the screen each and every Wednesday afternoon at one o'clock. Harbor area film fans have a rare opportunity to get-the-jump of others by viewing the brand new motion picture hit at its weekly debut. Take a mid-week break, see a swell show and partake of free refreshments.

FREE PASSES to the Lido or the Mesa theatres will be mailed today to G.E. Lewis, 17302 La Mesa Lane, Huntington Beach, K.A. Dobson, 2860 LaSalle, Costa Mesa, Sharon Dawn Rice, 414 1/2 Fernleaf, Corona del Mar and Ronald Schlocker, 4237 Dana Rd., Newport Beach.

If you happen to be near the Lido or Mesa box offices and find you are short of scratch, or coin of the realm, slip your Master Charge card or your BankAmericard in the window for instant admission!

FBI Chief Levels New Blast at Campus Unrest

FBI Director J. Edgar Hoover has leveled another blast at student unrest on college campuses as reported in the Higher Education and National Affairs bulletin of the American Council on Education.

The director states, "this unrest and violence was instigated and precipitated by a subversive force which is growing in numbers and in

militancy. It is called the New Left and at its core is the organization known as Students for a Democratic Society."

Hoover expressed concern about the unrest on the campuses, and reported on a secret workshop conducted last month as part of the annual convention of SDS.

From the information released by the FBI, it

would appear that the federal agency has successfully infiltrated the student group.

"The concept of violence as an instrument to destroy the existing social order is as inherent in the philosophy of the New Left movement as it is in the philosophy of the old-line communists who have worked years to undermine this nation from

within. "One of the convention workshops dealt with sabotage and explosives, the participants discussed various devices which might be developed for use in planned attacks on Selective Service facilities and in connection with other forms of violent demonstrations. They explored the use of combustible materials and

the various types of bombs which could be devised to destroy communications and plumbing systems of strategic buildings. They even discussed the finer points of firing Molotov cocktails from shotguns as well as similar forms of so called defense measures which could be used in defiance of police action," Hoover reported.

"Prepare for the future... Today!"

The new Mercedes-Benz 220 Diesel: so "over-engineered" you may still be driving it in 1988.

Some Mercedes-Benz Diesels just won't quit. In the 32 years since Mercedes-Benz invented the Diesel-powered passenger car, over 500,000 Diesels have been made, and 87% are still running! One owner in Stockholm recently started his second million miles.

The newest Mercedes-Benz Diesel is the 220 (so-called because its engine displaces 2.2 liters). It costs \$4,580,* and from the million-dollar way it looks and rides, many people believe it should be classified as a luxury car.

An unconventional economy car

Mercedes-Benz says the 220 Diesel is an economy car. Yes, an economy car, because it could save you more money in the long run (say, 100,000 miles or more) than the flimsiest little economy car you could buy.

The 220 Diesel is so economical it doesn't even use gasoline. It sips inexpensive Diesel fuel at a miserly rate, yet has enough power to cruise at 80 (where the law allows). This amazing power plant does away with carburetors, spark plugs, and other paraphernalia of the conventional gasoline engine.

But the engine is not the only unconventional thing about the new Mercedes-Benz 220 Diesel. The whole car is "over-engineered." That's the way one critic put it. He was right. By conventional standards, it is built to far more exacting standards than ordinary motor cars.

What else "over-engineering" can mean to you

The remarkable longevity of the Diesel engine is one good example of how "over-engineering" works for the

man who buys a Mercedes-Benz. But by no means does it tell the whole story. Here are some more examples:

A superior braking system

Many ordinary cars still use old-fashioned drum brakes.

Today's 180-mph Grand Prix racing cars use disc brakes. So does the Mercedes-Benz 220 Diesel. And not just on the front wheels, but on every wheel. Drum brakes are cheaper, but tests prove that disc brakes provide the most precise braking possible—at any speed.

So Mercedes-Benz engineers insist on 4-wheel disc brakes as standard equipment. With 421.1 square inches of braking area, it's virtually impossible to outrun the 220 Diesel's brakes.

10,000 body welds

Most conventional cars have a separate body and chassis, held together with bolts. After a while, the bolts can work loose. On a washboard road, the rattles can be deafening.

Mercedes-Benz eliminated the body bolts. In their place are over 10,000 individual welds. Result: a structure of immense strength and rigidity. After 50,000 miles or so, you'll wonder if your 220 Diesel will ever rattle.

A patented suspension

Conventional sedans usually have a little device called an "anti-sway bar" nestled in the front suspension. It pre-

Foreground: the world's first Diesel passenger car (1936). Background: the world's best Diesel sedan (1968). Both by Mercedes-Benz.

vents the car from leaning on hard turns. Without it, the car would wallow (or the springs would have to be made so stiff that the ride would be ruined).

Mercedes-Benz engineers took this idea one step further. They added a second anti-sway bar at the rear, part of the 220 Diesel's new—and patented— independent rear suspension. This allowed the Mercedes-Benz engineers to make the rear springs softer, too. Result: a vastly superior ride, but still no mush, sway or wallow—even in hairpin turns.

"Fatigue-proof" seats

Take a day-long trip in some cars and you'll wind up feeling like a damp washrag.

The Mercedes-Benz 220 Diesel is engineered as much for human comfort as it is for mechanical efficiency. Ortho-

pedic physicians were consulted in the design of the 220 Diesel's seats so you'll have proper support on cross-country tours as well as short hops to the supermarket. When you first slip into one of the 220 Diesel's carefully contoured seats, it may seem firm, but once you get used to it, you'll never settle for "marshmallow" seats again. Mercedes-Benz engineers have respect for your backbone.

Clip coupon for brochure

For more details on the 220 Diesel and 6 other Mercedes-Benz models, send today for your copy of the free 24-page color brochure (coupon at right).

Better yet, visit our showroom. See and drive the new 220 Diesel. Find out how it feels to drive a car built to be the best—not just the best seller.

14 gasoline-powered models from \$25,785* to \$4,446*

The legend of Mercedes-Benz Diesels has grown to Brobdingnagian proportions. There are some people who firmly believe Mercedes-Benz makes nothing but Diesels. Not true. In fact, Mercedes-Benz builds a wide range of gasoline-powered models, from the

awesome 600 to the thrifty 220 (a car very much like the 220 Diesel, but with a regular gasoline engine—for people who are diffident about the virtues of the Diesel engine). They include:

600 Grand Mercedes	\$22,472*
300SEL Limousine	9,489*
280SE Coupe	9,262*
280SL Roadster	6,568*
280SE Sedan	6,336*
250 Sedan	5,150*
230 Sedan	4,631*
220 Sedan	4,446*

Social Notes

Monday, July 29, 1968 NB-CM-HB-LB Page 13

Woman's Touch Sparkles Show

The Irvine Bowl site in Laguna Canyon provides a parklike setting for the many displays of all forms of art at the 33rd Annual Festival of Arts. These include paintings, ceramics, cards, jewelry, mosaics and even weaving. Mrs. Louise

Couse of Laguna Beach is one of three weavers demonstrating her craft in a booth on festival grounds. She has been with the festival for the past 16 years.

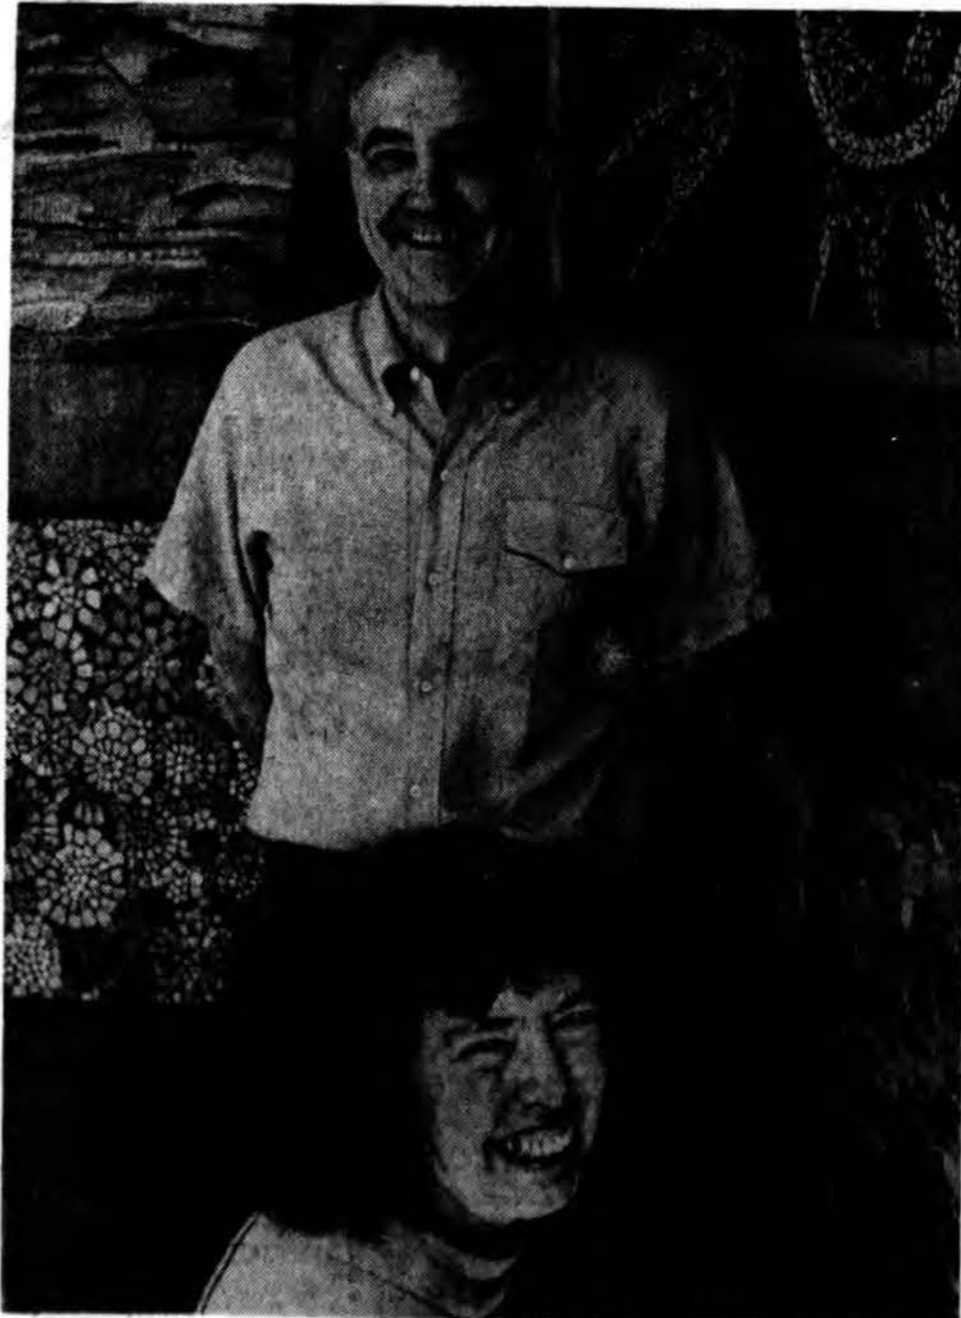

Miss Barbara Weber, a Laguna Beach artist and teacher with her own studio, works with a range of subjects in paintings and drawings. A festival exhibitor for the past 11 years, she has work represented in Fisher Galleries, Palm Springs and Old Town Galleries, San Diego.

Mrs. Virginia Worthington of Laguna Beach uses serigraphs as a graphic medium. Her Christmas and greetings cards have been exhibited in the festival for the past 10 years and she has won awards in the Orange County Art Association show and Invitational North Shore Art Exhibit.

Wanece Vernon, who has her own workshop in Laguna Beach, is showing her custom designed jewelry at the festival for the first time. She is especially proud of the pin she wears called, "Jade Galaxy, the Stone of Heaven." It is made of Burmese Jade and diamonds and is priced at \$3,500.

Esther and her husband Jo Dendel, who work as a team in creating ceramic mosaics and interesting tapestries, have a studio in Costa Mesa. In addition to the festival, they have exhibited their work in many places including the Bowers Museum and Iowa University.

Wood, Pulp, Fabric Her Media

Mrs. Sally Leslie, one of the exhibiting artists at the 44-day Festival of Arts which will end Aug. 24, is showing sculptures which she created from wood pulp and fabrics. She has work in the Palm Springs Museum and won first prize in the New Mexico State Fair. Mrs. Leslie and her husband Tom, are residents of Laguna Beach.

Couple Pick Date

Anniversary Selected

Mr. and Mrs. Donald E. Wardlow of Fountain Valley are announcing the engagement of their daughter, Evelyn, to James Lanny Cantrell, son of Mr. and Mrs. James L. Cantrell of Huntington Beach.

The couple have selected Nov. 4, the 32nd anniversary of the bride-elect's parents, for their wedding which will take place in the Stanton Assembly of God Church. Miss Wardlow is a graduate of Fountain Valley High School. Her fiancé was graduated from Huntington Beach High School and will be entering Orange Coast College in the fall.

Gold Digger Will Get the Axe

News Told At Dinner

DEAR ANN LANDERS: We are five teenage girls who are writing to servicemen in Vietnam.

One girl (I will call her Jill) has been getting gifts from the boy she is writing to — not little trinkets, Ann, the last gift was a wristwatch that must have set him back a lot of money. Jill is practically engaged to a 19-year-old boy she's been dating for two years. When we criticized her, she said, "I am making the GI happy and I'm entitled to whatever he wants to give me."

Maybe I feel so strongly because I have a brother in Vietnam and I'd hate to have a girl double deal him like this. What is your opinion? — **OUTSPOKEN IN CHIPPEWA FALLS**

DEAR OUTSPOKEN: It is unlikely that the GI would be sending Jill expensive gifts if he knew she was "practically engaged." It's neither proper (nor honest) to accept presents under the circumstances and I hope Jill will return the watch and urge the GI to save his money.

DEAR ANN LANDERS: I am a high school boy (senior) who needs your advice. I am depressed most of the time and don't want to talk to anybody. When I'm in the dumps I feel worthless and stupid and I hate myself. Then I go the other way and think I am the greatest.

I know I need to socialize more but when I get the chance I make some dumb excuse and back out because I'm afraid I won't act right and people will dislike me even more.

I feel alone when I'm with my family. My father always has been cold. My mother is so busy trying to keep peace in the family she has no time for anything else. Dad fights with everybody.

I've told Mom I think I need psychiatric help but she says I am going through a stage and I'll grow out of it. I've even thought of suicide. Please tell me what to do. — **AFRAID OF LIFE**

DEAR AFRAID: My advice is for both you and your parents because you need to recognize the nature of your problem and your parents need to recognize the importance of getting you to a doctor for a psychiatric evaluation.

Unfortunately some parents are reluctant to recognize symptoms in their children that could be signs of emotional illness. The parents fear it will label them as failures. In any event, fixing the "blame" serves no useful purpose. What is needed now is professional help. Your personality swings (from high to low and low to high) need exploration.

DEAR ANN LANDERS: Four years ago I did a foolish thing. I let a man move into my apartment without benefit of clergy. He had lost his job

and was broke. I felt sorry for him. I also was flattered by his attention because he was nine years younger than I and very good looking. We lived together for almost two years.

When he got a good job, he also got a new sweetheart — someone his own age — and married her. My question is this: Am I legally free of this rat? A woman at work said something about common law marriages. (I am listed on his company insurance policy as his wife.)

I'm too shy to talk to a lawyer and I need your help. — **SOUTHERN NITWIT**

DEAR SOUTHERN: Beats me how a woman can play house with a man for two years and be too shy to talk to a lawyer. Sorry, but if you want legal advice, you'll have to go to someone who can give it. I can't.

What is French kissing? Is it wrong? Who should set the necking limits — the boy or the girl? Can a shotgun wedding succeed? Read Ann Landers' booklet, "Teenage Sex — Ten Ways to Cool It." Send 50 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of the DAILY PILOT enclosing a stamped, self-addressed envelope.

The engagement of Sandra Naylor and Harry L. Goodwin was announced to close friends and family during a buffet dinner party hosted by Mrs. Bill Thornhill in the Huntington Beach home of the bride-elect's mother.

Miss Naylor is the daughter of Mrs. Lois Naylor and Raymond Naylor II of Sacramento. A graduate of Huntington Beach High School and Orange Coast College, she now attends California State College, Long Beach, where she is majoring in social welfare.

Her fiancé, son of Mrs. C. C. Donica of Maricopa, was graduated from Huntington Beach High and attended OCC, the University of Idaho, and will be graduated from the Long Beach college next year.

Laguna Hills Church Setting for Nuptials

St. Nicholas Catholic Church, Laguna Hills was the setting for the double ring wedding ceremony linking Norma Kathryn Hall and Lawrence Mathew Jock of Westminster.

The Rev. Jerome Turba read the rites for the daughter of Mr. and Mrs. Gerald E. Hall of Mission Viejo and the son of Mr. and Mrs. Mack Jock of South Milwaukee, Wis.

Escorted down the aisle by her father, the bride wore a chantilly lace and tulle gown, designed with a scalloped neckline, long pointed sleeves and a fitted bodice. The full skirt was fashioned with tiers of lace and jeweled tulle which extended into a cathedral train.

Her illusion veil was caught to a matching lace coronet and she carried a cascade of white roses and baby breath.

Floor length gowns of

yellow georgette chiffon with chiffon capes, headpieces of crepe bows with chapel veils and cascades of yellow roses were selected for her entourage.

Miss Linda Hall served her sister as maid of honor, and bridesmaids were Miss Toby Marshall of Tustin and Mrs. Robert Jackman of Tustin.

Donald Jock of South Milwaukee attended his brother as best man. Ushers were Donald Imhoff of Maywood and Wyn Holmes of Santa Ana.

Monique Favreau, the bride's niece was the flower girl while Christopher Hall, her brother was the ring bearer. Altar boys were Kevin and David Hall, other brothers. Miss Kathy Caron of Downey was the soloist.

A reception followed in the home of the bride's parents. The newlyweds will establish their first home in Westminster.

The bride is a graduate of Mater Dei High School and attended Santa Ana College. Her husband attended school in Wisconsin and is a graduate of Cerritos College and California State College at Long Beach.

MRS. LAWRENCE M. JOCK
Westminster Home

Horoscope

Virgo: Read Between Lines

TUESDAY
JULY 30

By SYDNEY OMARR

"The wise man controls his destiny... Astrology points the way."

ARIES (March 21 - April 19): Give serious consideration to proposal made by close associate, mate or partner. Day to bolster public relations. Don't force issues — make intelligent concession.

TAURUS (April 20-May 20): New values placed upon your services. People tend to be more appreciative. Study ARIES message. Emphasize diplomacy. Turn on charm.

GEMINI (May 21-June 20): Advance hopes through creative endeavors. New contacts prove stimulating. Break from routine is constructive. Find new ways of achieving goal. Accent originality.

CANCER (June 21-July 22): Study credentials. Means be sure you have proper credits. If not, go after them. Realize that future may demand an area of specialty. Today you can do much along this line.

LEO (July 23-Aug. 22): Excellent for socializing. Vacation activity is spotlighted. Deal with people who have ideas and express them. Avoid those who gossip, spread gloom. Good evening for dining out.

VIRGO (Aug. 23-Sept. 22): Financial picture tends to be brighter. You are better equipped to cope with spending, collections. Be aware of fine points. Read between the lines.

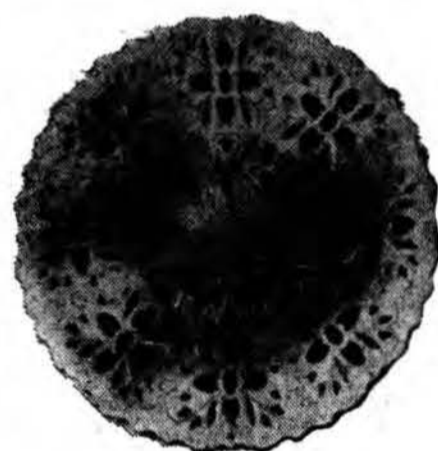

LIBRA (Sept. 23-Oct. 22): Strive to put across views. People who were indifferent now change their attitudes. Know this — proceed with confidence. Encourage new contacts, friendships.

SCORPIO (Oct. 23-Nov. 21): Display ability to organize information. Get facts in order. Quiet work behind the scenes is favored. Pay no heed to one who tries to make you afraid.

SAGITTARIUS (Nov. 22-Dec. 21): Career and financial goals come closer to reality. Friend who made promise is likely to fulfill it. Be sure you are on right track where issues are concerned. Be factual, analytical.

HB Jobs Daughters Attend Grand Bethel

Miss Nancy McFaul, honored queen of Bethel 321, Jobs Daughters, Huntington Beach, recently led 19 members to Oakland to attend the 22nd annual Grand Bethel session.

The line officers were present at a banquet while

Party Planned

Friends of the Teen Girls Idyllwild Program are hosting a card party, Aug. 2, at 11 a.m. in the Newport Ebell Clubhouse.

Reservations may be made with Mrs. Raymond Wood, 646-1372. The Friends meet the first Friday of each month.

the other girls toured Jack London Square. Both groups met later to join 350 other Bethels for a song fest, and a talent show followed.

Ten coeds participated in the annual choir competition with Miss McFaul conducting.

The Bethel toured San Francisco, and the installation of grand Bethel officers and presentation of awards closed the 1968-69 session. It was announced that the grand Bethel would again take place in Long Beach.

On the last day the girls attended Sunday services and visited the Mormon Temple of Oakland.

Hunt Family

'67 Varieties' Meet

If there are so few native Californians around, perhaps it's because the John Hunt family has the market cornered, at least in this area.

At a recent family reunion in Costa Mesa Park there gathered 67 people, half of the entire family, everyone of which is native born to the state.

The more than 100 family members include a 21-day-old baby who is the sixth generation to live in the state and the fifth generation of native-born Californians in the Hunt family.

Most family members still live in this area. Hunt's

sister, Mrs. Louise Squires, has lived in Newport Beach for 36 years and in the same neighborhood for 30 years.

Mrs. Harry Schunemann, Hunt's daughter, can remember walking down the Costa Mesa streets on Saturday nights when the saloons were rip-roaring and wide open. She tells how her granddad once said, "Costa Mesa will never be anything but a bunch of ding-bat houses."

Her husband used to farm the fields around their house in the time when the place was "really a one-horse town."

Mrs. Schunemann's grandparents, Mr. and Mrs. William Hunt, arrived in California in 1898 after an arduous journey from Missouri. They settled in what is now the Harbor area. Her other grandparents, the R. J. Sparkes, arrived in San

Bernardino at about the same time.

The family picnic in the park, which has been held each year for 36 years, attracted three of four members of the original Hunt family, including Mrs. Squires, Mrs. Harry Ludlee of Sacramento, and Mrs. Carl Schadick of Bakersfield, all sisters. Hunt himself is deceased but his wife, who lives in Fullerton, also attended.

But there are more. The Sparkes side of the family has about 50 relatives while Mrs. Schunemann's husband can count at least 50 on his side.

All in all there are over 200 members of the combined families, almost all living in the state. Now Costa Mesa is no longer a "bunch of ding-bat houses," the Hunt family and its relatives certainly had something to do with it.

Nassau Vacationers

Among recent vacationers at Nassau's Sheraton-British Colonial Hotel are Mr. and Mrs. J. E. Popovits of Newport Beach. Mrs. Popovits is the social-cultural supervisor for Costa Mesa Recreation Department.

Artists-of-the-month Present Joint Exhibit

Culminating a year of exhibits by area artists, Newport Beach Junior Ebells will present works of each artist - of - the - month selected during the past year.

During August, a joint show in the three Newport Beach libraries will be featured.

On display will be mosaics

by Esther and Jo Dendel; Mexican and Indian oil paintings by Mrs. E. G. Houston; collages and portraits, Mrs. Charles B. Davis; greeting card designs, Mrs. David R. Arnovici, and needlepoint, Paul Ditzberger. Also exhibited will be seascapes and still life, Mrs. Robert J. Norton; paintings, Mrs. Peter A. Maues, and works by students of Mrs. Aileen Worthley will be shown by Helen McClain, Michael Dwailebe, Kay Gray and Peggy Mauz.

In charge of collecting and hanging the show will be Mrs. Roger Pille, fine arts co-chairman for Junior Ebells.

Secretaries

At 6:30 p.m. every second Thursday women of Bahia Chapter of National Secretaries' Association International assemble in different locations to attend meetings. Mrs. Sally Fleming at 673-6360 may be telephoned for information.

Old Members Honored

Legioners Take Office

Gavel-passing ceremonies at the American Legion Auxiliary, Newport Harbor Post 219 installed new officers and honored old members, as the auxiliary laid plans for its 1968-69 season.

Mrs. Roy H. Owens relinquished her presidency to her daughter-in-law, Mrs. John Donald Frey of Long Beach. Mrs. Frey will be assisted in the coming year by new officers, the Mmes. Charles Weaver, first vice president; Clayton Balcombe, second vice president; Aris Randall, chaplain; Bill Murray, secretary and treasurer;

Kenneth E. Johnson, historian; Charles Hunt, sergeant-at-arms, and Fred Beck, marshal.

The executive committee will consist of Mrs. Owens, Mrs. Johnson and Mrs. Roy Shafer.

The Mmes. Owens, Frey, Weaver, and Johnson have been appointed delegates to the convention at Fresno. Mrs. Johnson has also been endorsed and supported by the unit for the position of second vice president of the 29th District Auxiliary.

Four living charter members, who were chosen to be honored with life

memberships for their loyal devotion to the auxiliary, are the Mmes. Clayton Thompson of Costa Mesa, Frank Finster of Balboa, Florence Reber of Hemet, and Percy Wilson, also of Balboa. The awards were presented at the annual Sweetheart Tea.

The auxiliary plans to begin or continue several projects through the year, including knitting "toe warmers" for servicemen in Vietnam, serving a luncheon to Long Beach Veterans Hospital residents, and hosting a three-day Junior Jamboree for teenage girls.

Braziers Fired

Steak Fry Feeds Funds

A steak fry in the home of Mr. and Mrs. Donald Dutton currently is being planned as a ways and means project by members of the Holy Eucharist Institute 220, Westminster, on Aug. 24.

Mrs. James Worthylake, chairman, is being assisted by the Mmes. Donald Cooney, Joseph Walulik, John Morberg, Doug Fast and Ray Scott.

Mrs. Michael Reid, president, has reported that a committee is being formed to head the group's first

Christmas bazaar to take place in early December.

Members recently enjoyed an evening of bowling following a short business meeting in the Knights of Columbus Hall, Westminster. High and low bowling winners were Mrs. Morberg and Mrs. Fast.

Catholic women in the area who would like more details regarding the institute, its many projects and community services may call Mrs. Reid, 897-6660, or Mrs. Carey, 537-8162.

a new wardrobe or a new figure?

Which will it be for you?

If you've put on a few pounds gradually, and are just realizing that you'd better do something fast, before you "outgrow" your present wardrobe . . .

DON'T PANIC! Visit your nearest Gloria Marshall Figure Control Salon and see how we can put you back into your perfect dress size fast!

Now, at last, you can lose pounds and inches quickly and safely this one absolutely guaranteed way . . . and you can do it without pills, starvation diet or strenuous exercise. Here's how:

The highly successful Gloria Marshall figure control plan is based on the use of very special machines designed to banish every correctable figure fault. It is a relaxing, effortless and easy way to lose those extra pounds and inches.

On your first visit, for which there is no charge or obligation, your figure will be analyzed and you will be given a sample treatment. A personalized progress chart is prepared, so that each time you visit the salon, a trained counsellor can guide you towards your specific goals. We keep a constant check on your progress toward a lovelier figure.

Results are Guaranteed

Every patron receives a written guarantee that she will reach a specific dress size by a definite date. How quickly results can be obtained for you depends on your own figure problems. If the promised results are not attained on schedule, Gloria Marshall will furnish additional treatments until the guarantee is fulfilled at no further cost or obligation to

you. In this way, you reach your desired goal in the shortest time . . . and for the least expense.

How much does all this cost? The standard price for treatments is \$2.00. You are clearly told the number and frequency of treatments required, so that you know exactly what your self-improvement program is going to cost you . . . there are no hidden charges or extras whatsoever.

No other weight reducing system can, or does, offer our services. We can help you regain and keep a trim poised, youthful shape and at the same time, release muscle tension. Overweight is not only damaging to health but too many pounds make a woman appear years older than she is. Every woman knows that her personal appearance does affect her personality. Overweight can change a normally vivacious, charming woman into one who is depressed, irritable and unhappy. The more dissatisfied she becomes with herself, the more she is likely to overeat. She gets less and less exercise and loses the energy to lead an active life. You can look lovely as long as you live. Call today for your free treatment and figure analysis, with no obligation. We will discuss your figure problems with you and show you how we can guarantee results . . . remember it's

never too late to be lovely. So, why wait any longer? Join the thousands of smart women who have regained a trim, youthful figure, and now look years younger! Only Gloria Marshall offers such a specific, written guarantee of results. Call today, now, for your figure analysis and complimentary treatment.

TELEVISION VIEWS

Monday Night Lineups Set

By RICK DU BROW

HOLLYWOOD (UPI) — In the past television season, CBS-TV's Monday night lineup demolished the opposition and earned the network ratings supremacy.

THE LINEUP consisted of "Gunsmoke," The Lucille Ball and Andy Griffith series, "Family Affair" and the Carol Burnett Show.

In the coming season, however, a battle royal is shaping up for Monday night ratings supremacy — and the outcome may determine which network scores best in the overall statistical competition.

CBS-TV's chief challenge will come from NBC-TV, whose Monday night programs it simply wiped out in the recent season.

When last season began, the NBC-TV Monday schedule was "The Monkees," "The Man from U.N.C.L.E.," "The Danny Thomas anthology and "I Spy."

"THE MAN FROM U.N.C.L.E." gave way at midseason to "Rowan and Martin's Laugh-in," and the other three series simply won't be back in the fall.

"Rowan and Martin's Laugh-in," however, will indeed be back, and it has been a phenomenal success against the potent CBS-TV Monday pairing of "Gunsmoke" and "The Lucy Show."

FURTHERMORE, NBC-TV will follow "Laugh-in" with its new Monday night movie series — the third weekly motion picture for the network, which also shows feature films on Tuesdays and Saturdays.

In addition, NBC-TV will precede "Laugh-in" with the long-running Barbara Eden series, "I Dream of Jeannie" — a long run in television meaning anything you can still remember the title of.

SO NBC-TV will go with three shows on Monday nights against CBS-TV's five. And many eyes are on CBS-TV to see whether Griffith's retirement from his series, plus the scheduling of a replacement show, will hurt the network's lineup.

The new series, starring Ken Berry, is called "Mayberry R.F.D.," and is similar in tone to the Griffith show, and in fact is set in the same southern locale.

"MAYBERRY R.F.D." is one of the three CBS-TV shows that will go up against the NBC-TV movie, the others being "Family Affair" and the Carol Burnett program.

"I Dream of Jeannie," meanwhile, squares off against the first half of "Gunsmoke," with "Laugh-in" picking up against the second half.

ABC-TV doesn't figure, at this point, to give real ratings competition to CBS-TV and NBC-TV on Mondays, but it will drain off some of the audience with the following lineup:

"The Avengers," "Peyton Place," "The Outcasts" (a new hour western with white and Negro stars) and "The Big Valley."

LUCILLE BALL, however, may find herself a little more pressed in the ratings than usual. "Laugh-in" has done so well against her that there was talk of moving her series. Now she will also face the competition of "Peyton Place."

I'LL HAVE MY COFFEE BLACK, MIDGE.

AN I'LL HAVE MY MILK WHITE, WITH TWO COOKIES!

Dogs' Day Fun for 117 Kids, Too

It was dog's day out. Pulling and tugging, 117 entries towing their respective masters gathered last week at the Brookhurst Plaza parking lot for Fountain Valley's first annual Kids Dog Show.

Judges reported that all the pets were well mannered. No mean accomplishment, what with the unexpectedly large canine contingent, warm sunshine, and itchy costumes.

Leases were mandatory throughout the two-hour pageant. Prize winners included:

Best Groomed — "Cognac," Leandra Weathers, 5, 18587 Cork St., Fountain Valley.

Best Costumed — "Cheri," Kevin Trani, 4, 6211 Santa Catalina, Garden Grove.

Shaggiest — "Willy," Robin Miller, 10, 10402 Del Mar Lane, Huntington Beach.

Biggest — "Sergeant Pepper," Twila McDonald, 13, 12351 Morrie Lane, Garden Grove.

Smallest — "Cuchess," Tim Snyder, 9, 8171 Imperial Blvd., Garden Grove.

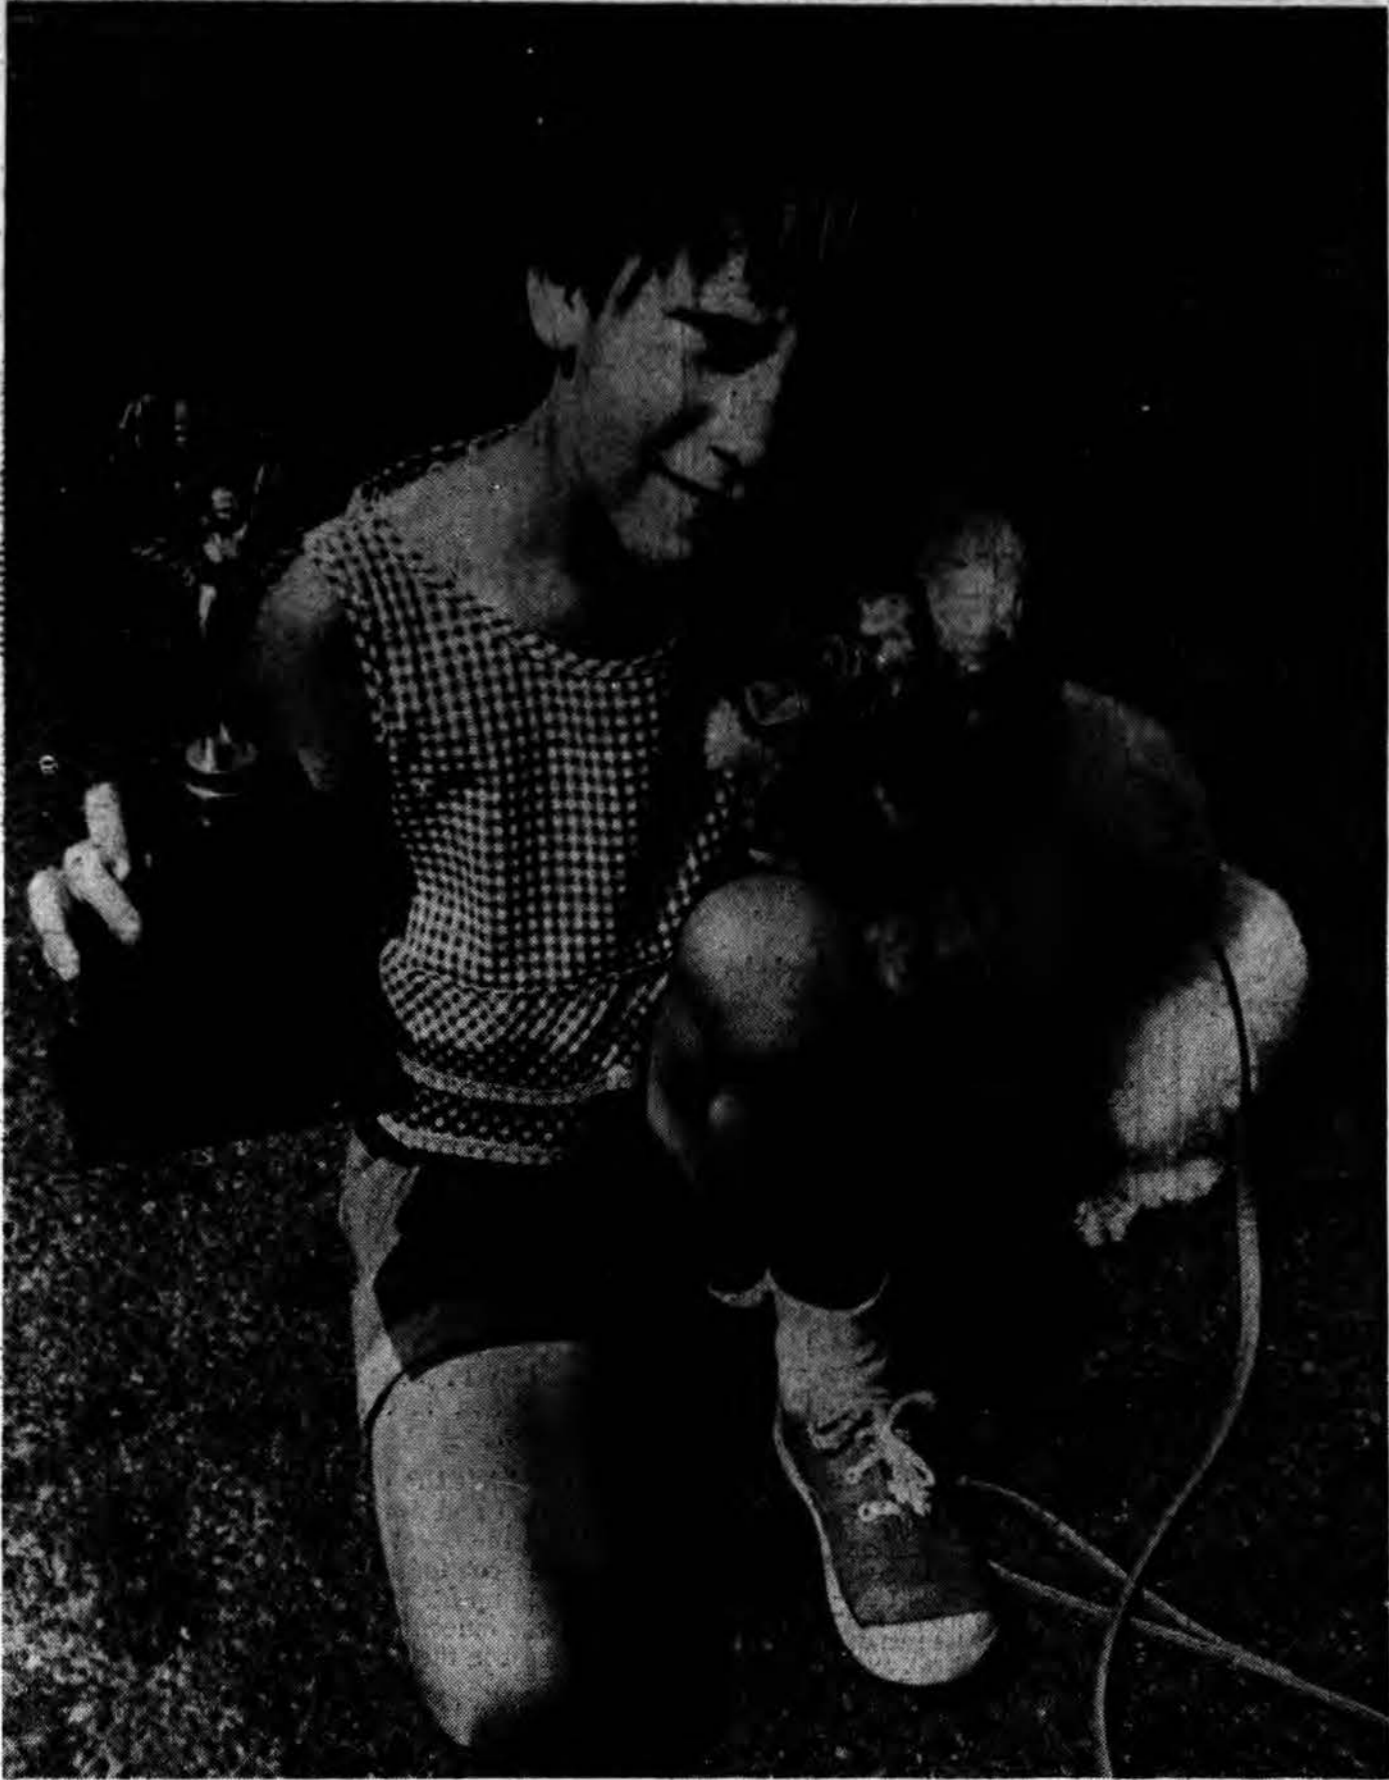

Best of Show — "Mariya Kelly," Kimberly Wollman, 11, 9476 Kiwi Circle, Fountain Valley.

Place and showers included "King," Ricky Warren, 10, Huntington Beach; "Pierre," Donn Wilson, 8, Fountain Valley; "Sandy," Julie Compardo, 4, Huntington Beach; "Inky," Mike Sullivan, 13, Fountain Valley.

Also "Caja," Tammy Lewis, 8, Fountain Valley; "Zana" and "Mitz," Evelyn McRae, 12, Garden Grove; "Reno," Shannon Wolf, 3, Newport Beach; "Taffy," Mark Wood, 6, Huntington Beach.

BEST COSTUMED — "Cheri," 11-month-old poodle, and Kevin Trani, 4, of 6211 Santa Catalina, Garden Grove, hold first place trophy for being the Best Costumed.

GIRL'S BEST FRIEND — Leandra Weathers, 5, of 18587 Cork St., Fountain Valley, hugs "Cognac" for not smudging his whiteness, thereby winning Best Groomed trophy.

GRAND MARCH — Shaggy or sleek, mastiff or miniature, 117 dogs accompanied by equally varying sizes of masters paraded for judges at the beginning of the show.

IRISH BLARNEY — "Maria Kelly," an Irish setter, was named Best-of-Show, an achievement which obviously delighted owner Kimberly Wollman, 11, of 9476 Kiwi Circle, Fountain Valley.

HIGH STEPPER — Acrobatic poodle does a twostep to win judges' attention during the grand parade to mark the start of the Fountain Valley Kids Dog Show on the Brookhurst Plaza parking lot last week.

SHAGGIEST OF THEM ALL — Hairy "Willy" poses with his mistress Robin Miller, 10, after taking the number one place in the furry division. (DAILY PILOT Staff Photo)

Brokers Cut Paper Pileup

NEW YORK (UPI) — How are brokerage house back offices coping with the paperwork in this period of four-day stock exchange sessions? The answer: very well, thank you.

A survey of major brokers showed that, while none is back to normal conditions, they are reducing the level of the paper flood that has inundated them for months.

Some had criticized the trading cutback. Now, practically all admit the one-day-a-week closings — which started June 12 and continued through this month — have helped.

A Bache & Co. spokesman said the firm's backlog is being reduced "little by little" and added that if trading stays moderate, "we should be back to what might be called normal pretty soon."

Turnover figures for the American Stock Exchange differed somewhat still. It saw a record 10.8 million shares traded on June 13.

Despite high-volume Thursdays, brokers coping with the paperwork were not discouraged. As one brokerage house explained, a 20-million share day on a Thursday averages out to 10 million shares daily for a Wednesday and Thursday in a week with no one-day closing.

INROADS — NYSE member firms said they are making inroads on the nettlesome problem of "falls" — inability to deliver securities sold by a client.

And the American Exchange says it has cleared up 46 percent of its falls.

Well Street sources generally agreed that this problem — as well as others — centered around over-the-counter dealers still pretty much at a high volume level.

Many NYSE member firms are discouraging such business, but it is generally agreed on Wall Street that the majority of OTC dealers — with their limited office staffs — have made little progress on their paperwork.

Construction is expected to begin soon on a 50-unit motel on the west side of Harbor Boulevard in Costa Mesa, just south of the San Diego Freeway.

Vagabond Motor Hotels Inc., has a long-term lease on the property at 3141 Harbor Blvd., negotiated by Brown Motel Investment Inc., with owners George Grazdais and George Eitens.

The Vagabond firm operates 10 motels now, with additional facilities planned on property leased in Whittier, San Jose and San Luis Obispo.

Sheridan Given New Air Cal Job

Vince Sheridan has been promoted to manager of Air California's customer service department.

Formerly station manager for Air California's San Francisco International Airport operation, Sheridan has been customer service manager with Air California in San Jose since Dec., 1967.

New Position

David N. Hepburn Jr., Huntington Beach, has been promoted to assistant cashier at the Los Angeles office of United California Bank. He joined UCB in 1964.

Hammond's Earnings Piping Hot

Hammond Corp. today reported that earnings for its first fiscal quarter ended June 30 rose sharply over its first fiscal quarter earnings a year ago.

First quarter earnings totaled \$788,000 equal, after provision for preferred dividends, to 21 cents per share. For the comparable quarter last year, when earnings were severely depressed, Hammond \$177,000 equal, after provision for preferred dividends, to 3 cents a share. Per share earnings are based on the 3,423,122 shares outstanding at the end of both periods.

Consolidated net sales rose to \$16,866,000, compared with \$13,976,000 for the first fiscal quarter a year ago.

Stanley M. Sorenson, chairman, reported that all three "core" product areas of the company were performing very well, especially the organ segment. "Our organ sales are very good, with percentage increases ahead of the increases being experienced by the organ industry generally, because of the favorable consumer response to new products we have introduced."

School Opened

West Coast Trade Schools opened its newest branch specializing in business and technical training at 2121 S. Manchester, Anaheim, last week.

1968 Auto Sales May Hit Record

By Carl Carstensen

With June being one of the big volume months, it looks as if the auto industry is on its way to a record year in new car sales.

Sales for the first six months are generally well ahead of 1967 with some divisions continually posting records. Should sales remain steady through the remainder of the year, predictions made by some at the year's beginning that 1968 would be the best in history, could well be proved true.

Always optimists, auto leaders are running high with enthusiasm right now.

growing success of "performance cars" (Road Runner, Super Bee, Firebird 400, Shelby Mustang, etc.) with the older age group.

Welcome addition to VW and Porsche is the Sport shift. You can shift if you want or drive it as an automatic.

Our choice of wagons (we drove only a few) are the Dodge Coronet and Plymouth's Sport Satellite. Both intermediates, both similar, and both good. Three Buicks all good; GS-400 Le Sabre, and Wildcat — can't remember having a bad ride in a Buick. We didn't drive the Riviera, always a favorite and one of the best. Cad El Dorado; success speaks for itself as dealers never have enough.

Things that are bothersome are new cars that rattle; that wild noise that comes from GM cars when your key is left in the ignition and the driver's door is open or ajar; the warning light system that fails to work, letting the gas tank run dry; the headliner interior on some cars that looks as if it was just an afterthought; the hideous "barber chair" head restraints, and the 5 seat belts in the front seat; there must be a better way.

Some of the changes for '69 will be the addition of a convertible for both Cougar and Plymouth Road Runner, the concealment of the radio antenna by Pontiac, a new anti-skid device from Ford Motor Co., stronger stress on safety features as required by the government. (More on this soon.)

Mercury Cougar's handling and suspension on the GT; awards of excellence to Javelin and the AMX, this year's additions to American Motors that gave AMC dealers something new to move off with nine consecutive months of new car sales records.

The new Chevy Corvette and Lincoln's Continental Mark III, both are fantastic new U.S. autos. Olds Toronado, the quietest car we drove. The so-called "bumped bumper" on the Pontiac GTO, looks great, is very practical, and we can expect to see more of the same in '69.

Pontiac's Catalina two door hardtop, a super buy for the money. Chevrolet Caprice 2 door hardtop, quite a luxurious change from older Chevs.

Surprising is the still

ELECTED PRESIDENT

Kent Allen

Kent Allen, 30-year-old general manager of Chick Iverson VW in Newport Beach, was elected president of the Southern California Volkswagen Managers Association at its annual convention in Santa Barbara.

Allen is well qualified to assume his new duties of advancing better business management policies. He's been in the business since he was 15, starting as a lot boy. He's worked as a new car delivery boy, parts man, service adviser, salesman and as used and new car manager and at one time had a used car business of his own. He has been with Iverson since 1962.

Sheridan Given New Air Cal Job

Vince Sheridan has been promoted to manager of Air California's customer service department.

Formerly station manager for Air California's San Francisco International Airport operation, Sheridan has been customer service manager with Air California in San Jose since Dec., 1967.

The Desalting Collapse

What was to be the world's No. 1 nuclear seawater desalting plant combined with electric power production has gone down the drain, at least for the present.

The plant was to have been built on a man-made island off Bolsa Chica beach in Huntington Beach. It was to produce 150 million gallons of fresh water per day, in its final phase, and enough power to substantially augment present power production for Southern California's growing needs.

The plan was to mix the water with Colorado River water to give it more palatability than distilled water.

All-in-all, the huge plant was planned as a pace-setter for the whole world — a thirsty as well as power-hungry world. It would have produced a number of beneficial side effects for the Orange Coast — another boat harbor and warm water to attract fish, not to mention the whole operation's value as a tourist magnet.

What must rank as one of the colossal budgeting miscalculations of this century is apparently responsible for the project's collapse. Six partners — four publicly owned, two investor owned — agreed to go ahead on the basis of an original cost estimate made several years ago which totaled \$444 million.

But that estimate included no projection to cover rising costs of inflation between the time of the original survey and the period of actual construction.

When current estimates came to \$765 million instead of \$444 million, the utilities involved — especially the

taxpayers, investor-owned ones — reeled and took another hard look. A difference of \$321 million was a sum only a federal government could overcome, but even the federal Department of Saline Water and the Atomic Energy Commission were given pause.

The project is now on the shelf. But how long can it be kept there? Even if the know-how this project was to produce for the rest of the country and the world were ignored, the fact remains that still-growing Southern California eventually will need the water and power the Bolsa Island plant could produce.

Euphemistic statements about the demise issued from the federal agencies concerned. The investor-owned utilities were more forthright. They just plain couldn't afford it.

But it's a project that must be carried out on a high priority basis. At some point in our future, nothing could have a higher priority than the parched throats of Southern California residents — or the needs of their homes and industry for electric power.

It appears the only answer will be much greater federal investment in the cooperating partnership between public agencies and private industry, with the money recovered from sale of water and power to the regional, municipal and private utilities over a period of years.

Cancellation of the project is a great disappointment. But possibly all is not lost. The need is so overriding that it must be met by some means.

The Means to Real Peace

The most thoughtful and relevant words I can find for our time were written by Nietzsche in 1880, in which his great (and much misunderstood) thinker came to grips with the basic problem afflicting the human race:

The means to real peace: No government admits that it keeps an army to satisfy occasionally the desire for conquest. Rather, the army is supposed to serve for defense, and one invokes the morality that approves of self-defense.

"But this implies one's own morality and the neighbor's immorality; for the neighbor must be thought of as eager to attack and conquer if our state must think of means of self-defense.

MOREOVER, the reasons we give for requiring an army imply that our neighbor, who denies the desire for conquest just as much as does our own state, is a hypocrite and a cunning criminal who would like nothing better than to overpower a harmless and awkward victim without any fight. "Thus, all states are now ranged against each other; they presuppose their neighbor's bad disposition and their own good disposition. This presupposition, however, is inhumane, as bad as war and worse. At bottom, indeed, it is itself the challenge and the cause of wars. . . . We must abjure the doctrine of the army as a means of self-defense just as completely as the desire for conquests.

AND PERHAPS the great day will come when a people, distinguished by wars and victories and by the highest development of a military order, and

Sydney Harris

accustomed to make the heaviest sacrifices for these things, will exclaim of its own free will: 'We break the sword,' and will smash its entire military establishment to its foundations. "Rendering oneself unarmed when one had been the best armed, out of a height of feeling — that is the means to real peace, which must always rest on a peace of mind; whereas the so-called armed peace, as it exists now in all countries, is the absence of peace of mind. One trusts neither oneself nor one's neighbor and, half from hatred, half from fear, does not lay down arms.

"RATHER PERISH than hate and fear, and twice rather perish than make oneself hated and feared—this must some day become the highest maxim for every single commonwealth, too. . . . They work in vain when they work for a gradual decrease of the military burden. The tree of war-glory can only be destroyed all at once, by a stroke of lightning."

These are harsh and terrible words, almost too frightening to contemplate. Yet there have been a hundred big and little wars since Nietzsche wrote them, and the biggest is yet to come. Is it barely possible that nothing less than his drastic recommendation may save us?

Committing a Nuisance

When she first saw them, Hazel liked the plans for a shopping center near her home. But when the developer started to work, dirt and dust blew all over her place. The dust damaged her rugs, marred her furniture, and scratched the paint on the outside of her house. After Hazel had her lawyer look into her plight, she sued. She claimed that the developer had failed to water down the earth to keep dust from blowing on her place. Besides, he could have put up barricades to stop some of the dust.

The builder denied liability. He said he was lawfully making the best use of his own land. Besides, he said, neighbors would have to bear some of the pains of "progress."

HAZEL WON her lawsuit. Although every owner has the right to make the best use of his own land, he cannot do unreasonable things there which injure his neighbor. This builder moved his earth in an unworkmanlike way. He made a nuisance, and ruined his neighbor's enjoyment of her property. A person cannot do unreasonable

By George

Dear George:
Could you tell me how the story about the Easter Bunny got started?

Dear Tim:
It's odd how often I get that question. This big bunny rabbit started coming around on Easter and hiding eggs. Soon he was known as the "Easter Bunny." I feel this is quite appropriate.

Law in Action

things on his own land that annoy, or cause discomfort or inconvenience to others. If he does, he commits a nuisance. Some nuisances are public — they violate laws or regulations. The person who illegally conducts a business or holds noisy meetings, pollutes the air or water, commits a public nuisance. The district attorney may prosecute him. If the offender is found guilty the judge may fine or jail him.

There are also private nuisances. Barking dogs, the constant burning of rubbish, the spraying of paint, and the like, may unintentionally interfere with a neighbor's enjoyment of his own land. The injured neighbor can go into court and have the judge put a stop to this if his neighbor's actions are unreasonable.

IN OUR CROWDED society, we all must put up with some neighborly discomforts. No one can stop all minor irritations. The law will make no special allowances for the peculiar quirks of irritable persons. The barking of a dog now and then, or the frequent smell of garlic from a neighbor's kitchen, or the buzzing of the nextdoor workshop may annoy you, but the courts will usually find these activities "reasonable." In all nuisance cases the court must balance several interests. How much disturbance is there? How unreasonable is the activity? What overall loss is there to the community if the court restricts the activity? Note: California lawyers after this column so you may know about our laws.

By Robert S. Allen and John A. Goldsmith

Pressure on For Decision On Bombing

WASHINGTON — Unhindered by bombing raids on neighboring supply depots and transportation centers, the port of Haiphong is once again going full blast, supplying North Vietnam and its forces fighting in the South.

That is one of the hard facts of life which must be acknowledged by President Johnson as he ponders a future course with respect to the bombing of North Vietnam.

At his Honolulu meetings with South Vietnamese President Nguyen Van Thieu, Mr. Johnson spiked reports,

Allen-Goldsmith

circulating here and in Paris, that he was ready to stop all bombing of the North. Soon he must address himself to the consequences of the present policy which limits bombing to the North Vietnamese panhandle.

U.S. pilots were never free to attack the piers and unloading facilities in Haiphong. Such raids were forbidden for fear some accidental damage to a Russian — or even a British — supply ship might raise international temperatures.

NEVERTHELESS, the operation of the vital North Vietnamese port was slowed somewhat by raids on railroads, roads and supply points which serve the port facilities.

All such interference ended, of course, when President Johnson announced his scaled-down bombing policy on March 31. It is now clear that the North Vietnamese have taken full advantage of the logistic opportunity afforded them.

Intelligence reports indicate that the "turn around time" for Haiphong — the waiting and unloading time between arrival and departure of a supply ship — is down from 43 days to an efficient 15.

The number of ships discharging in Haiphong and other ports in North Vietnam is substantially larger now than in 1967. Russian shipping and vessels from the free world have combined to increase the traffic.

DURING THE four months of this year (including April, the first month of the restricted bombing policy) 72 Russian ships called at ports in North Vietnam. That annual rate, 216 per year, compares with 181 Russian ships entering North Vietnamese ports in 1967.

Sen. Harry F. Byrd Jr., D-Va., the principal congressional auditor of shipping to North Vietnam, reports that the number of free world ships visiting North Vietnamese ports is running at just about double the rate of the past two years.

For the first six months of 1968, Byrd says, 78 free world ships carried cargo to North Vietnam. That total, 78, for a six month period, exactly matches the total, 78, for the 12 months of 1967.

AS IN THE PAST, most of the free world ships supplying North Vietnam fly the British flag. In the first six months of this year 64 British ships visited ports in North Vietnam compared with 32 in the same January-through-June period last year.

Faced with statistics of this sort, the Senate Military Preparedness Subcommittee is updating its recent study of the air war in Vietnam. Chairman John C. Stennis, D-Miss., has directed the committee staff to give special emphasis to the effects of the bombing halt on the Communist build-up in the south.

The Real Issue In American Life New Ideas or Assimilate?

Richard Wilson

WASHINGTON — The real issue in American life was posed about as neatly and precisely as it can be at the recently closed National Conference of State Governors. On one side of the issue was President Johnson's good and close friend, Gov. John Connally of Texas; and, on the other, a nominal Republican, John Gardner, former secretary of Health, Education and Welfare. Both men were members of the cabinet in the Kennedy-Johnson administration.

Gardner championed going ahead at great cost with new commitments and new energy in the solution of social problems which torture this country from coast to coast. Connally declared the American people are tired of turmoil, tension, dissension and crises. Americans, he said, wish to pause, study and reflect on what we are, and where we are going. People are disenchanted with candidates with new ideas and wish time to assimilate changes which already have been made.

THOSE WHO KNOW how many of the electorate are on Connally's side and how many on Gardner's should be able to predict without difficulty the outcome of the presidential election this fall. They should be able to perceive more clearly also the dilemma of Hubert H. Humphrey, who is caught, not to say trapped, between the conflicting points of view.

For everyone who says that Humphrey must break with Johnson or the Johnson Administration image

to rise to new heights of social action, there is another who says Humphrey would do well to reevaluate the Johnson programs and proceed, not with new programs, but with those which have worked or show promise of working. Humphrey began his presidential campaign with the idea that the scope of the social budget for housing, race problems, education, and so on, was about enough. But he is being pushed or lured into statements which leave very much in doubt his real intent, just as he is being pushed or lured into statements on Vietnam which leave doubt about his position.

THIS, IN PART, must be a cause of Humphrey's recent decline in stature in samples of the voting public, and the cause, too, of the rise in interest in George Wallace, the mugwump candidate from Alabama. If the governors of the states are any measure of public opinion, law and order, and stability and security (Connally version) are of higher priority than the Vietnam war in the hearts and thoughts of voters. For almost everyone can agree that some way should be found to end the war, and the only question is how. Not knowing just how, a majority of the voters, lacking information and judgment,

may decide in the voting booth that they can only rely on the judgment of those in the administration who are doing their level best to find an honorable way out.

GOVERNORS ROSE in protest against the new taxes which the gigantic spending on Gardner's program, offered in the name of the urban coalition, would bring. But that did not alter the validity of Gardner's main point that big ideas do not come with small price tags.

All the candidates — Nelson Rockefeller, Richard Nixon, Hubert Humphrey — are trying to find the cheap way out through various devices of public and private cooperation — a Marshall Plan for the ghettos, or some kind of a private-public bank.

But Gardner is right. Every serious observer reaches the same conclusion: more taxes, more programs, and an overriding commitment to the solution of problems which unless solved will rip this country asunder.

WHILE THE GOVERNORS of the states in their black braid trimmed white dinner jackets were seated decorously in the convention center in Cincinnati, automatic rifle fire was chattering through the steaming streets of Cleveland and 10 men, including three policemen, lay dead.

It was reminder enough that an overriding commitment for both law and order and for a new burst of energy in the solution of our agonizing problems are absolute requirements.

'Human Touch Is Not There'

To the Editor:

All the excoriations of John Birchism, Wallaceism, Minute-manism, etc., are but surface reactions to something only a psychiatrist can divine.

It takes a certain type of person to adhere to these militant, Oliver Cromwellian societies. In the main, they comprise (observe this closely) non-creative people, not like artists, musicians, composers, poets and philosophers. They have the narrow outlook of incredible ignorance of mind and soul and heart. All are of the business world or in a laboring field. The human touch is not there. Business per se is a cold fish.

PARANOIA ABOUNDS in this serene and grey world of whispers. This is peculiar to America. Our Puritan (heritage?) has long been fighting Pilgrims. Self-righteous and arch, these odd souls walk a chalk line toward eternity. Arthritic rigidity indeed. They fear the Mediterranean world that gave us the glorious

Mailbox

Letters from readers are welcome. Normally writers should convey their messages in 300 words or less. The right to condense letters to fit space or eliminate libel is reserved. All letters must include signature and mailing address, but names will be withheld on request.

Renaissance era. Franklin warmed his hands on that fire. Our founding fathers were, in the main, utterly human. When did the Devil step in? When will he get out? I wonder and worry.

JOHN HAINES

Deception

To the Editor:

The Johnson Administration has once again pulled off a masterful piece of deception on the American people! The Army has proudly announced, the draft call was lower than it had been since April, 1967. An exclusive interview with some brass drone announced that the reason was that replacements weren't needed in Vietnam. Everyone sighed, put down the paper and said hurrah for Clark Clifford, he is really keeping our boys home. 'Tis not surprising the public had this reaction because as usual the Army only told what was good politics and what Johnson wanted told.

THE TRUTH IS: divisions which are due to come home are being replaced with reservists. These reservists are men of average age, 30 up to 35 or 36. These men have established themselves in their communities and their businesses. They have from two

to five children and own homes with payments up to \$350 per month. They could afford this because their average income was \$10,000 to \$50,000 annually.

These men aren't draft card burners and beard wearers or long hairs, these men don't pour blood on draft files and march in front of induction centers.

THESE MEN signed up for the reserve program to fulfill their military obligation, because the program was designed for extreme national emergency and any one of them would gladly go, should this occur. It hasn't; however, opportunists in the Pentagon saw their chance to show these "weekend warriors" how it feels to be a "real" soldier and they took it.

The reservists, like sacrificial lambs, meekly submitted. They will go where younger men should go, if anyone should. They will fight and some may even survive in spite of the lousy training and padded reports to the Pentagon by some C.O. up for promotion.

KEN STILL URGES THIS 18-FOOT PUTT INTO THE CUP ON THE NINTH HOLE AT THE MINNESOTA GOLF CLASSIC AT ST. PAUL. STILL SHOT A 68 SUNDAY AND PLACED SECOND WITH A 273.

Drysdale Blistered By Chicago

HOUSTON (AP) — Veteran righthander Don Drysdale took his worst beating of the season Sunday in an opener with the Chicago Cubs, both on the mound and physically.

Billy Williams led the first game attack on Drysdale with a double and his 12th homer of the year. Drysdale stayed the entire eight innings for the 8-3 Cubs victory. Don Sutton pitched for the second loss to the Cubs, 1-0.

Drysdale collided with Ron Santo who tagged him out on a bunt in the eighth inning of the opener and received a deep gash below his right knee.

"They beat the hell out of me physically," Drysdale said. "It was just one of those days."

"But I might have gotten out of the fourth inning if Zoilo Versalles had not been playing too close to second when Randy Hundley hit that grounder.

"It was a sure double play and it

Rig Sore at Anemic Angel Hitters

By EARL GUSTKEY
Of the Daily Pilot Staff

Bill Rigney was in one of his shoe-throwing moods Sunday afternoon. He does that when he's mad.

He had just watched his brilliant young rookie, Tom Murphy, pitch a two-hitter and lose to the White Sox, 2-1.

He jerked off his left shoe and sailed it into the corner.

"Some of that Dodger stuff must be

comin' all the way down here," he barked, referring to his club's good-pitch, no-hit attack.

"Now I know what Alston's been going through all these years," he said, slamming the right shoe on the floor.

Murphy, a 22-year-old right-hander out of Ohio University, turned in another superlative performance Sunday afternoon before 11,187 perspiring witnesses.

He gave up singles in the first and fourth innings before being lifted for a hitter in the eighth. His sinker had the White Sox popping the ball up all afternoon.

A reporter suggested to Rigney that Murphy should sue his teammates for non-support.

"No he shouldn't," Rig retorted, "he ought to punch every one of 'em right in the nose."

Two of the Angels' more dependable

slugger are responsible for the club's recent case of bat anemia.

"Jimmy's (Fregosi) in a slump and so is (Don) Mincher. We might be able to get something going if those two will snap out of it. Today was another one of those days when we just couldn't score."

The only Angel tally Sunday was a straightaway homer by Rick Reichardt in the fourth. Actually, the Angels did clout nine hits but only Reichardt's ac-

counted for more than a hill of beans.

Rigney hates to lose when his pitcher has accomplished all that could be asked of him.

"That's awful to lose like that. When you can't win with your pitcher having a game like that, it's a pretty sad state of affairs."

If Murphy's non-support continues at its present rate, he may turn into a "Believe it or Not" case.

The first great pitcher (some say the only) of the Angels, Dean Chance, pitches against his old teammate at Anaheim Stadium tonight.

Chance (9-9) opposes the Angels' Sammy Ellis (7-6) in the first game of a two-game series between the two clubs.

Poloists 'Nowhere to be Found,' Coach Tells Crowd

Mexicans Fail to Show at Coast

By ROGER CARLSON
Of the Daily Pilot Staff

A capacity crowd filed to the Orange Coast College swim stadium Sunday night to witness the host Coast Clippers take on the Mexican National Olympic water polo contingent, only to be turned down by the Mexican team when it failed to show up for the match.

A disappointed coach Jack Fullerton, of the Coast Clippers, informed the crowd at 7:07 that the Mexican team was nowhere to be found.

The visitors had been stashed at the Edgewater Inn near Seal Beach, but when Fullerton arrived with two station wagons to pick them up and escort them to Costa Mesa at 5:30, as previously arranged, there was no one to be found.

Fullerton went past the desk at the Edgewater, even resorting to knocking on the doors of the five rooms held by the Mexican team. After an hour's wait, Fullerton returned to OCC.

Upon returning to Coast, another call was put in to the Edgewater at

7:05 p.m. with no results.

Fullerton went on to announce that refunds would be made to everyone and that his Coast Clipper team would split up and put on an exhibition match of their own, to the applauding approval of the gracious water polo fans.

At last count, 16 youngsters got their money back, with the balance of the crowd abstaining.

However, as it turned out, it was just as well for the crowd that it did turn out that way.

Fullerton split his team so well, that

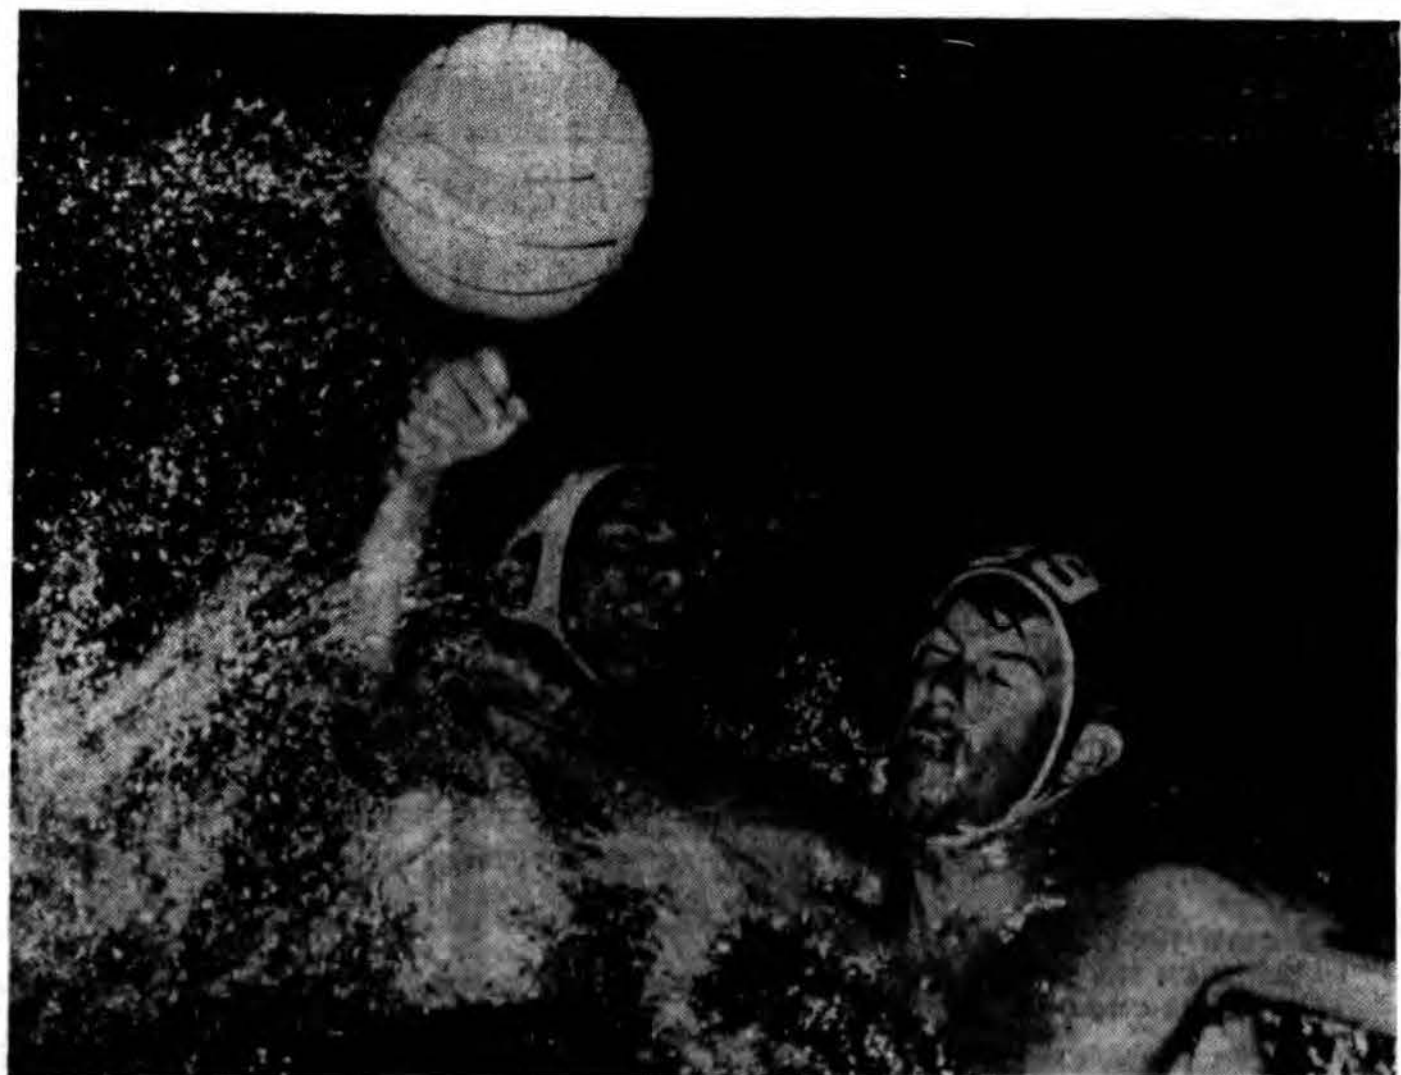

the two squads ended up fighting to a 14-12 crowd pleaser, with the Blue team taking honors.

Mike O'Gara, ex-Orange Coast player and headed for UCLA, scored with 12 seconds to go to put the Blues ahead by a point, and then added another in the final second to cap the 14-12 tally.

The Whites had led by a 6-2 count at the end of the first period.

Fullerton refused to rap the Mexican team for its failure to show, stating, "must have been a misunderstanding."

A RIGHT CROSS — Chris Oliver (right) just does get pass off before going under as Mike Wilson (39) of the Blue team defends. Blues won, 14-12, in Coast Clippers intersquad exhibition before full-house crowd at Orange Coast College Sunday evening. Mexican National Olympic team failed to show.

Hardy 'Meditating' Hildebrand, Munson, Hardy in NFL News

By The Associated Press
Jerry Hildebrand is a St. Louis Cardinal again, Detroit quarterback Bill Munson is a hospital patient and Kevin Hardy, well, he's still just meditating.

Hildebrand, a linebacker, had been sent to the Minnesota Vikings to complete a deal which recently sent safety Brady Keys to the Cardinals.

But the Vikings announced Sunday that Hildebrand, who has been hampered by knee trouble, failed to pass his physical and was being returned to the Cardinals.

A Viking spokesman said the Cardinals now must give up another player or a high draft choice.

Munson, obtained in an off-season trade and now the Lions' No. 1 quarterback, was scheduled to undergo an operation today for removal of a bone growth in his right leg. He'll be out of action for at least two weeks.

Karl Sweetan and rookie Greg Barton will alternate at quarterback for the Lions' first exhibition game, Aug. 5.

And Hardy, ordered by Football Commissioner Pete Rozelle to report to the San Francisco 49ers as partial

payment for the Saints' signing of Dave Parks remained in the New Orleans Saints training camp at San Diego, Calif., Sunday.

"I guess I'll just have to meditate," he said.

JOHNSON NAMED EVANSVILLE PILOT

Former Orange Coast area baseball star Gary Johnson has been promoted in the Chicago White Sox' minor league system.

Johnson, player-manager at Appleton, Wis., in Chicago's Class A league operation, was named manager of Evansville in the Southern League last week by the White Sox.

At 31, he's the youngest manager in the history of the Southern League. He has a tall assignment. Evansville is currently the Southern League's cellar-dweller.

Johnson was a prep star at Huntington Beach High and then excelled at Orange Coast.

Wins Minnesota Classic

Sikes Had Notion Payday Was Near

ST. PAUL, Minn. (AP) — Dan Sikes may not be clairvoyant, but he had that winning feeling even before the tournament started.

At any rate, he had a lot going for him the past week, which he climaxed with a one-stroke victory Sunday to win the \$20,000 top money in the Minnesota Golf Classic.

The big payday pushed Sikes' earnings for the year to \$76,046 and enabled him to leap from 17th to seventh on the PGA money standings for 1968 — ahead of such luminaries as Jack Nicklaus, Arnold Palmer and Frank Beard, who chose not to compete here. Sikes, from Jacksonville, Fla., beat young Ken Still with a 12-under par 272 over Keller Golf Course, which plays to a par 71.

Still, who won \$12,000, was tied for the lead until he took a bogey on the 15th hole of the final round Sunday. It was the fifth tournament in which the Tacoma, Wash., pro has been the bridesmaid.

Sikes had a final-round 64, while Still shot a 68 for his 273.

"On the plane coming here," Sikes explained after his victory, "I said I felt I was building up to where I could

win a tournament. You can feel it building up."

However, Sikes admitted he needed a lift — and he got it in a torrid first nine holes Sunday. He shot seven birdies and one bogey for a six-under 30 on the first nine.

"When I shot those 71s on the first and third rounds," Sikes said, "I thought I was out of it. And I bogeyed the last two holes Saturday, and that disturbed me."

Sikes was four strokes behind co-leaders Pete Brown and Lou Graham starting Sunday's last round.

He went seven under par after getting birdies on the first, third, fifth and sixth holes, sandwiched around a bogey on the second.

Equestrian Olympic Hopes Soar for U.S.

LONDON (AP) — American hopes to ride off with the show jumping gold medals at the Mexico Olympics soared today with a sweeping U.S. victory at the Royal International Horse Show.

Bill Steinkraus, 41-year-old publishing editor, clinched the American win Sunday night by riding off champion of champions and winner of the Daily Mail Cup in the final event of the Royal International at Wembley Stadium.

Americans Neal Shapiro of Old Brookville, N.Y., and Carol Hofmann of North Branch, N.J., took first and second place, respectively, in the Last Chance Stakes.

Steinkraus, from Noroton, Conn., captained the U.S. Olympic team to victory in the Nations Cup on Friday and beat a star-studded field of 19 in the final event, riding 8-year-old Snowbound.

Britain's Press Association called the American sweep "fantastic" and British sports writers agreed the U.S. team was the odds-on favorite for the Olympics.

Eleven of the 19 starters made a clear first round.

Then Steinkraus, regarded as an outsider for the title, took Snowbound on a clear second round in a quick but careful 59 seconds.

The rest, including Italian champion Graziano Mancinelli, faltered on the course.

Britain's Alan Oliver and Marion Coakes came in second and third, respectively.

The saddle of honor for the rider with the greatest number of points on one horse went to West Germany's Hans Winkler on Enigk.

The Lorimers Cup for the greatest number of points on two mounts went to David Broom of Britain on Mister Softee and Ballywillwill and Mancinelli on Doneraile and Oxo Bob.

NEW MV PRO — Jack Fleck (middle) former U.S. Open champion, discusses plans with Anthony R. Moiso (left), vice president of Mission Viejo Co., and Tom Albach (right), golf pro. Fleck is the new Director of Golf at the Mission Viejo public golf course. The club, 16 months old, is owned and operated by the Mission Viejo Co.

As New Director of Golf

Mission Viejo Tabs Fleck

Jack Fleck, 1955 National Open Champion, Sunday signed as Director of Golf at Mission Viejo Golf Club.

Fleck, 46, who during his first year as a touring pro in 1955 beat Ben Hogan in a playoff for golf's most coveted title, will be the general manager and will be responsible for all golf activities at Mission Viejo Golf Club, acclaimed one of the finest new courses in the nation.

"I am very happy to be associated with Mission Viejo Golf Club, and I look forward to supervising the golf

activities at this exceptionally fine course. It is one of the most challenging and most beautiful courses I have ever seen. It is truly a fine test of golf for all types of golfers — even women," said Fleck.

"Mission Viejo Golf Club," added Fleck, "has gained wide attention as one of the nation's finest new courses. It was recently rated at 73.1 by the SCGA, making it one of the most interesting courses in the country."

Fleck will represent Mission Viejo Golf Club in Southern California tournaments as well as selected major national tournaments including the U.S. Open and the PGA Championship, Moiso said.

Prior to joining Mission Viejo, Fleck was golf professional at Green Acres Country Club in Northbrook, Ill. for four years. From 1960-63, he was on

the PGA tour. In 1960 he won the Phoenix Open and was third in the U.S. Open (behind Arnold Palmer and Jack Nicklaus).

In 1961 he won the Bakersfield Open, finished second in the Phoenix Open, and lost playoffs to George Bayer in the St. Petersburg Open and to Palmer in the Insurance City Open. In 1962 he finished second in the Denver Open and sixth in the PGA Championship. In 1963, he finished third in the Texas Open and fifth in the Palm Springs Desert Classic.

While at Green Acres, Fleck won the Illinois PGA Championship (1964) and the Illinois Open Golf Championship (1965).

In 1959 Fleck was golf promotional director and touring professional at Deauville Country Club in Tarzana. He moved there from El Caballero where from 1957 to 1959 he was head pro and touring pro.

INFIELDER CAUGHT AT SECOND BASE

NEWARK, N. J. (AP) — Just prior to the New York-Pennsylvania League baseball game here Sunday night between Newark and Corning, a civil marriage ceremony was performed at second base for Newark's shortstop and his hometown sweetheart.

Bill E. Gardner and Miss Sandra Harris, both of Greensville, Tenn., were married before Supreme Court Justice Marshall E. Livingston of Newark.

Gardner, a farm hand for the Boston Red Sox, had a batting average of .322 and was considered a brilliant fielder.

But, Sunday's game showed another side of him. In five turns at the plate, Gardner struck out four times and grounded to short. In the field, Bill had one putout, seven assists and three big errors.

Corning trounced Newark, 17-5.

Ashe Outclasses Riessen

HAVERFORD, Pa. (AP) — Marty Riessen sang his swan song to the amateur tennis world, but he was just a sitting duck for Arthur Ashe.

Ashe, No. 2-ranked player in the country and a U.S. Davis Cup team member, simply out-classed Riessen 6-2, 6-3, 6-3 Sunday to win the men's singles competition of the 69th annual Pennsylvania Lawn Tennis Championship.

After the day's singles and doubles play concluded the week-long tourney at the century-old Merion Cricket Club, Riessen, 26, of Evanston, Ill., turned professional. He signed a two-year contract with World Cham-

pionship Tennis, Inc., the Lamar Hunt group called the Handsome Eight.

Riessen, also a Davis Cup member who was ranked No. 5 in America, will join the group in Cannes, France, to replace the injured Earl "Butch" Buchholz in a tournament which begins there Thursday.

In women's competition Sunday, Mary Ann Eisel of St. Louis and Valerie Ziegenfuss of San Diego won the doubles championship, scoring a 6-3, 6-3 victory over the Australia team of Karen Krantzcke and Helen Gourlay.

The men's final round doubles match wound up in a draw after four

hours of play. The match between Ashe and Riessen and Charles Pasarell of Puerto Rico and Clark Graebner of New York was tied at two sets apiece when halted by darkness.

Ashe and Riessen won the first two sets, 9-7 and 10-8, and Pasarell and Graebner took the next two sets, 6-2 and 30-28.

Ashe, an Army lieutenant stationed at West Point, gave Riessen a going-away present he may not forget for awhile — a lesson in precision tennis.

Overpowering in all departments of play, the Richmond, Va., resident put his opponent under terrific pressure with his outstanding service.

Rustlers Split Pair In Metro

Golden West struck for three runs in the top of the fifth inning to Chapman College with a 4-2 loss, day, at Memorial Park in Santa Ana highlight area action in Metro League baseball.

Later in the day the Rustlers fell to Santa Ana (La Fonda) by a 7-1 count.

All this followed a cancellation of the Golden West-Ward's Pirates tussle Saturday when neither team could field a full nine players. Both squads end up taking losses for their efforts on Saturday.

Wards Pirates failed to take the

Orange County Metro League				
	W	L	T	GB

Cal State	0	9	6	8½

field in weekend action.

First the Saturday fiasco with Golden West and then Pony League playoffs interfered with the use of Shaffer Park in Orange for the scheduled encounter with Chapman at 7 p.m. Sunday.

The Pirates have rescheduled the Chapman game for Saturday at the same site at 2 p.m.

In the 4-2 triumph over Chapman, Golden West struck for three runs in the fifth inning highlighted by Mike DeGeer stealing home for the third run.

It was set up when Art Spencer opened up with a single and went to second on Gary Marks' one-bagger.

DeGeer singled home the first run and then a walk loaded the bases.

BROTHER WOLVES PACE 4-1 VICTORY

PASADENA (AP) — Brazilian brothers Carlos and Gilson Metidieri led the Los Angeles Wolves to a 4-1 victory over Houston in the North American Soccer League Sunday at the Rose Bowl.

Carlos Metidieri led the scoring with two goals, booting his first in the 32nd minute. After James Benedek of Houston tied it 1-1 in the 54th minute, Carlos tallied in the 58th minute, his 15th of the season.

Gilson Metidieri scored in the 68th minute and Mickey Walker added the fourth goal in the 76th minute.

Sports Writer

El Modena Prof Known in France

By EARL GUSTKEY
Of the Daily Pilot Staff

Because of an El Modena High School teacher, readers all over France were able to read the results last Monday morning of the Los Angeles Swim Invitational at the Coliseum pool Saturday and Sunday.

Roy Grimshaw, a 31-year-old German and English teacher, is a part time correspondent for the French News Agency, Agence France Presse.

Grimshaw, a transplanted Briton, has been informing French readers of major U.S. track and swim meets for three years.

"I got this job through Francois Pellou, who had this job until Agence France Presse transferred him to Saigon, where he is a political correspondent," Grimshaw explained.

"I work under the agency's sports editor for North America, Michel Henault."

Grimshaw's work at the swim meet in LA over the

weekend was typical. "After a meet, I phone the results and a story to the agency's New York office. From there, it is cabled to Paris and then transmitted to newspaper sports departments all over France.

"When a world record is broken at a swimming or track meet, I get on the phone immediately and phone it in and it's sent into French newspaper offices as a 'flash.'"

Grimshaw says swimming and track rate far more newspaper space in Europe than in the U.S.

Debbie Meyer, for instance, is practically a household byword in France. The 15-year-old miss from Sacramento broke two world records at the LA swimfest Sunday. Yet she remains in comparative obscurity in America.

"Europeans aren't at all interested in U.S. football or baseball," he explains.

Grimshaw says his most memorable assignment came in 1966 when the agency dispatched him to Kingston, Jamaica, to cover the British Commonwealth Games.

That was right up his alley. Grimshaw grew up in England and moved to the U.S. four years ago.

"I had a lot of friends in America while I was in England and they wrote and told me what a wonderful place it was and what great opportunities there were."

"I've found them to be correct on both points."

HELLO, PARIS? — El Modena High School teacher Roy Grimshaw probably has the most unique part time job of any Orange County teacher. Grimshaw covers Southern California swimming and track meets for the French news agency, Agence France Presse. He phones his stories to the agency's New York bureau and they're relayed to Paris.

Eye Track Mark Gas Drag Entries To Top OCIR Bill

Top gas dragsters, A/gas supercharged coupes and sedans, and a funny car match race headline this Saturday's contests at Orange County International Raceway.

Ray Alley, owner of Engine Masters Automotive and driver of Orange County's quickest and fastest funny car, has challenged track record holder Steve Bovan. Alley will stage his Plymouth Barracuda alongside Bovan's "Super Chief" Dodge Charger for three separate races to determine the victor.

'AA' fuel altered, gas supercharged coupes and sedans, funny cars, and late model super stocks were featured at Orange County International Raceway last Saturday night.

A fuel altered elimination featured 16 of the Southland's quickest racers competing for a \$2,000 cash purse. Tom Ferraro of Anaheim smoked off with the winner's slice at the wheel

of the Campos Bros. machine from Anaheim Speed Engineers in Anaheim. Ferraro defeated final round opponent Lee LaBaron (Santa Ana) with an 8.26 elapsed time and speed of 168.85 m.p.h.

Fortwith (J Lambert)	114

Gas Low, But Unser Triumphs

LANGHORNE, Pa. (AP) — Racing car driver Al Unser was out of gas at the end of his supercharged run at the record books, but hardly anyone noticed.

Unser, the brilliant driver from Albuquerque, N.M., piloted his rear-engine Ford to a double-header victory Sunday in the U.S. Auto Club race for championship cars at the Langhorne Speedway.

The second victory was a world record for 100 miles on a one-mile speedway—48 minutes, 2.89 seconds—but Unser thought he was lucky to finish it.

Unser managed to limp home in an average speed of 122.328, smashing the old mark held by Lloyd Ruby, who covered the distance in 52 minutes, 55.16 seconds on June 18, 1967.

The winner led all the way in the second race, romping home ahead of Bud Tingelstad, of Hawthorne, Calif., Jim Mallory of Denver, Colo., Bill Vukovich, Jr., of Fresno, Calif. and Wally Dallenbach of East Brunswick, N.J.

Deep Sea Fish Report

NEWPORT (Art's Landings)—233 anglers: 91 silversides, 81 barracuda, 380 bonito, 245 bass, 18 halibut, (Davey's Locker)—380 anglers: 1,527 bonito, 591 bass, 118 silverside, 142 barracuda, 43 halibut.

HUNTINGTON BEACH—50 anglers: 139 barracuda, 229 bonito, 5 sand bass, 14 halibut, Barge, 93 anglers: 212 bonito, 16 barracuda, 16 bass, 22 halibut.

SEAL BEACH—109 anglers: 18 barracuda, 40 bonito, 1,223 sand bass, Barge, 83 anglers: 201 bonito, 2 sand bass, 1 halibut.

NBC Stars In 1-1 Tie At Big 'A'

The National Baseball Congress of Orange County All-Stars, consisting of Fountain Valley and two players from the Santa Ana Angels, combined to hold the Paramount Angel Rookies to a 1-1 tie at Anaheim Stadium Sunday afternoon.

Jim Slagle went the first four innings for the All-Stars, allowing one run on four hits while striking out four before a crowd of near 4,500.

The All-Stars tied the game up in the sixth inning when Barry Wallace and Bill White teamed up with back-to-back singles and then Wallace came home when Bill Eller's fly ball to left-center field was muffed.

Penneys AUTO CENTER

Have your car action-tested at Penney's scientific test center!

988

HERE'S WHAT WE CHECK...

- Steering and front end, 2. engine performance, 3. transmission and drive train, 4. brake system performance, 5. exhaust system efficiency, 6. safety electrical system, 7. cooling system, 8. fuel system. We're so careful we even check the condition of the big lug wrench in your trunk!

HERE'S WHAT YOU FIND OUT...

- Exact torque output and horsepower • Carburetor efficiency at all speeds • And much more all while you lounge in clean, comfortable surroundings!

HERE'S HOW IT WORKS...

Penney's scientific testbed diagnostic equipment checks your car carefully so our modern computer electronic equipment while you watch the results. At the end of the test, the diagnostician's report is yours. It tells you the exact condition of your car, what needs to be done and what does not need to be done. You see under no obligation and we free to take the car back anywhere. So naturally, we feel that Penney's will give you better value on any work that has to be done. Our maintenance centers to your editing.

YOUNGEST GIRL — Ten-year-old Madeline Cole proudly shows the A. B. Rouselle Trophy on which her name will be engraved as the youngest girl to finish the 33rd Flight of Snowbirds. Councilman Paul J. Gruber makes the presentation.

AMONG FIRST 10 — Familiar names and faces were among the first 10 finishers in the 33rd Flight of the Snowbirds. Exhibiting their trophies are: Front row (from left) Rick Hawthorne, fourth; Nina Nielsen, fifth, and Cathleen Wilde, sixth. Back row: Rob Hambleton, seventh; Rocky Beek, eighth; Victoria Seaver, ninth and Mary Ann Kistler, 10th.

Lido 14s To Race On Lake

Lido-14 skippers from throughout the southwest and as far away as Oregon started converging at Huntington Lake near Fresno for the week-long national championship regatta.

Nearly 100 of the 14-foot sloops which had their beginning on Newport less than 10 years ago are expected to compete in the regatta.

There are 3,000 Lido-14s in existence. They are sailed wherever there is a body of water large enough to accommodate the sporty centerboards.

Lido-14s are manufactured by the W.D. Schock Co. of Newport Beach and Santa Ana and are marketed all over the world.

Practice races were scheduled to be held at Huntington Lake today and tomorrow morning. Actual competition for the championship starts tomorrow afternoon and will continue through Friday.

Harry Wood of Alamitos Bay Yacht Club is the defending champion.

Wales Bowl Has NHYC

Newport Harbor Yacht Club will represent Area G (California) in the Prince of Wales Bowl competition which gets under way at Los Angeles Yacht Club Aug. 25.

The Prince of Wales Bowl is the North American Yacht Racing Union's match race championship, comparing with the Sears Cup for juniors, Mallory Cup for women and the O'Day Trophy for single-handers.

Tim Hogan was the NHYC skipper winning the semi-final eliminations Sunday at Alamitos Bay. He and his crew of Rick Hambleton and Leslie Messenger, defeated the ABYC team skippered by Barney Flam in five out of seven races.

The elimination series was sailed in Shields Class sloops.

Heavy Winds, Rains Wet Ahmanson Fleet

Newport Harbor Yacht Club's Ahmanson Trophy fleet got wet in more ways than one Saturday and Sunday in the Annual Newport to Long Point and Return race.

Some 35 sail boats started the race Saturday in a moderate southwesterly that carried them up the beach to as far as the oil islands before starting the track across the channel to Catalina Island.

Midway in the channel the wind freshened to 20-25 knots that soon had the fleet plunging through and over lumpy seas that thoroughly drenched crews.

After bedding down in the calm waters of Moonstone Cove, the yachting crowd was prepared for a comfortable night, only to have their yachts hit by a deluge from a thundershower that lasted nearly an hour early Sunday morning.

Things were even calmer Sunday at noon when the fleet set sail for home. But the calm didn't last long. By midafternoon the fleet was surfing ahead of mounting seas generated by a freshening westerly that whistled up to 18 knots.

The wind died in later afternoon and the majority of the fleet drifted across the finish at the entrance of Newport Harbor with their colorful spinnakers sagging.

When it was all over, George Sturges' Columbia-50 sloop was the overall corrected time winner of the combined races, beating out Jack Baillie's Newsboy by a few seconds on corrected time. Release's combined corrected time for the two legs of the race was 8.4476 hours. Newsboy led both ways, but wound up with a corrected time of 8.4512 hours for the two legs.

Tom Schock's Santana-27 Anita was the winner of the Pacific Handicap division of the race in competition for the Dickson Trophy.

Winner in the Midget Ocean Racing Fleet was Steve Seal's Baby.

Final results: CLASS A & B — (1) Release, George Sturges, NHYC, 8.4476; (2) Newsboy, Jack Baillie, NHYC, 8.4512;

YOUNGEST BOY — Leon Meeks presents the Harry Welsh Trophy for youngest boy to finish the Flight of Snowbirds to 8-year-old Bret Barnard.

Henry Schofield Wins Cal 20 Championship

Henry Schofield of Alamitos Bay Yacht Club won the Cal-20 national championship Sunday after three days of competition in Long Beach Harbor.

There were 67 entries in the regatta, most of them from the Southern California area. The Cal-20s are manufactured by Jensen Marine Co. of Costa Mesa.

Because of the size of the fleet, the regatta was split into two divisions after the first three races, the top 31 competing for the championship and the remainder sailing in a consolation series. Final results:

- 1. Myopia II, Henry Schofield, Alamitos Bay.
- 2. Hustler, Art Glasier, Alamitos Bay.
- 3. Blue Demon, Les Marshall, San Diego.

- 4. Tan Tan, Ted Matson, Alamitos Bay.
 - 5. Brisk II, Paul Merrill Jr., Alamitos Bay.
 - 6. Get Away, Lee Berlinger, Seal Beach.
 - 7. Wee Birds, Eric Conn, Seal Beach.
 - 8. Christiana, Nixon Galloway, King Harbor.
 - 9. TNT, Jim Douglas, Long Beach.
 - 10. Hana Pau, Dave Heggie, King Harbor.
- CONSOLATION SERIES:
- 1. Hot Spur, Bob Knighton, Seal Beach.
 - 2. Lo-Cal-Ri, Dick Spear, Los Angeles.
 - 3. Tension, Dick Watkins, Long Beach.
 - 4. Half Circle, John Nooteboom, Los Angeles.
 - 5. Open Hatch, Gordon Hatch, Huntington Harbour.

Governor Cup Won By Argyle Campbell

Argyle Campbell, one of the nation's top collegiate sailors, saved the Governor's Cup for Balboa Yacht Club Sunday when he wound up the three-day regatta with eight straight wins.

Balboa Yacht Club was host to the junior match racing classic by virtue of having won the inaugural last year with Campbell at the helm.

The Governor's Cup is a junior version of Long Beach Yacht Club's famed Congressional Cup for match racing. Each team races every other once during the series.

scoreboard were King Harbor Yacht Club's Andy MacDonald and Alamitos Bay Yacht Club's Ken Weiss with six wins each.

Scoring is on the basis of one point for each match won and zero for losses.

Mary Griffith, Los Angeles Yacht Club's skipper finished in fourth place with four points; Doug Rostello, Long Beach Yacht Club, and Jerry Jessup, San Diego Yacht Club tied with three points each; NHYC's Peter Wilson, Bahia Corinthian Yacht Club's Dennis Durgan, and Huntington Harbour's 13-year old Randy Smyth tied with two wins each.

TWO-TIME WINNER — Argyle Campbell, nationally known collegiate sailor from Balboa Yacht Club, made it two in a row Sunday when he successfully defended the Governor's Cup for junior match racing series instigated by BYC.

Girl Finishes Second

Sabot Ace Wins Snowbirds

Pat Scruggs, long time Sabot ace from Newport Harbor Yacht Club, moved up a step Sunday and captured the 33rd sailing of the Flight of the Snowbirds.

The young skipper worked his way to the head of the 67-boat fleet early in the race and was never headed as the brisk southwesterly breeze pushed him around the five mile course in one hour and 15 minutes.

In second place and winner of the Insee Trophy for first girl to finish was Lisa Gustafson, also of Newport Harbor Yacht Club. It was the first time a girl skipper has placed as high as second.

As a matter of fact, the girls came out even with the boys in the first 10 finishers for which trophies are given. There were five each.

Victoria Seaver, who for several years competed for the prize for the youngest girl to finish, found herself in the hallowed first 10.

Youngest girl to finish, and winner of the A.B. Rouselle Trophy was Madeline Cole, 10.

Eight year old Bert Barnard picked up the Harry Welsh Trophy for the youngest boys to finish.

William W. Harvey, who has declined to give his true age for a number of years became a perpetual repeater for the oldest sipper to finish.

Mr. and Mrs. Donald Dabney of Newport Beach won the trophy for the first married couple to finish.

As the Flight winner, Scruggs took home the Albert Soiland Memorial Trophy. Dr. Albert Soiland was one of the founders of Newport Harbor Yacht Club and also one of the instigators of the Flight of the Snowbirds. The Soiland Trophy was presented to Scruggs by Mrs. Joseph A. Beek, whose husband was also one of the founders of the race.

Miss Gustafson picked up two coveted prizes. The award for second to finish was presented by Tom Webster who, with his brother Rob, were the first owners of a Snowbird. The trophy for first girl to finish was presented by Newport Mayor Doreen Marshall.

Carroll Beek was the winner of a special sportsmanship award presented by Andy Gram of Balboa Yacht Club. She finished fourth but told the committee she had inadvertently violated a rule and withdrew.

The 67 entries was the lowest in many years, and gave credence to the Chamber of Commerce belief that the Flight — once known as the "world's biggest little yacht race" may well be on its way to history. Jack Barnett, manager of the sponsoring Chamber of Commerce, said the Flight will be continued as long as there are 50 boats which turn out for the sudden-death race.

Following are the first 10 finishers:

- (1) Pat Scruggs, (2) Lisa Gustafson, (3) Cliff Wilson,

Rise Tallied In Boating Accidents

Ned W. Sprow, director of the California Harbors and Watercraft, announced "with great concern" that 42 persons had died while boating in California during the first five months of 1968.

The figure was termed a "sharp rise" over the 30 fatalities reported for the same period last year. Sprow's figures also showed that the state's boaters had reported 68 injuries and \$405,000 in property damage from 190 accidents involving 252 vessels.

Thirty six of the deaths reported were by drowning — seven from falling overboard — and 29 due to the vessel capsizing or sinking. Two deaths resulted from injuries received in high speed racing, two from suffocation from fumes inside a boat cabin, and two from being struck by a boat while in the water.

Fatalities were reported from all parts of the state and involved all types of water — rivers, lakes and ocean. Fifteen occurred in offshore waters, four in bays, 13 in rivers, and 10 in lakes and reservoirs.

The size of craft involved varied from 12 to 32 feet — but mostly in the 14-17 foot range. All but six of the boat operators were over 30 years of age. Activities were principally fishing and cruising.

Sea Lab 'Wet Run' Slated This Fall

LONG BEACH — Sea Lab III, a plan to place men on the bottom of the ocean in 600 feet of water, will be given a "wet run" in this fall.

Island in October. They will spend 12 days living and working on the ocean floor in a 300-ton cylinder shaped submarine habitat.

participate in Sea Lab III. Emphasis will be placed on discovering potential dangers of deep water living, specifically the biological effects on the divers.

JOB & EMPLOYMENT

Help Wanted Women 7400

A-OK!!
Is what you'll say when you work FOR **WESTERN Girl, Inc.**

We haven't job listings on the moon as yet, but wherever they are you'll enjoy the prestige of being a Western Girl in Orange County's finest firms.

If you are an ex-career girl turned homemaker & you want to earn a few extra dollars, work only the days you want. You'll enjoy our "re-entry" into the exciting business world.

WE NEED:

Stenos
Typists
PBX Oprs
Comp. Oprs.
all office skills needed.

Jet on down. We have lots of space to make you welcome. You can count on the red carpet treatment. Western Girl Inc., is Orange County's original temporary service.

Readers of this newspaper: Special INTRODUCTORY OFFER brings you as much as

\$10,000.00 EXTRA INCOME WHENEVER YOU OR YOUR FAMILY GO TO THE HOSPITAL

★ Pays in addition to all other coverage you have—including Medicare

★ Pays up to \$10,000.00 tax free cash for each hospital stay

★ Pays all cash direct to you (not to doctor or hospital)

★ Pays you cash benefits that increase each year... to a maximum of \$130.00-A-WEEK... at no extra cost to you!

★ No age limit—no medical examination required

SPECIAL LOW RATES! EXAMINE POLICY IN YOUR OWN HOME—MONEY BACK IF NOT 100% SATISFIED!
ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT, SATURDAY, AUGUST 3, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family tomorrow... next week... next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have tripled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do with your pay check stopped, but living expenses still going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that

... Pays you \$100.00 a week tax-free cash when you go to the hospital.

Now, Presidential's economy plan enables you to enjoy this protection. Mail the Enrollment Form. We will send you the actual policy to look over at home. No rush. No agent will call or phone you. Take 15 days to decide. Show the policy to a friend, a family adviser first. You lose nothing if you don't want the policy. But if you do want it, you're entitled to Presidential's special low rates described below. So low, you'll find you get protection at a price that's just a fraction of what you'd expect to pay.

Your cash benefits increase each year—at no extra cost to you!

Your cash benefits automatically rise year after year. You get peace of mind so you don't have to worry about rising costs. Your protection automatically increases \$3.00 a week each year. The first year you get \$100.00 a week. You get \$103.00 a week in the second year. \$106.00 a week in the third year. \$109.00 a week in the fourth year. By the eleventh year, your policy will be worth a full \$130.00 a week in benefit payments... at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your insurance will be worth much more than the present "face value" of the policy. Certainly, our increased payments to you will help keep pace with rising costs—and best of all...

...The increasing benefits come to you at no extra cost. You still pay the regular low Presidential premium!

What other Plan protects you like this today? What other Plan keeps protecting you against rising living costs in the years ahead without increasing your premiums? And that's not all. This special Presidential Extra Cash Plan (#HP 18L-1067)...

PAYS Up to \$10,000.00 CASH for each accident or illness, starting the very first day in the hospital.

PAYS \$100.00 A WEEK CASH—if you need a full-time registered nurse when you come home from the hospital—up to 50 weeks.

PAYS \$1,000.00 EXTRA CASH for accidental death.

PAYS Up to \$2,000.00 CASH for accidental loss of limbs or eyesight.

PAYS \$100.00 A WEEK CASH for each pregnancy, when you go to the hospital, assuming both husband and wife have been enrolled in the Family Plan With Maternity.

PAYS Up to \$5,000.00 when a child goes to the hospital for any accident or illness when you are enrolled in the Family Plan.

PAYS you cash benefits that increase each year... to a maximum of \$130.00-A-WEEK... at no extra cost to you

NO age limit—no medical examination required

IF YOU ARE 65 OR OVER YOU WILL COLLECT IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in addition to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay all the bills that quickly pile up as a result of illness or accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the important addition to what you receive from Medicare—or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to what you receive from Medicare, Presidential pays you \$70.00 a week... EVEN FOR 100 WEEKS if necessary! You can receive as much as \$7,000.00 for each illness or injury when hospitalized!

... Pays you \$100.00 a week CASH for a registered nurse at home.

Yes, in addition to the \$100.00 weekly checks we send you during your hospital stay, we pay you an extra \$100.00 a week if the doctor says you need a full-time registered nurse to take care of you at home.

How comforting it is to know that—after your stay in the hospital, if you've been there three days or more, you can return home to recuperate and yet not be a burden to your loved ones. Yes, if your doctor says you need a registered nurse full time within 5 days after you come home, we'll send you checks for \$100.00 a week—for as long as you need the nurse—even up to 50 weeks. It's like having a reserve of \$5,000.00 cash to draw on when you need it. These benefits also increase each year by \$3.00 a week. Another exceptional feature you have with Presidential...

... Pays you \$100.00 a week cash maternity benefits

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are insured in the wonderful Family Plan With Maternity for the entire period of the pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days—as long as necessary—you get \$100.00 a week for every day of your confinement, up to 100 weeks.

All these added cash benefits.

Yes, in addition to \$100.00 a week for hospitalization or \$100.00 a week maternity benefits and \$100.00 a week for a registered nurse at home... you get all this: Added cash benefits: \$100.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefit: Up to \$2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for \$1,000.00 or \$2,000.00 will bring greater peace of mind during the period of adjustment.

Added cash benefit: Choose either Family Plan... and your children will be covered too! Presidential pays up to \$5,000.00 any time your youngster goes to the hospital... for tonsils, appendicitis, or any other illness or injury! Yes, you will receive \$50.00 cash, week after week—for as many as 100 weeks, if necessary.

We pay your premiums when you are not able

As a special consideration to you—if you are hospitalized just 6 weeks or more, all premiums that come due while you are still in

the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL—TO A MAXIMUM OF 100 WEEKS per confinement! This means you pay no premiums, yet your full protection remains in force—you collect up to \$10,000.00 for each confinement!

THIS LIMITED ENROLLMENT OFFER ENDS SOON

Amazing Low Rates—Money-Back Guarantee

You can now have your first month's protection at the special low rates listed below! But you must act immediately. Your request for this wonderful Income Protection Plan must be mailed on the convenient form below NOT LATER THAN MIDNIGHT of the date in the Enrollment Form.

This midnight expiration hour cannot be extended. If your enrollment form is mailed later, it cannot be accepted.

These are the ONLY exclusions!

Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; mental disorders; intoxicants and narcotics; pregnancy except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy... during the first 2 years only.

This last item is a real help if you already have a health problem. If you are sick before you take out this policy, you will still be covered for that condition after the policy has been in effect for 2 years. Of course, meanwhile every new condition is immediately covered.

How can these bargain low rates buy so much?

You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with \$100.00 a week tax-free Income Protection at special low rates only because we enroll a large number of people at one time—direct by mail! This highly efficient "Mass Enrollment" method cuts costs to the bone—and the savings are passed on to you!

Make your decision carefully

Think how costly a hospital confinement will be. Imagine paying for those indispensable X-rays, doctor bills, medicines and drugs that are not covered by your present insurance.

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the deadline date shown in the enrollment form—just a few days from today

Why must you act before the deadline? Because, as mentioned above, we must receive your Enrollment Form the same time as all the others in order to pass on to you the savings that come from processing many policies at one time.

We mail you the policy as soon as we receive the Enrollment Form. When the policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then—show it, if you wish, to someone you trust. Perhaps your lawyer, accountant, or banker. Better still—show it to your own insurance man... even though he may very well be working for another insurance company! If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

Money back guarantee—in case you change your mind

Even after you mail your Enrollment Form below... even after you examine the policy in your own home and talk it over with anyone you wish... even after all this you are still free to return the policy within 15 days and every penny you paid will be refunded at once. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you'll be protected by the \$100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be fully covered all this time for any accident which puts you in the hospital, even if you finally decide to return the policy.

However, after you've seen the policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this \$100.00-A-WEEK extra cash protection under the Plan that's best for you.

PLAN I—INDIVIDUAL(S) ONLY PLAN:

If you want to cover yourself—or yourself and one or more adult dependents (including your spouse)—then this is the Plan for you. Each person must be 18 or over, and shall pay (per person) the rate applicable to his or her age.

THESE ARE YOUR LOW RATES

Age at Enrollment	Monthly Premium
18-39	only \$3.95
40-49	only \$4.95
50-59	only \$5.95
60-74	only \$6.95
75 and over	only \$8.95

SAVE EVEN MORE (up to 20%!) by paying at quarterly, half year or yearly rates, sent with policy.

PLAN II—FAMILY PLAN WITH MATERNITY

This plan is for the family that is still growing. To the total of the monthly premium for the adults to be insured, just add \$3. This entitles you to all maternity benefits. It also covers all your unmarried, dependent children between the ages of 3 months and under 19 years who live at home. Future dependent children will be covered when they reach 3 months of age and without any additional charge.

PLAN III—FAMILY PLAN WITHOUT MATERNITY

This plan is for the family that is no longer growing. To the total of the monthly premium for the adults to be insured, just add \$3. This covers all your unmarried, dependent children between the ages of 3 months and under 19 years who live at home.

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the same low premium you will continue to pay; it will not automatically increase as you pass from one age bracket to the next. Once you have enrolled, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

Act now—"later" may be too late!

TIME IS PRECIOUS! Act quickly! (No salesman will call.) Get your enrollment form into the mail today with your first month's premium according to the plan you choose. Remember, you must be completely satisfied or your money will be refunded. But you must act right now. Remember, once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today—before anything unexpected happens.

THESE 22 QUESTIONS AND ANSWERS

Tell you how Presidential's COST OF LIVING INCOME REPLACEMENT HEALTH AND ACCIDENT PLAN gives you the protection you need—at amazingly low cost!

- How much will my policy pay me when I go to the hospital? The full amount! You are paid \$100.00-A-WEEK cash every single week. And it starts the very first day you are in the hospital. If you are over 65, you are paid \$70.00 a week, in addition to any Medicare benefits you receive.
- Will I be paid if I am hospitalized for less than a full week? You certainly will... regardless of whether you are in the hospital for as short a time as one day... or as long a time as a week, month, year or more.
- Does this Plan pay me from the first day of hospitalization? Yes! You receive full cash benefits of \$100.00 a week starting the very first day you enter the hospital. The coverage begins when we receive your first premium—that is the day you are covered for any accidents. Sickness coverage begins 30 days after the effective date of the policy.
- How much do I receive for a Registered Nurse at Home? \$100.00-A-WEEK for up to \$5,000.00 after you have been hospitalized for 3 days and more, and your doctor has you employ a full-time registered nurse within 5 days after you leave the hospital. Ten years from now it will have increased to \$130.00 a week at no extra cost to you!
- Are there any accidental death benefits? Yes. \$1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.
- Will I be paid extra if I lose a limb or eyesight? Yes. Presidential pays \$1,000.00 for complete accidental loss of one hand or one foot or sight of one eye; \$2,000.00 for loss of both hands or both feet or sight of both eyes... when dismemberment occurs anytime within 90 days of the accident.
- How much do we receive for pregnancies? You may use them in any way you wish—for hospital and doctor bills, rent, food, household expenses, or anything else. This is paid to you by mail.
- May I apply if I am over 65? Yes, you may. Folks any age are welcome to apply—there is no age limit! Members over 65 are paid \$70.00 a week plus all Medicare benefits.
- Can I collect from Presidential even if I carry other insurance? Yes. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.
- Why do I need this Presidential Plan in addition to my other hospital and health insurance? While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in ten that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed to you by air mail to use as you wish.
- What benefits do my eligible, dependent children get? If you choose a Family Type Plan, your dependent eligible children, ages 3 months to under 19 years, would receive 50% of all the cash benefits of the Plan (excluding Waiver of Premium).
- May I add future dependent children to my policy after it is in force? Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us when they are 3 months old and they will be covered without evidence of insurability and without any additional charge.
- Will my protection be cancelled because I have too many claims? No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period, or unless renewal is declined on all policies covered—including pregnancy—when both husband and wife have been enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
- What are the requirements for membership in one of the Presidential Plans? You must not have been refused any health, hospital or life insurance; and qualify during this enrollment period, you must enroll before midnight of the date in the coupon.
- Why is this offer good for a limited time only? Because, by enrolling a large number of people at the same time, underwriting, processing and policy issuance costs can be kept at a minimum—and we can pass the savings on to you.
- Besides the savings, are there other advantages to joining Presidential during this enrollment period? Yes, there certainly are. A very important one is that you do not need to complete a regular application—just your brief form in the lower left hand corner of this page. Also, during this enrollment period there are no other requirements for eligibility—and no "waivers" or restrictive endorsements can be put on your policy! Can other members of my family take advantage of this special offer? Yes, as long as they can meet the few requirements listed under Question 18.
- How do I get the policy for examination with money-back guarantee? Just fill out your brief enrollment form and mail it with your first month's premium to The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19154.
